WHAT YOU NEED TO KNOW

NEUTROPENIA AND RISK FOR INFECTION

WHAT IS NEUTROPENIA?

Neutropenia (pronounced noo-troh-PEE-nee-uh) is a decrease in the number of white blood cells. These cells are the body's main defense against infection. Neutropenia is common after receiving chemotherapy and increases your risk for infections.

Why does chemotherapy cause neutropenia?

These cancer-fighting drugs work by killing fast-growing cells in the body—both good and bad. These drugs kill cancer cells as well as healthy white blood cells.

How do I know if I have neutropenia?

Your doctor or nurse will tell you. Because neutropenia is common after receiving chemotherapy, your doctor may draw some blood to look for neutropenia.

When will I be most likely to have neutropenia?

Neutropenia often occurs between 7 and 12 days after you receive chemotherapy. This period can be different depending upon the chemotherapy you get. Your doctor or nurse will let you know exactly when your white blood cell count is likely to be at its lowest. You should carefully watch for signs and symptoms of infection during this time.

How can I prevent neutropenia?

There is not much you can do to prevent neutropenia from occurring, but you can decrease your risk for getting an infection while your white blood cell count is low.

Traffic Control

A farmer lived on a quiet rural highway. But a new expressway bypass meant an alarming increase in traffic. In fact, it was so heavy and so fast that his chickens were being run over at a rate of three a day.

So he called the sheriff's office and said, "You've got to do something about these people driving too fast and killing all of my chickens.'

So the next day the sheriff went out and put up a sign that read: SLOW: SCHOOL CROSSING.

Three days later the farmer called again and said, "You've got to do something about these drivers. The School Crossing sign seems to make them go faster.'

So, again, the sheriff went out and put up a new sign: SLOW: CHILDREN AT PLAY.

No good. So the farmer calls again... and again, everyday for three weeks, but the sheriff just doesn't have time to put up signs every week. Finally, the telephone calls stop, and the sheriff becomes very curious. So he drives out to the farmer's house, and there on the edge of the road he sees a new sign. It's a whole sheet of plywood. And written in large yellow letters are the words:

SLOW: NUDIST COLONY

RE: Poor Service at Ryan's Steakhouse in Sylva, NC.

To Whom It May Concern:

My name is Don Van Meter and a frequent customer of Ryan's Steakhouse of Sylva, NC. I am writing to you to tell you about my experience at your restaurant.

On April 6th, my lovely girlfriend and I planned for a nice date and meet at your restaurant. We live in a neighboring town, but enjoy the drive to Sylva in order to eat at Ryan's.

EPSON
EXCEED YOUR VISION

Congratulations, you have successfully installed your new EPSON printer!

Here are some tips for getting great prints.

- Genuine EPSON inks have been engineered to deliver stable, long-lasting photographic quality when used with EPSON papers.
- To protect your photos, frame them under glass or store them in archival sleeves or albums. Your prints will last for generations!
- Epson offers an extensive line of specialty papers that provide outstanding results when used with EPSON printers and genuine EPSON ink
- For best results, make sure the paper type selected in your printer software is right for the type of paper loaded in the printer. See your documentation for more information

HP Customer Care

Testing Your HP Fax Machine with the HP Fax Test Service

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service.

Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page.

Test your fax machine

To test the capability of your fax machine, follow the directions below.

NOTE: Be sure that your phone numbers do not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail, call blocking, or cell privacy features.

NOTE: When you have trouble sending a fax in the future, it is good practice to set the *Automatic Reports* option to *Every time a fax error occurs*. This way, even if the user fax fails, an error code will be generated that will guide you in future troubleshooting. This option is available on different places on different products, consult the product *User's Guide* for specific steps.

1. Send a one page blank sheet with a test fax to **1-888-fxhome** (**1-888-473-6663**).
2. When your fax is received by the HP Test Fax Service, we will generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE: The most common cause of failure is that the fax number set in the FaxHeader on the machine does not match the number of the phone line connected to the fax. Also, ensure that the fax header contains the full 10-digit telephone number of the fax machine, including the area code.

For more information or assistance, click **Contact HP** at the top of this page.

Fax Answers

answers to your questions about faxing

« How to Stop a Calls from a Fax Machine?
How to Fix Vertical Stripe On Faxes I Send »

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it just to make sure it works. How can I do that?

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-855-330-1239 (a toll free number in the United States) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

This entry is filed under Fax Machines.

Make a Call

1. Lift the handset OR
2. Press
3. Dial the number
4. Press a Speed Call key OR
5. Press OR
6. Dial the prefix for external calls (e.g. 9) and the handset

Answer a Call

1. Lift the handset OR
2. Press and begin speaking.

End a Call

1. Press OR
2. handset the handset

Place a Call on Hold

1. Press The line key flashes.
2. handset the handset if necessary

Retrieve a Call from Hold

1. the handset OR
2. Press
3. Press the flashing line key

Retrieve a Message

1. Press It flashes when a message is waiting. Follow the voice mail prompts to retrieve your messages.

Transfer a Call

1. Press
2. Dial the number. Wait for an answer
3. Hang up OR announce the number and then hang up.

Conference a Call

1. Press
2. Dial the handset. Wait for an answer
3. Press

Program a Speed Call

1. Press Settings OR
   Press Programmable Keys.
   Press the key you want to reassign.
   Press Speed Call.
   Press Edit Label and enter the label for the Speed Call.
   Press Next.
   Press Edit Number and enter the phone number for the Speed Call.
   Press Save and then press Save again.
   Press Close and then press Close again.

Adjust Volume Levels

Adjust ringer volume while the phone is ringing. Adjust handset or speaker volume while using the handset or speaker.

1. Press repeatedly to raise the volume OR repeatedly to lower the handset
2. Press to mute your microphone.

1.2. Frugal install

Frugal is the typical installation method for Tiny Core. There is a frugal guide for hard drive installation, which we call hdinstall mode, because all the files on the system are stored all about the disk. With a frugal, you basically have the system in two files vmlinuz and corepure.gz, which location is specified by the Linux kernel

Any user files and extensions are stored outside the root OS.

FAX COVER SHEET

FAX INSTRUCTIONS Complete this fax cover sheet.

Select Copy, Scan, Fax button on the touch screen. Insert coins $1 or $5 bills, or choose Pay by Credit Card if over $2, or Pay by Account. The machine will make change for cash payments. Each page sent is .50 including the cover sheet. Once you have paid, press START.

Move to the copier machine touch screen and choose SCAN/FAX. Choose FAX and using the key pad, dial 8 (for an outside line), then dial the area code and fax #. For long distance, dial 1+ the area code + fax #. Press OK. Press "Start" When your information is processed, you will receive a confirmation sheet. Do not choose finish until you have received your confirmation page. You will then receive any change due if paying by cash.

EPSON
EXCEED YOUR VISION

Congratulations, you have successfully installed your new Epson printer!

Here are some tips for getting great prints:

- Genuine Epson inks have been engineered to deliver stable, long-lasting photographic quality when used with Epson printers.
- To protect your photos, frame them under glass or store them in archival sleeves or albums. Your prints will last for generations!
- Epson offers an extensive line of specialty papers that provide outstanding results when used with Epson printers and genuine Epson inks.
- For best results, make sure the paper type selected in your printer software is right for the type of paper loaded in the printer. See your documentation for more information.

Drivers & Support

Downloads, FAQs,
Help, and more

Get quick answers to your questions by going to **epson.com/support**, then choosing your product. There you'll find FAQs, documentation, interactive troubleshooting guides, and an easy way to e-mail Epson.

HELLO

'C102"

+3.3 V V_{DD} Performance Improvement with External Input Bias

The range shown, nominally 0.8 V, is set by the internal resistive divider and is optimized for best performance at 3.3 V. The device is biased at 0.8 V with no external input bias applied. At this bias voltage the device draws approximately 45 mA. If a bias voltage of 1.4 V is applied to the RF input through an external resistive divider, the device draws approximately 60 mA and the OIP3 performance improves by about 2 dB. To improve the linearity performance an external bias is introduced to the input network through a resistive divider fed by the 3.3 V. This results in an increased current draw of about 60 mA and the OIP3 is improved by 2 dB.

Hello,

This is a test from the Pronto IT Department. The Fax is Working.

Thank you.

PRONTO INSURANCE

This is not a drill

But it is a test

Hail Mary

Today begins the 90th Anniversary of the apparition of the Virgin of Fatima

When you receive this email say a Hail Mary and ask for a special favor

"Hail Mary, full of grace. The Lord is with thee Blessed art thou among women and blessed is the fruit of thy womb, Jesus. Holy Mary, Mother of God, pray for us sinners, now and at the hour of our death, Amen " (your request)

Please do not break the Novena , send it to 12 people you think deserve justice, peace, love, health, prosperity and truth When you are down to nothing, God is up to something. This has been traveling since 5/13/07'

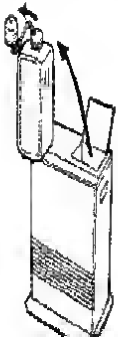
SECTION E

FUELING

⚠WARNING USE ONLY CRYSTAL CLEAR KEROSENE. NEVER USE GASOLINE, WHITE GAS, CAMP FUEL OR OTHER FLAMMABLE LIQUIDS. USE OF SUCH FUELS CAN RESULT IN AN EXPLOSIVE FIRE AND CAUSE SEVERE INJURY.

Step 1-Lift Out the Capsule Fuel Tank
To fill with fuel: open the tank cover and lift out the capsule fuel tank (see Figure 17). Turn the tank upside down and remove the fuel cap. If the fuel cap is difficult to unscrew, press the valve in the center and remove.



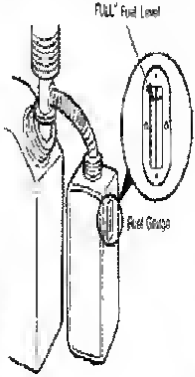


Fig. 16

Step 3: Reinstall the Capsule Fuel Tank
Replace and tighten the fuel cap. To insure proper fuel flow, be sure the cap is secured correctly.

Fax Answers

answers to your questions about faxing

« How to Stop a Calls from a Fax Machine?
How to Fix Vertical Stripe On Faxes I Send »

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it, just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1 855 330 1239 (a toll free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. This site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

TERMS AND CONDITIONS OF OFFER

This offer is only valid for new accounts. You must be at least 18 years of age. If you are married, you may apply for a separate account. Citibank (South Dakota) N.A. ("we" or "us") is the issuer of your account.

Federal law requires us to obtain, verify and record information that identifies each person who opens an account. In order to help the government fight the funding of terrorism and money-laundering activities. To process the application, we must have your name, street address, date of birth and other identifying information, and we may ask for identifying documents from you as well.

To process the application for a new account, it must be:

1. Accurate and complete
2. Signed and verifiably correct, and
3. Returned by the application date.

Please send the nontransferable application in the enclosed postage-paid envelope to:

Citibank New Card Member Services
P.O. Box 6115, Sioux Falls, South Dakota 57117-6066

Please allow four weeks from date of mailing to process a completed application.

We may gather information about you, including from your employer, your bank, credit bureaus and others, to verify your identity and determine your eligibility for credit. Renewal of credit and future extensions of credit, if you ask us, we will tell you whether or not we requested a credit bureau report and the names and addresses of any credit bureaus that provided us with such reports.

To receive a Citi® Dividend Brand MasterCard® you must meet our applicable criteria bearing on creditworthiness. Otherwise you may receive the Citi® Dividend Platinum Select® MasterCard® provided you meet our criteria bearing on creditworthiness for that card. The Citi® Dividend Platinum Select® MasterCard® does not have as many benefits as the Citi® Dividend World MasterCard® Your revolving credit limit (Citi® Dividend World MasterCard® or credit limit (Citi® Dividend Platinum Select® MasterCard®) will be determined by you your income or assets and a review of your credit report. You will be informed of the amount of your revolving credit limit or credit limit when you receive your card. Some revolving credit limits may be as low as $2,000, and some credit limits may be as low as $500. These rules that cash advances may be limited to a portion of your revolving credit limit or credit limit.

Balance transfers are an account feature that we make available to you through offers. If there is an offer available at this time the Citi disclosures will describe the terms of that offer. All balance transfers are subject to the standard purchase APR unless a promotional rate applies.

Please see the enclosed Additional Disclosure for important information.

CITI DIVIDEND CARD REWARD PROGRAM INFORMATION

Your Citi Dividend Card account ("Card Account") will receive a rebate based upon eligible transactions appearing on your current month's billing statement. The only eligible transactions are purchases; cash advances and balance transfers. The rebates will show cumulatively on your statement as Dividend Dollars, as long as your Card Account is open and current. However, if your Card Account is no longer open or current, you will not be able to earn or redeem Dividend Dollars.

Unless you are participating in a limited-time promotional offer, you will earn 1% on purchases. You will earn 1% on cash advances and cash convenience check amounts billed at the standard cash advance rate. You will receive five Dividend Dollars for each individual balance transaction of $1,500 or more. Limited promotional offers do not apply to personal checks. Transactions you make using your Card. So you will earn only 1% on these transactions.

You may accumulate a maximum of 300 Dividend Dollars in any calendar year (eligible transactions appearing on your January-December billing statements) payable in checks of $50 increments only when you request Dividend Dollars earned on purchases through the Citi Rewards Cash Center® are not subject to the $300 calendar year maximum accumulation.

Dividend Dollars will not expire as long as you have qualifying purchase activity at least once every 12 months unless the Citi Dividend Card Reward Program is terminated in which case you will have only 30 days to request redemption of your eligible Dividend Dollars. (Cash advances, cash convenience checks, and balance transfer transactions do not count as qualifying purchase activity.) You have no property rights or other legal interest in Dividend Dollars. Dividend Dollars have no cash value until such time as you may request and receive a check for your redemption-eligible Dividend Dollars. You may not assign, transfer or pledge your Dividend Dollars.

When you become a cardmember you will receive the full Citi Dividend Card Terms and Conditions, which we may change at any time with 30 days prior written notice. In addition, we may terminate the Citi Dividend Card Reward Program with 30 days prior written notice.

BALANCE TRANSFER INSTRUCTIONS

Just follow these simple steps to start saving money by transferring balances from your high-interest credit cards:

1. After receiving your card, you may call our customer service number to transfer you high-rate balances.

2. You may transfer any amount, but the total amount of your balance transfers and balance transfer fees must be less than your available revolving credit limit. You should not transfer the amount of any disputed purchase or other charge. If you do, you may lose your dispute rights. You may not transfer balances from other accounts issued by Citibank (South Dakota) N.A. or its affiliates.

3. Continue to pay the other credit card issuer until we notify you in writing that we have approved the balance transfer. When we do, we pay the amount of the balance transfer directly to that issuer.

4. Keep your account in good standing. If you default under your card agreement, you may lose any promotional APR on the balance transfer. We may not approve future balance transfers either.

4 Project Approach

4.1 Project Lifecycle Processes

This is where the overall approach to the project is described, explaining how the work gets done. What is the overall approach to undertaking the project work? Is the project split into major phases? How are requirements being captured? Is there a prototyping activity before solidifying the requirements? What sorts of integrated and testing activities are there? For a management consultancy project what kinds of reviews will there be, and how will input be accepted?

4.2 Project Management Processes

This is a description of those processes used to manage and control the project. It is critical that this section at a minimum describes the formal process to control project changes. It could also include such things as the risk management process, and how performance information is captured and reported (which may be expanded on in the Communications Plan section later in this document).

4.3 Project Support Processes

This is a description of those processes that typically happen throughout the project lifecycle and support the various other activities. Often includes such processes as configuration management, release control, how the support infrastructure will be used, etc.

4.4 Organization

This section will benefit from the use of diagrams to explain the organizations and mapping.

4.4.1 Project Team

How is the project organized to accomplish work? Is there a formal project organization structure? If so, explain it.

4.4.2 Mapping Between <Organization> and Client

Show how your organization maps onto the client, and what occurs at each level of the mapping. For instance, in addition to a mapping between your project manager and the client's, there may be an executive mapping between the organizations, perhaps a project steering group with joint

Hello!

Other Interpage Free service trials.

Does your voicemail suit you?

Interpage Voicemail will alert you before and offer a caller leaves a message, send a WAV audio file of received messages to you, phone or e-mail, and even call you and play the received message or one or more telephone numbers. Visit interpage.net/voicemail for details.

Multiply the value of your old pager!

Are having a hard time to receive messages on your cellular phone as well? We have the same functionality as a pager so you can answer without having to give out your telephone number. We allow you to screen and filter received pages and emails to multiple cellphones, pagers, and email addresses. Try Interpage's One-Page service. Visit interpage.com/direct for details.

Knew for sure that urgent alerts are received!

Don't want to spend a lot with the many available services and solutions, and can prompt be required to confirm receipt so we can be certain that alerts are received. Let us help. Visit interpage.net/voice

This is a sample test file which is being sent to you as per your request via the Interpage FreeFax™ Service!

This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's subscription fax service(s).

If you received the cover sheet which was transmitted with this fax, you will note the first letter of the name you had indicated in the TO: field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with this trial fax transmission result.

This file is a sample MS Word file
many other file types are supported

If you have any questions regarding Interpage's OutFax™ Service, including the FaxUnlimited™ service with no per-use or per-minute charges, please feel free to contact us at:

Phone: +1 (650) 331 3900 9AM to 5:30 PM M-F Pacific Time
E-Mail: mail-support@interpage.net
Web: http://www.interpage.net

Thank you for your interest in Interpage!

Notes: Due to the malicious use of the FreeFax service, Interpage will no longer transmit personalized text messages, only the above fixed sample message will be transmitted. You may establish a trial account for exclusive purposes by at Interpage central clearly indicating a valid e-mail address and contact telephone number. Please call us at (650) 331 3900 for additional details.

2. This fax is not a solicitation nor is it an offer. It was sent by a visitor to interpage's web site who entered your destination number as a recipient of this test fax. A single destination may not receive more than two faxes in a given week, however. If you feel that someone is sending you faxes in a continuous and abusive manner, please call us at (650) 315-2750 and we will block your fax number from the FreeFax service.

Test Fax

Electronic Logging Devices

Hours of Service (**HOS**), and Agricultural Exemptions

Below is a list of Hours of Service and Agricultural Exemptions.

- 49 CFR 395.1(k) provides exceptions from the HOS rules, during planting and harvesting periods as determined by the State, for the transportation of agricultural commodities (including livestock), bees and other commodities) within a 150-air mile radius from the source of the commodities. The same provision applies to the delivery of supplies and equipment for agricultural use from a wholesale or retail distribution point.
- The HOS regulations do not apply to the transportation of agricultural commodities operating completely within the 150-air mile radius by for-hire or private carriers. Therefore, work and driving hours are not limited and the driver is also not required to use an Electronic Logging Device (ELD). In an operation where drivers share vehicle(s) equipped with ELDs, a driver that is always exempt can use an "Exempt Driver" account.
- Once a driver operates beyond the 150-air mile radius, the HOS regulations apply. Therefore, starting at the time and location where the transporter goes past the 150-air mile radius, the driver must maintain logs using an ELD, unless the driver or the vehicle meets one of the limited ELD exemptions. The driver must work and drive within the limitations of the HOS rules when operating beyond the 150-air mile radius. Time spent working within the 150 air-mile radius does not count toward the driver's daily and weekly limits.
- When operating within the 150 air-mile radius the driver should not log into the ELD. Upon exiting that radius, the driver should then log into the ELD, and annotate that any unassigned miles accumulated prior to that point were exempt miles.
- Drivers transporting agricultural commodities are not required to use an ELD if the vehicle was manufactured before the model year 2000, provided they prepare paper logs, or if they do not operate outside of the 150 a-mile radius for more than 8 days during any 30-day period, provided they prepare paper logs on the days when they are not exempt from the HOS rules.
- Covered farm vehicles, as defined in 49 CFR 390.5, are exempted from the HOS regulations per 49 CFR 395.1(e). Carriers operating under this exemption are also not required to have an ELD. This only applies to private transportation of agricultural commodities, including livestock by the owner or operator of a farm or ranch, or the r family members or employees.

* Communication Failed [Error: TE-C2]
****

****
* Connection Failed
****

Connection Fail

The WLAN access point/router cannot be detected.

1 Check the following points.

- Make sure that the WLAN access point/router is powered on.
Make you working to an obstruction-free area, or closer to the WLAN access point/router
- Temporarily move your computer within about one meter (3 ft) from the WLAN access point where you are configuring the WLAN settings.
If your WLAN access point/router is using MAC address filtering, confirm that the MAC address of the wireless machine is allowed in the table.

2 If you manually entered the SSID and security information(SSID/authentication method/encryption method/network key) the information may be incorrect.
Recheck the SSID and security information and restart the connection information as necessary.

How to confirm wireless security information(SSID/authentication method/encryption method/Network key)
- The default security settings may be provided on a label attached to the WLAN access point/router. Or the manufacturer's name or model name of the WLAN access point/router may be used as the default security settings.
- See the documentation provided with your WLAN access point/router for information on how to find the security settings.

* If WLAN access point/router is set to not broadcast the SSID, the SSID will not automatically be detected. You will have to manually enter the SSID names.
* The Network key may also be described as the Password, Security Key or Encryption Key

If you do not know the SSID and wireless security settings of your WLAN access point/router or how to change the configuration, see the documentation provided with your WLAN access point/router, ask the manufacturer of your access point/router or ask to your Internet provider or network administrator.

<Configuration>

7 **Physical EXAMINATION** Height _____ (in) Weight _____ (lbs) Name Last, First,

The presence of a certain condition may not necessarily disqualify a driver, particularly if the condition is controlled adequately, is not likely to worsen, or is not
Even if a condition does not disqualify a driver, the medical examiner may consider informing the driver temporarily. Also, the driver should be advised to take
the condition as soon as possible, particularly if the condition, if neglected, could result in more serious illness that might affect driving.

Check YES if there are any abnormalities. Check NO if the body system is normal. Discuss any YES answers in detail in the space below and indicate wheth
ability to operate a commercial motor vehicle safely. Enter applicable item number before each statement. If organic disease is present, note that it has been
See *Instructions to the Medical Examiner* for guidance.

BODY SYSTEM	CHECK FOR	YES*	NO
1 General Appearance	Marked overweight, tremor, signs of alcoholism, problem drinking, or drug abuse		
2 Eyes	Pupillary acuity (reaction to light, accommodation), ocular motility, ocular muscle imbalance, extraocular movement, nystagmus, exophthalmos. Ask about retinopathy, cataracts, aphakia, glaucoma, macular degeneration and refer to a specialist if appropriate		
3 Ears	Scarring of tympanic membrane, occlusion of external canal, perforated eardrums.		
4 Mouth and Throat	Implantable defibrillator likely to interfere with breathing or swallowing		
5 Heart	Murmurs, extra sounds, enlarged heart, pacemaker, implantable defibrillator		
6 Lungs and chest, not including breast examination	Abnormal chest wall excursion, abnormal respiratory rate, abnormal breath sounds, including wheezes or alveolar rales, impaired respiratory function, dyspnea. Also, the findings on physical exam may require further testing such as pulmonary tests and/or xray of chest.		

BODY SYSTEM	CHECK FOR	YES*	NO
7 Abdomen and Viscera	Enlarged liver, enlarged spl... hernia, significant abdomin... weakness		
8 Vascular System	Abnormal pulse and arrytl... arterial bruits, varicose vei...		
9 Genito-urinary System	Hernias		
10 Extremities Limb impaired. Driver may be subject to SPE certificate if otherwise qualified.	Loss or impairment of eit... fingers. Perceptible limp, de... weakness paralysis, clubb... hyperkinesia, insufficient gra... in upper limb to maintain ste... insufficient mobility and str... to operate pedals properly

From: Mr J M Ong

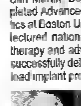
Subject: Density Output Ca

116

At present a request for density output cards in a densitometric computations

Dr. Anthony G. Sclar is considered a leader around the world in monochromic and esthetic dental implant surgery. A diplomat of the American Board of Oral and Maxillofacial Surgeons, Dr. Sclar performs 15-20 advanced and complex implant surgery procedures each week, including hard and soft tissue site development, tissue engineering, periodontal plastic surgery and immediate implant function procedures. He also has managed a large number of patients presenting with a wide range of applied and adjunctive procedure complications. In addition to publishing numerous dental articles and textbook chapters pertaining to implant dentistry, Dr. Sclar co-edited a surgical atlas titled ***Soft Tissue Esthetic Procedures for Tooth and Implants*** (W.B. Saunders 1999) and authored the multi-language textbook titled ***Soft Tissue and Esthetic Considerations in Implant Therapy*** (Quintessence 2003). A much sought-after educator and lecturer, Dr. Sclar has made presentations to top dental professionals throughout the USA, as well as Germany, Italy, Spain, France, Switzerland, the UK, Australia and Canada.

Dr. Juan Diego Cardenas is a highly skilled and experienced Prosthodontist at Dental Solutions of Miami, where he focuses on comprehensive interdisciplinary care with emphasis on cosmetics, implant dentistry and immediate function. He received his DDS degree from Fundacion Universitarie San Martin, Bogota, Colombia in 1986 and completed Advanced Graduate Studies in Prosthodontics at Boston University in 1990. Dr. Cardenas has lectured nationally and internationally on implant therapy and advanced cosmetic dentistry and has successfully delivered over 750 full-arch immediate-load implant prostheses.



Uli van Heussen, CDT worked in various dental laboratories throughout Germany and the USA from 1978 to 2001. In 2001 he became President of Implant Technical Support Inc. in Miami, FL. Since 1994, he has completed well over 40,000 restorative cases, and through his dedicated passion, he has become a well-known professional partner and reliable specialist in unique and challenging cases. During the last ten years, he has completed over 2,000 full-arch restorations including acrylic screw-retained implant bar and hybrid metal and/or zirconia supported prostheses. He has fabricated over 1,000 "All-on-4-or More" full-arch immediate-load prostheses.

Purpose: This course is designed for clinicians with intermediate to advanced experience in implant dentistry who desire to provide graftless solutions for full-arch immediate-load prosthesis for edentulous patients and those with terminal dentition. Emphasis will be placed on diagnosis and treatment planning, prosthodontic, surgical and laboratory protocols, and procedures for fabrication and delivery of "All-on-4-or-More" full-arch immediate load provisional and final prosthesis.

Teaching Methodologies: Video surgery presentations, live surgery, prosthetic and laboratory procedure observation, treatment planning sessions, and hands-on surgical and prosthetic exercises performed on simulated anatomic models will reinforce the information gained in the didactic and clinical presentations.

Learning Objectives:

Upon course completion, participants should be able to:

- Understand the principles, scientific basis, occlusal and biomechanical concepts, benefits and risk factors related to full-arch immediate load implant prosthesis.
- Compare and contrast treatment time, benefits, risks and success rates of conventional approaches to full-arch implant prosthesis with graftless "All-on-4-or-More" solutions for full-arch immediate-load implant prosthesis.
- Clearly understand the indications, case selection criteria and restorative space requirements for conventional full-arch fixed emergence implant prosthesis, fixed-hybrid "All-on-4-or More" prosthesis, and fixed patient-removable prosthesis retained by bar or telescopic components.
- Perform a pre-treatment clinical and radiographic patient evaluation and identify clinical factors required for treatment success and risk factors for complications with an "All-on 4 or-More" full-arch immediate-load prosthesis. Determine the level of treatment difficulty for individual cases and implement diagnostically-driven treatment planning.

CancerTYPE ID — Molecular Classification with CancerTYPE ID

FFPE Tissue Processing & Tumor Enrichment

- CancerTYPE ID requires as few as 300-500 viable tumor cells and is compatible with limited biopsy specimens such as FNAs, cytological specimens, and small core needle biopsies.
- CancerTYPE ID routinely employs laser guided microdissection to enrich for tumor specimen.

Gene Expression Profiling

- CancerTYPE ID uses a robust real-time RT-PCR platform to detect very small differences in gene expression.
- CancerTYPE ID measures and integrates the gene expression of 92 genes, 5 normalization genes and 87 lineage determinant and tissue-specific genes, most of which are not routinely measured by IHC.

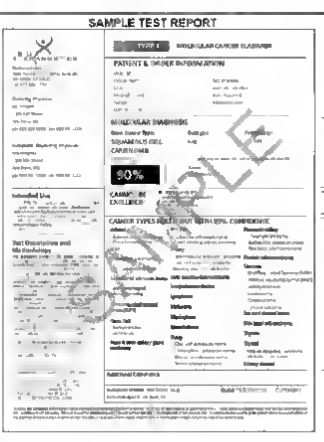
Reference Tumor Database & Algorithm

- CancerTYPE ID uses a computational algorithm to predict the patient's tumor type based on the degree of similarity of the sample's 92-gene expression profile to a reference database of gene expression profiles. The reference database contains gene expression information from over 2,000 tumor specimens of known histogenesis, and representing ~95% of all solid tumors based on incidence.
- The CancerTYPE ID algorithm provides a predicted main type and any sub-types in rank-order by relative probabilities, which are based on the tumor's gene expression similarity to tumors of these types in the reference database.

Molecular Classification

- CancerTYPE ID classifies 28 tumor types and 50 tumor subtypes.
- In an independent validation of 2998 blinded samples, the molecular diagnosis was 87% accurate for main tumor type and 86% accurate for tumor subtype.

SAMPLE TEST REPORT



Interpreting CancerTYPE ID Test Results

MOLECULAR DIAGNOSIS

The [redacted] molecular diagnosis is the CancerTYPE ID prediction of certain tumor subtypes. It is reported probability (≥ 80%), the tumor is reported as "Indeterminate", in this case, the test report will also indicate tumor types that can be ruled out (see below) that cannot be excluded.

CAN NOT BE EXCLUDED

When applicable, tumor types on the CancerTYPE ID reference database that share some gene expression profile similarity to the patient's sample such that they cannot be excluded. Item diagnostic consideration will be listed here in rank order.

RULE OUTS

The CancerTYPE ID test report also lists tumor types that can all be ruled out with 95% confidence. In an independent validation of 2998 blinded samples, the rule-outs were 95% accurate. This may provide useful differential diagnostic information when two or more potential tumor types are suspected and one or more tumors may be ruled out in the rule outs.

Test fax from Circuit ID

Our Father, which art in heaven,
hallowed be thy name,
thy kingdom come,
thy will be done,
on earth as it is in heaven
Give us this day our daily bread
And forgive us our trespasses,
as we forgive them that trespass against us
And lead us not into temptation,
but deliver us from evil
[For thine is the kingdom,
the power, and the glory,
for ever and ever]
Amen

As a Humana plan member you may be able to purchase health and wellness products from the RightSource mail-order pharmacy depending on your current Humana plan.

Call a Customer Care representative to verify your eligibility or request an order form by calling the number listed on the back of your member ID card

How to order

- Keep this catalog. You will need this to look-up the health and wellness products you want to order each month.
- You can place your order by

  Mail: Fill out the Health & Wellness Order Form and mail that page only to:
  RightSource P.O. Box 1197 Cincinnati OH 45201 1197

  Fax: Fill out the Health & Wellness Order Form and fax that page only to
  1-800-379-7617

Place your order no later than the 20th of each month to ensure RightSource is able to process your order within the applicable benefit month. If your total order amount exceeds your benefit amount limit, please be sure to include check, money order or credit card information to pay the remaining amount due

Humana.

Other pharmacies are available in the network

Thank you for choosing a Brother product

Register On-Line. This is the fastest, most efficient way to register your new product

www.registermybrother.com

Register by Fax Please take time to read your Owner's Manual for proper installation, setup and operating procedures. Be sure to setup your "Station ID", fill out the Fast Sheet on the reverse side of the page and fax it to us at 1-877 268-9575 as your first transmission. This will register your product and verify that your new Brother product is properly installed. When we receive this document we will send back a confirmation page to your machine. If you do not receive a response within 24 hours please confirm that your Station ID is properly set up (including your area code) and try faxing again. If you still do not receive a response, contact Fax/MFC customer service at 1-877-BROTHER (1-877 276-8437)

Register by Mail You may also register by mail by completing the back of the form and mailing it to:

Brother International Corporation
Warranty Claims Department
PO BOX 341332
Bartlett TN 38184-9904

Why Register?

Purchase Confirmation: Your product will be officially registered with Brother International Corporation.

Proof-of-Ownership —In case of an insurance loss due to such causes as fire, flood, theft, etc.

Information Response: If you choose, Brother will send you notifications of updates, enhancements and special offers.

For More Information: Should you need additional information regarding your Brother product or if you need to locate your nearest Brother Authorized Service Center, visit our website at: www.brother-usa.com

For a complete list of supplies and accessories available for your product, visit us online at www.brothermall.com or call us toll-free at 1-888-879-3232.

About Your Warranty: The warranty of your Brother product is a Limited Warranty. Please review your warranty statement for complete details.

Manufacturer's Extended Maintenance Agreement: To further protect your Brother product after the Initial Warranty period expires, Brother International Corporation offers a Manufacturer's Extended Maintenance Agreement. For more information please call 1 908 704 1700 ext. 4704 or visit our website at: www.brother-usa.com/ema

Supreme Court of Canada
Acme (Village) School District No 2256 v Steele Smith [1933] S C R. 47
Date: 1932 12-23

The Board of Trustees of the Acme Village School District No 2296 of the Province of Alberta (Defendant) Appellant

and

John Steele-Smith (Plaintiff) Respondent

1932 October 12 13 1932 December 23

Present.—Rinfret, Lamont Smith, Cannon and Crocket JJ

ON APPEAL FROM THE APPELLATE DIV SION OF THE SUPREME COURT OF ALBERTA

Statutes—Construction—Retrospective operation—School Act Alta., 1931 c. 32 s. 157—Provision requiring inspector's approval before notice terminating teacher's engagement—Its application as to engagements entered into prior to its enactment.

[Page 47]

The provision in s. 157 of the Alberta *School Act 1931* that except in the month of June no notice terminating a teacher's engagement should be given by a school board without the approval of an inspector previously obtained which provision was first introduced into the school law by said Act (1931 c. 32) which replaced the former Act (R.S.A. 1922 c 51) was *held* to apply in regard to the termination (after said Act of 1931 came into force) of an agreement of engagement entered into prior to the enactment of said provision

Judgment of the Appellate Division, Alta., [1932] 1 W W R 849 [1932] 3 D L R 262 affirming judgment of Ewing J [1932] 1 W W R 315 affirmed

Rinfret J dissented

APPEAL by the defendant (by leave given by the Appellate Division Alta) from the judgment of the Appellate Division of the Supreme Court of Alberta[1] dismissing its appeal from the judgment of Ewing J [2] answering in favour of the plaintiff the questions submitted in a special case stated for the opinion of the court pursuant to Rule 114 of the Alberta Rules of Court

The defendant Board and the plaintiff entered into an agreement dated June 28 1928 whereby the Board agreed to employ the plaintiff as teacher from and after September 3 1928 Clause 6 of the agreement provided

6. This agreement shall continue in force from year to year unless it is terminated as hereinafter provided, or unless the Certificate of the Teacher has been revoked in the meantime

Either party hereto may terminate the agreement by giving thirty (30) days' notice in writing to the other party

Turning Equipment On/Off

1—Find the Crestron Touchpad on top of the instructor desk. It should be labeled Touch to begin

2—Touch the **Proj On** icon to warm up the projector. The lamp takes 45 seconds to warm up

3—Find the power button for the source you want to use and make sure that it is on

4—When you're finished in the room please log off of the desk computer and touch **Proj Off** on the Crestron touchpad

Selecting a Source

1—The following sources are available and can be shown on the LCD projector by touching the corresponding button on the Main Page of the Crestron touchpad

Desk Comp
Laptop or Doc Cam
Blu-ray/DVD
Aux In

2—You can use the touch pad to navigate the DVD menus. After you've selected **Blu-ray/DVD** press the **Advanced DVD** button. This will bring up a page of buttons that allow direct control through menus

Volume Control

1— Volume for the **Desk Computer**, **Laptop**, **Blu-ray/DVD** and **Aux In** are controlled using the **Volume Up** and **Down** buttons on the touchpad

2— If you wish to play sound without powering up the projector, volume controls are located on the startup screen of the touch panel

Picture Off

1—The **Picture Off** button allows you to black out the projector image. To return to the image you simply press the button labeled **Bark & Picture On**

END-USER LIMITED WARRANTY

SHARP ELECTRONICS CORPORATION warrants as the first end-user purchaser that this Sharp brand product (the "Product"), when shipped in its original container will be free from defective workmanship and materials, and agrees that it will, at its option, either repair the defect or replace the defective Product or part thereof with a new or remanufactured equivalent at no charge to the purchaser for parts or labor for the period(s) set forth below.

This warranty does not apply to any appearance items of the Product nor to the additional excluded item(s) set forth below nor to any Product the exterior of which has been damaged or defaced, which has been subjected to improper voltage or other misuse, abnormal service or handling, or which has been altered or modified in design or construction.

In order to enforce the rights under this limited warranty the purchaser should follow the steps set forth below and provide proof of purchase to the servicer.

To the extent permitted by applicable state law the warranties set forth herein are in lieu of, and exclusive of, all other warranties, express or implied. Specifically, ALL OTHER WARRANTIES INCLUDING THE WARRANTIES OF MERCHANTABILITY EXCLUDED. ALL EXPRESS AND IMPLIED WARRANTIES INCLUDING THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR USE, AND FITNESS FOR A PARTICULAR PURPOSE ARE SPECIFICALLY EXCLUDED. If, under applicable state law, implied warranties may not validly be disclaimed or excluded, the duration of such implied warranties or limited to the period(s) from the date of purchase set forth below.

Neither the other personnel of the seller nor any other person is authorized to make any warranties other than those described herein, or to extend the duration of any warranties beyond the time period described herein on behalf of Sharp.

The warranties described herein shall be the sole and exclusive warranties granted by Sharp and shall be the sole and exclusive remedy available to the purchaser. Correction of defects, in the manner and for the period of time described herein, shall constitute complete fulfillment of all liabilities and responsibilities of Sharp to the purchaser with respect to the Product, and shall constitute full satisfaction of all claims, whether based on contract, negligence, strict liability or otherwise. In no event shall Sharp be liable, or in any way responsible, for any damages or defects in the Product which were caused by repairs or attempted repairs performed by anyone other than an authorized servicer. Nor shall Sharp be liable or in any way responsible for any incidental or consequential economic or property damage. Some states do not allow limits on warranties or on remedies for breach in certain transactions; in such states, the limits herein may not apply.

Model Specific Section

Your Product Model Number & Description:

AL-1215 Digital Laser Copier
AL-1530CS/1540CS/1551CS Digital Multi-functional Systems

(Be sure to have this information available when you need service for your Product.)

Warranty Period for this Product:

Three (3) years on parts and one (1) year on labor from date of purchase, except for the cleaner/developer cartridge and drum cartridge supplied with the Product, which are warranted for a period of fifteen (15) days from date of purchase. Dust module supplied with the Product is warranted for replacement only and limited to ninety (90) days from date of purchase.

Additional Item(s) Excluded from Warranty Coverage (if any):

The warranty does not apply to defects or damage resulting from improper or inadequate maintenance by the purchaser (see Operation Manual) or the use of non-genuine Sharp toner/developer and drum cartridges.

Where to Obtain Service:

Service is available in the United States from Sharp. You may ship in your Product for repair or replacement. Replacement units may be remanufactured rather than new but your original limited warranty will continue for the remainder of your original warranty period or ninety (90) days from the date we send the replacement unit to you, whichever is longer.

What to do to Obtain Service:

Call Sharp at 1-630-378-3590 to obtain a Return Authorization Number and shipping instructions. A technician will work with you on the phone and if it is determined that your Product needs service, you will have your choice of having your unit returned or replaced to any U.S. location. Be sure to have Proof of Purchase available.

Sarah

Joe

Fare you well, my honey, fare you well my only true one
All the birds that were singing are flown, except you alone

I'm going to leave this brokedown palace,
On my hands and my knees, I will roll, roll, roll.
Make myself a bed by the waterside,
In my time,in my time, I will roll, roll, roll

In a bed, in a bed, by the waterside I will lay my head.
Listen to the river sing sweet songs, to rock my soul.

River going to take me, sing sweet and sleepy,
Sing me sweet and sleepy all the way back home.
It's a far gone lullaby, sung many years ago.
Mama, mama many worlds I've come since I first left home.

Goin' home, goin' home, by the waterside I will rest my
bones,
Listen to the river sing sweet songs, to rock my soul.

Going to plant a weeping willow,
By the bank's green edge it will grow, grow, grow.
Sing a lullaby beside the water,
Lovers come and go, the river roll, roll, roll

Fare you well, fare you well, I love you more than words can
tell,
Listen to the river sing sweet songs, to rock my soul.

Especificaciones

Especificaciones generales

Velocidad: Procesador(es): 600 (nominal)
Los puertos de USB se pueden utilizar conforme especifica el 14/098 (adaptador corre mentre)

Puerto Infra (USB Port)
Hi-Speed USB (1)
Puerto de impresión directo (Direct Print Port)
Red/Ethernet
Bluetooth V2.0 (opcional) *(2)*
Limited Bluetooth
Puerto LAN
Cumple interfaces: IEEE802.11n/IEEE802.11g/IEEE802.11b *(3)*
(1) Hay modelos sin teclado. Adaptador con el software Hi-Speed USB. Puede que la velocidad Hi-Speed USB no sea posible con ordenadores compatibles con USB 1.1. También se puede utilizar con USB 1.1
2. Velocidad máxima: 1,44 Mbps.
3. IPSEC/PPPoE/L2TP no admitido.
4. La conexión Bluetooth sólo sirve para impresión.
5. Conexión posible a través de Configuración inalámbrica (Standard) o WPS (WiFi Protected Setup) con PIN (Windows Connect Now).

Adaptador AC: (Varía según el país o región del comprador)
Potencia nominal: 100 a 240 V AC (50/60 Hz)

Temperatura: de 5 a 35 °C (de 41 a 95 °F)
Humedad: del 10 al 90 % (humedad relativa sin condensación)

Temperatura: de 0 a 40 °C (de 32 a 104 °F)
Humedad: del 5 al 95 % (humedad relativa sin condensación)

Altitud: 0 a 3.000 m (0 a 9.843 pies)

Impresión (negro): 16 W (media)
En espera (encendido): 2,1 W (media) *(1)*
Apagado: 0,4 W (media) *(1)*
(1) Conexión USB y ordenador
**2 No se podrán utilizar al mismo tiempo que la conexión Infra-roja.*

Especificaciones de fax

Tipo de fax: Fax G3 para la red telefónica pública conmutada (PSTN, Public Switched Telephone Network)

Compatibilidad: ITU-T Grupo 3

Negro: 33,6 kbps (velocidad de módem con retroceso automático)
Color: 33,6 kbps (velocidad de módem con retroceso automático)

Tamaño máximo de documento: Hasta 216 x 355,6 mm

Área de escaneado: 208 mm (anchura) x 355,6 mm (longitud) a 100 ppp

Resolución de escaneado: Hasta 1.200 x 2.400 ppp

Resolución de impresión: Hasta 4.800 x 1.200 ppp *(2)*

Escala: 25 a 400 % (incrementos de 1 %)

Memoria: Hasta 200 páginas *(3)*

Velocidad de marcación: Pulso/tono

Detección de tono de marcación: Sí

Detección de ocupado: Sí

Rellamada automática: Hasta 2 veces con un intervalo de 3 minutos

Confirmación y registro de actividad: Sí

Informe de errores: Sí

Interfaz: Hi-Speed USB

(1) Basado en la tabla de pruebas nº 1 de ITU-T para especificaciones de EE. UU. y en la tabla nº 1 de ITU-T para especificaciones de FAX de Canon para el resto, salvo en modo estándar.
(2) Resolución de 4.800 x 4.800 ppp mediante el controlador de impresora (Windows) o Canon IJ Network Tool (Macintosh).
(3) Basado en la tabla de pruebas nº 1 de ITU-T para especificaciones de EE. UU. y en la tabla nº 1 de ITU-T para especificaciones de FAX de Canon para el resto, salvo en modo estándar.

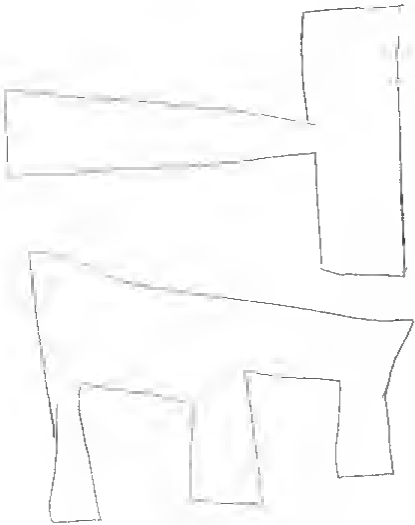
Thank you for your business!



I have a laptop and for my keyboard and Mouse I do not use the build in mouse and keyboard I have plugged in a mouse and keyboard. I can type fast and work well. For my keyboard I have my Cursor think and a moderate pace so that can see it. You can do it really slow but it is like your wipers on your car that do not work fast enough because it is raining too much. My mouse I have set up so that the pointer does not have a trail when it has a trail it really bothers my eyes and I have the double click work right away so that you do not have to click 100 times to get somewhere. My desktop background is a photo of my son whom I enjoy seeing while I work on my computer. I have junk for my desktop because it is my favorite color. You should do what you want with this because it is how you can express yourself on your computer. I do not have a screen saver because on my computer it just makes it run and waste electric. I have it go to sleep after 15 minutes so that it can be a power save computer since I mostly leave it on all day. I come and go with my computer and it works best for me. The gadgets can be anything from the weather to a translator. Since most of my husband's family is in Mexico I cannot always keep up with the Spanish so I some time have to use this a little faster to have it on the screen that to navigate to Google translator all the time. The way I can just copy and paste I can quickly and get what they are saying in English and I can also respond faster too. I think you have to put there what works best for you so that your computer works for you! You can have what you want hinged to your taskbar. I think everyone should have their internet program weather it is Firefox or Google chrome so that you can have easy access to it. Some people enjoy listening to music so you can pin the music player or "tunes" you use that. It all depends on what you use and what works best for you. I cannot really recommend anything to anyone because everyone is different. If I had to choose I would stick with saving energy with your computer so your bills not so high and the internet program because most people use them.

Vince Lombardi's famous quote is applicable. Base the focus on setting the initial asking price on the considerations above, rather than some strategy an agent may recommend based on their opinion. Some of the tactics floating around in the marketplace could cost you equity if you do not have the information required to consider them. It is often difficult to determine if these different tactics are a contributing factor on making a sale.

Questionable pricing tactics

Here are several qualifications: This list only describes the most common tactics. In the overheated markets we see in some of America's cities, agents generate new tactics and ideas regularly. These comments assume the implementation of the above considerations. Here are some examples of potentially harmful or ineffective tactics:

- Bonus to the selling agent: Real estate agents will show prospects homes that will interest them, or that they asked to view, without such an incentive. Reduce the price instead.

- Market range pricing: When a seller advertises they will consider offers between $200,000 and $230,000, why would a buyer offer more than $200,000 when the seller has set that lower expectation? It unnecessarily complicates the process.

- Pre-agreed price reductions: The myth that if you price a home too high initially you will be punished with a lower price later is perpetuated by an industry that wants quick results to accomplish its goal. Here is an article at http://bit.ly/212K9 that describes the results of a study of home sales across the nation over a two-year period that suggests otherwise.

- Price low to start an auction: In a blistering market, it appears a seller can start high and end up with multiple buyers over list price. If you are in a buyers market, this is a sure loser. The only winner here is the listing agent.

- Buyer incentives: Most often, reducing the price will bring better results.

When the yard sign goes up, reacting to the neighborhood activity is the key to the highest price. Get feedback on each showing. Investigate pending sales.

Richard Montgomery is the author of "Home Money — An Insider's Secrets to Saving Thousands When You Buy or Sell a Home." He is a real estate industry veteran who advocates industry reform and offers readers unbiased real estate advice. Ask him questions at DearMonty.com.

Configuring the web user interface

Accessing the web user interface

1. Press the ⚙ key when the phone is idle to obtain the IP address of the phone.
2. Open a web browser on your computer, enter the IP address into the address bar (e.g., "http://192.168.0.10" or "192.168.0.10") and then press the Enter key.
3. Enter the user name (default: admin) and password (default: admin) in the Login page and click Confirm.

Account Settings (Under Account > Basic > SIP Config)

You must configure the following settings for the following types:

SIP-T/P Series: The phone attempts to obtain a DHCP server if your Internet is not set to the valid address settings, e.g., IP address, subnet mask, gateway address, and DNS address.

Static IP Address: If your phone cannot obtain a DHCP server for any reason, you need to configure the IP address, e.g., IP address, subnet mask, gateway address, and DNS address for the phone.

PPPoE: If you are using an xDSL address you can connect your phone to the Internet via PPPoE mode. Address the ISP for the PPPoE user name and password.

Account Settings (Under Account > Register > Account 1/2/3...15/16)

Description of Parameters

Activated/Activated	If you set the register status to the Activated server.
Line Active	The line status (Activated/Activated) to control whether the account.
Label	It is located on the LCD screen to identify the account.
Display Name	It is shown on caller ID when placing a call.
User Name	It is provided by ITSP for registration (required).
Register Name	It is an authentication ID for an Internet user provided by ITSP (required).
Password	It is provided by ITSP for registration (required).
Server Host	It is provided by ITSP for registration (required).

Register status icons on the LCD screen

(Green) Registered (Gray) Registering Failed (Yellow) Registering

Configuring via phone user interface

Account Activation

Press the Menu soft key when the phone is idle, insert desired account, activate it (**Menu > Advanced > SIP Configuration > Account Activation**) to configure the network.

Account Selection

Press the Menu soft key when the phone is idle, select desired register password, activate it (**Menu > Advanced > SIP Configuration > Account Selection**) to configure the account.

Placing a Call

Using the Handset

1. Pick up the handset.
2. Enter the number and then press the Send key.

Ending a Call

1. With the handset on hook, press ⏻.
2. Enter the number or a short press the Send key.

Answering a Call

Using the Handset

Pick up the handset.

Using the Speakerphone

Press ☎.

Using the Headset

Press 🎧.

Ending a Call

Using the Handset

Hang up the handset or press the Cancel soft key.

Using the Speakerphone

Press ☎ or the Cancel soft key.

Using the Headset

Press the Reject soft key.

Redial

- Press ↻ to enter the Press Edit list, press ↑/↓ to select the desired entry and then press ☎ or the Send soft key.
- Press ↻ twice when the phone is idle to dial out the last dialed number.

Call Hold and Retrieve

- Press ⏸ to make the subsequent dialing a call.
- Press ⏸ again to un-mute the call.

Call Hold and Retrieve

To place a phone on hold:

Press 🔇 on the dial pad key during an active call.

To resume the call, on or the desired

- If there is only one call on hold, press 🔇 or the Resume soft key.

JUST 27 WORDS

GOD OUR FATHER,
WALK THROUGH MY HOUSE
AND TAKE AWAY ALL MY WORRIES AND ILLNESSES;
AND PLEASE WATCH OVER AND HEAL MY FAMILY
IN JESUS ' NAME.. AMEN

This prayer is so powerful.
Pass this prayer to all your friends.

Troubleshooting Steps

The steps below will help you resolve common faxing problems.

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds.
- Try a different phone cord between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect Fax machine directly to the Vonage device, bypassing any home wiring.
- If using an All-In-One device, temporarily disconnect device from PC.

Further Assistance

If you need further assistance using your Vonage Fax Service, we are always available to help.

Call us at 1-VONAGE-HELP (1-866-243-4357) or visit www.vonage.com.

Product Details

Description | Pricing | Sizing Info | Need Help?

The Trinity Heart Craft Shape is custom made from the material of your choice! An unfinished crafting possibilities! Use a trinity heart outdoor shape for common crafts, paint the surface of unfinished acrylic to paint, or outdoor with a matte acrylic. The trinity heart wood shape can be cut from Baltic Birch or MDF, both very outdoor for crafting. We also offer a craft Sliding Shape precision cut from solid acrylic with a smooth edge. For a more industrial look, select the trinity heart metal shape, cut from thin 20 gauge galvanized steel that is magnetic. That is an industrial material on many items the specialties in the finish.

- Custom made
- Size refers to the longest dimension
- Variety of materials: wood, metal, acrylic
- Paint in any size, type and wood
- Rounded corners are customized on the finish
- Premium processing fees apply in some cases 24"
- Colors and finishes may vary
- Made in the U.S.A.

Most of the materials we offer are outdoor rated, for outdoor use, we recommend the plastic, we we have outdoor and unpainted outdoor trinity heart wood shapes that are cut from outdoor rated MDF. No outdoor paint is a hard enamel formulated used for outdoor/clay paint and is highly durable.

LETTER OF AUTHORIZATION

1 **Customer Name** (your name should appear **EXACTLY** as it does on your local telephone bill.)

First Name:_____ Last Name: _____

Business Name (required only if phone account is in your Company's Name): _____

2 **Service Address** (primary address where the telephone service(s) is/are located. Not Post Office Boxes)

Address:_____ City:_____ State:_____ Zip Code:_____

3 **Billing Address** (if different from your service address, should appear **EXACTLY** as it does on your local telephone bill)

Address:_____ City:_____ State:_____ Zip Code:_____

4 List below all Telephone Number(s) for which you authorize change from your current phone service provider to Comtel Connect, LLC. Please note that your telephone and/or associated service(s) will be changed to Comtel Connect.

Telephone Number(s) (use all numbers to be ported)	Current Service Provider
_____	_____

* Billing Telephone Number (BTN): _____
(BTN BILL TO # to be provided if number(s) to be ported is a Business Account)

☐ *Check this box, if you have additional numbers on your Business Account that you do NOT want ported.*

5 If the number(s) to be ported is a mobile number, please provide the following information:

Mobile Number _____ Mobile Account Number:_____

VERIFICATION - PLEASE READ BEFORE SIGNING BELOW

By signing below, I verify that I am (or represent) the Customer(s), the above-named local service customer authorized to change the primary carrier(s) for the telephone number(s) listed and am at least 18 years of age. The name and address I have provided is the name and address on record with my local telephone company for each telephone number listed. I warrant that the address that I have provided above is the address where I will be using this service. I authorize and designate Comtel Connect to act as my agent and notify my current carrier(s) to change my preferred carrier(s) for the listed number(s), to obtain any information Comtel Connect deems necessary to make the carrier change(s), including, for example, an inventory of telephone lines billed to the telephone number(s), carrier or customer identifying information, billing addresses, and any of the features I am/they are receiving. I further understand that after this process is completed my telephone and/or associated service(s) will be changed to Comtel Connect as indicated above.

I understand that I am authorizing change(s) of my primary carrier(s) for my telephone and/or associated service(s), and that I may select only one primary carrier per service, per number. I understand that my local telephone company may bill me a one-time charge for requested service change(s) for each telephone number.

Printed Name: _____

Test 1
Face Down

wireless access point (WAP) A central hub that looks nearly identical to wireless routers and provides central control very like wireless routers, but it doesn't have nearly as many features. The main one with which most people are concerned is Internet connection sharing.

wireless locator A hardware device or software application that is used to detect wireless network signals

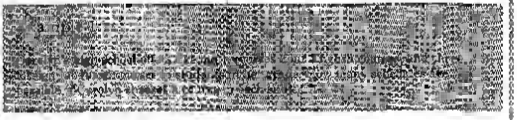
wireless personal area network (WPAN) Another name for a Bluetooth network.

wireless router A central wireless access point that provides connectivity as well as routing functions

workgroups A collection of peer-to-peer computers with no dedicated server to centralized security

workstation (1) In networking, any personal computer (other than the file server) attached

Example 3



Use the Fundamental Counting Principle to get:

$5 \cdot 4 \cdot 3 = 60$

60 different ache rules are possible.

Example 4

There are ten events and each one has two possible outcomes. Using the Fundamental Counting Principle, we get

$2 \cdot 2 \cdot 2 \cdot 2 \cdot 2 \cdot 2 \cdot 2 \cdot 2 \cdot 2 \cdot 2 = 2^{10} = 1,024$

There are 1,024 possible combinations of true and false answers

as.

Our Father, which art in heaven,
hallowed be thy name,
thy kingdom come,
thy will be done,
on earth as it is in heaven
Give us this day our daily bread
And forgive us our trespasses,
as we forgive them that trespass against us
And lead us not into temptation,
but deliver us from evil.
[For thine is the kingdom,
the power, and the glory,
for ever and ever]
Amen

Hello World

Note

Hello World!

How Can I Test My Fax Machine?

Submitted by Smart Computer User on December 9, 2008 – 12:00pm.

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-510-545-0990 (a number in Northern California.) When it's finished transmitting, point your web browser to Fax Toy (http://faxtoy.net/) — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero (http://faxzero.com/) this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

ID: 8487873635

Nonetheless, some residents in the neighborhoods where he lives still oppose and the city's Housing Authority project's plans. "It's going to close town, and it's going to have a negative impact that's been compared affordable for folks. Like tenant advocates have been fighting for funding. And they want it the city wants to energize communities, it should be the highway and said Bullock. He believes the people who really need housing are the ones with properties along the street. "What they're doing is creating a way to get to their businesses," he said.

M2O

Aint no mountain high enough

If you need me, call me
No matter where you are
No matter how far
Just call my name
Ill be there in a hurry
You dont have to worry

cause baby,
There aint no mountain high enough
Aint no river wide enough
To keep me from getting to you

Remember the day
I set you free
You could always count on me
From that day on I made a vow
Ill be there when you want me
Some way,some how

(Chorus)

My love is alive
Way down in my heart
Although we are miles apart
If you ever need a helping hand
As fast as I can

(chorus)

College bio

From Brent Chapman <bchapman@pierce.ctc.edu>

Subject College bio

To Frank & Judy <frykes9@comcast.net>

Thu, May 03 2012 03:27 PM

Hi, Frank,

Below is a college bio for the maple meeting:

South Puget Sound Community College offers a world of educational opportunities. Our caring faculty, small classes and state-of-the-art facilities provide an outstanding learning environment for residents of the greater Thurston County area as well as students from more than a dozen nations. As a comprehensive community college, we offer degrees to transfer to four-year colleges and universities, as well as professional technical programs.

We are located in Olympia, the Washington state capital and the county seat of Thurston County. A growing city at the southern edge of the Puget Sound, Olympia is noted for its unique blend of small-town friendliness, business and political activities, and natural beauty. The college serves students in two locations in Thurston County: at our Lacey campus in Olympia and at our Hawks Prairie Center in our neighboring city of Lacey. The cities of Seattle and Portland are within easy driving distance of Thurston County.

Thanks to a generous donation by Frank and Judy Fykes the Malarian campus now houses a display of over 400 different cultivars of Japanese maples. This collection provides year round educational opportunities, beauty and tranquility for students, staff and the entire community. The College's computer aided design program is mapping the collection while the GIS surveying program is digitally locating each plant using GPS. Please enjoy our campus in the woods and our extensive Japanese maple collection.

The unanimous Declaration of the thirteen united States of America

When in the Course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the Laws of Nature & of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

COMMUNITY PAGES

For more information on Frontier Communications "Go Green" initiatives please visit FrontierGo.com

Frontier Communications is proud to be environmentally responsible in our business practices. We're constantly looking for ways to reduce our impact on the environment, and we're dedicated to preserving our environment – making where we live, work and serve a greener place. Our environmentally-friendly policies are bolstered by our partnerships with organizations whose values support those of our people and products.

People

Employees at Frontier – staff and contractors – adhere to our environmental values and practices. We're seeking new opportunities to improve our environmental footprint. Our people's interest and integrity is the foundation of our Go Green Policy.

Products

We offer and service products that adhere to green performance specifications, while exceeding customer expectations.

Results

A few examples of our Go Green initiatives and results –

- FrontierPages directories printed with recycled paper content, 100% soy-based inks, and recyclable glue.
- Phone book recycling efforts promoted in town-wide recycling events.
- Paperless billing enables a greener way for customers to pay – learn more at frontier.com/paperless.
- Green Library network provides tools, phone our Internet Help Desk technicians to obtain proactive system/server computer and system health monitoring, eliminating the need for service visits.

Skill: Random Samples

Investigation 2

Samples and Populations

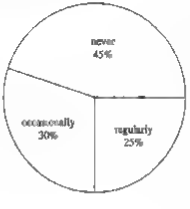
You want to survey students in your school about their exercise habits. Tell whether Exercises 1–2 are likely to give a random sample of the population. Explain.

1. You select every tenth student on an alphabetical list of the students in your school. You survey the selected students in their first-period classes.

2. At lunchtime you stand by a vending machine. You survey every student who buys something from the vending machine.

In a mall, 2,146 shoppers (age 16 and older) were asked, "How often do you eat at a restaurant in the mall?" Here is how they responded.

3. What population does the sample represent?



4. How many people responded in each of the categories?

5. What is the sample size?

6. Can you tell if the sample is random?

WHY NO WARRANTY CARD HAS BEEN PACKED WITH THIS NEW RUGER FIREARM

The Magnuson-Moss Act (Public Law 93-637) does not require any seller or manufacturer of a consumer product to give a written warranty. It does provide that if a written warranty is given, it must be designated as "limited" or as "full" and sets minimum standards for a "full" warranty. Sturm, Ruger & Company, Inc. has elected not to provide any written warranty, either "limited" or "full," rather than to attempt to comply with the provisions of the Magnuson-Moss Act and the regulations issued thereunder. There are certain implied warranties under state law with respect to sales of consumer goods. As the extent and interpretation of these implied warranties varies from state to state, you should refer to your state statutes. Sturm, Ruger & Company wishes to assure its customers of its continued interest in providing service to owners of Ruger firearms.

Who we are	
Who is providing this notice?	This notice is provided by TD Bank USA, N.A. solely with respect to your Nordstrom Card. This notice applies only to your Nordstrom Card account issued by TD Bank USA, N.A. and does not apply to any other accounts you have with TD Bank USA, N.A. or its affiliates.

What we do	
How does TD Bank USA, N.A. protect my personal information?	To protect your personal information from unauthorized access and use, we use security measures that comply with federal law. These measures include computer safeguards and secured files and buildings.
How does TD Bank USA, N.A. collect my personal information?	We collect your personal information, for example, when you: • open an account or give us your contact information • give us your income information or pay your bills • use your credit card We also collect your personal information from others, such as credit bureaus, affiliates, or other companies.
Why can't I limit all sharing?	Federal law gives you the right to limit only: • sharing for affiliates' everyday business purposes – information about your creditworthiness. *–TD Bank USA, N.A. does not share information with its affiliates* • sharing for our affiliates to market to you *–TD Bank USA, N.A. does not share information for its affiliates to market to you* • sharing for nonaffiliates to market to you *–TD Bank USA, N.A. does not share information with nonaffiliates other than Nordstrom and its affiliates* State laws and individual companies may give you additional rights to limit sharing. See below for more on your rights under state law.
What happens when I limit sharing for an account I hold jointly with someone else?	Your choices will apply to everyone on your account.

Definitions	
Affiliates	Companies related by common ownership or control. They can be financial and nonfinancial companies. *– TD Bank USA, N.A.'s affiliates include those companies that control, are controlled by or under common control with TD Bank US Holding Company.* *Nordstrom's affiliates include those companies that control, are controlled by or under common control with Nordstrom, Inc., including Nordstrom stores and website.*
Nonaffiliates	Companies not related by common ownership or control. They can be financial and nonfinancial companies. *Nonaffiliates we share with may include vendors of products and services that you have purchased or that we believe will be of interest to you, financial service providers or nonprofit organizations.*
Joint marketing	A formal agreement between nonaffiliated financial companies that together market financial products or services to you. *– Our joint marketing partners may include other banks, investment firms or insurance companies.*

Other important information	
California and Vermont residents: We only share information with third parties as permitted by your state's law.

ZoomRx Psych Thought Leader Panel

Dear [illegible],

We invite you to participate in your personalized ZoomRx Psych Thought Leader panel.

We would like to schedule a 30-minute call with you to discuss your interest, availability and eligibility. Please schedule a time to call ZoomRx Psych Thought Leader panel.

Getting Started takes less than 5 minutes.

- Download the ZoomRx app to your smartphone
  - Search for "ZoomRx" in Google Play or Android App Store, look for the green app
  - Visit zoomrx.com/mobile to download the app for Android platforms
- Claim Your Profile
  - Enter your Name & Email to claim your profile in ZoomRx [illegible]
- Start accumulating reward points in February, 2014

We look forward to engaging the ZoomRx Psych Panel. Please hesitate to contact us with questions or concerns.

Sincerely,
The ZoomRx Team

answers to your questions about faxing

« How to Stop a Call is from a Fax Machine |
How to Fix Vertical Stripes On Faxes I Send »

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it just to make sure it works. How can I do that?

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one-page fax to 1-855-330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax.Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero; this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

This entry is filed under Fax Machines.

Magic Card Set

Proponowane zmiany

1 Ujednolicenie punktacji

Istnieją różnice w punktacji w dotychczasowych kryteriach. Za to samo osiągnięcie otrzymuje się inną liczbę punktów w różnych stypendiach. Natomiast niektóre osiągnięcia nie są brane pod uwagę w innych stypendiach. Wskazane jest ujednolicenie kryteriów dla wszystkich stypendiów.

2 Dwa parametry oceny przez opiekuna naukowego/promotora.

Uproszczenie przyznawania punktów za działalność doktoranta. Prawo każdy doktorant dostaje maksymalną liczbę punktów. Parametr wymagany więc przyznaje się uproszczenie. Wzór własny.

3 Limity na niektóre osiągnięcia

Limity na niektóre osiągnięcia są spowodowane tym, że łatwo je dosyć zdobyć małym nakładem pracy.

4 Brak limitów na najważniejsze osiągnięcia.

Dotyczy osiągnięć kluczowych dla rozwoju nauki i ważnych dla Uniwersytetu. Uwzględniono takie, na które trzeba poświęcić dużą ilość czasu i zaangażowania, które są najistotniejsze tj. - publikacje z listy A wydane WNGSW udział w granach oraz wieloośrodkowych projektach, udział w konferencjach z zasięgu międzynarodowym, oraz zgłoszenia w Urzędzie Patentowym.

5 Usunięcie punktowania za udział karny

6. Usunięcie limitu maksymalnego w stypendium dla najlepszych doktorantów

7 Warunki na stypendium doktoranckie i projektowe uproszczone. (Punktacja liczona na podstawie sprawozdania rocznego)

8. Wniosek o stypendium dla najlepszych doktorantów elektronicznie przez USOS ze względu na uchwałę UMK. Jedna kolumna z wpisanymi liczbą punktów uzyskanych za sprawozdanie

MOVEMENT

NUTRITIOUS MOVEMENT™

HEAD HANG

- Stand on an [illegible] back [illegible]
- Let the head slowly relax forward
- Feel the neck of the neck or [illegible]

HEAD RAMP

- Without [illegible] the head and [illegible]
- Rotating the eyes [illegible] shoulder's [illegible] (make a [illegible] [illegible] to [illegible] eye, over shoulder.

KNEE CAP RELEASE

Starting with [illegible]
- [illegible] lift and lower your knee cap.
- [illegible] Your knee cap's [illegible] in your knees are [illegible]. Find a [illegible] to have [illegible] if you the [illegible] difficulty.

CALF STRETCH

- Keep both feet, a right.
- Press the ball of R foot onto [illegible] during, keeping both on ground, keep the weight [illegible] R heel.
- Bend L foot forward to for an [illegible] while keeping [illegible] R heel [illegible] and body weight [illegible] R foot.
- Repeat on the other side.

PELVIC LIST

- Stand on the legs straight and [illegible] straight ahead
- Keeping weight back in heels, [illegible] & hand over the ground, have the L foot raises away from the ground
- Repeat [illegible] for 10 [illegible], keeping [illegible] straight.
- Repeat on the other side
- Place the [illegible] foot on a [illegible] or a [illegible] for [illegible] challenge. [illegible] right [illegible], only do this [illegible] [illegible].

TOP OF FOOT STRETCH

- From a [illegible] position, [illegible] R leg straight here so that the top of the foot [illegible] the ground.
- Without [illegible] your foot, [illegible] your pelvis [illegible] the back foot.
- For [illegible], step your R foot back [illegible] and [illegible] again.
- Repeat on the other side

TOE EXERCISES

- Spread toes away from each [illegible]
- Try [illegible] [illegible] the big toes up.
- Without [illegible] each toe up [illegible] by one, and [illegible] other each down one at a time

DOUBLE CALF STRETCH

- Lean forward and [illegible] [illegible] on the roof of a chair [illegible] one foot in a step, step up onto the ball other with both feet, keeping the heels on the floor
- Make sure that palm [illegible] [illegible] [illegible]
- Let your upper back [illegible] the floor, which will gently fill without to the ceiling, and increase [illegible] other the back of the legs.

THORACIC STRETCH

- Place each hands on the top of a chair in the a wall.
- Keeping legs [illegible] slowly [illegible] your lower [illegible] as fully [illegible].
- Slowly drop your chest toward the floor and raise the spine to lift the [illegible]
- Relax head.

RHOMBOID PUSH-UP

- Start on your hands and knees, keeping the knees directly under your hips, [illegible] directly under shoulders.
- Relax [illegible] to keep your shoulder width together
- Don't [illegible] the [illegible]
- Lift the spine [illegible] the ceiling, moving the shoulder blades apart, without [illegible] elbows or moving the pelvis.
- Continue to move your shoulder width together and apart.

STRAP STRETCH

- Lie on back, keep legs straight. Look of the forearms on the [illegible]
- Place strap around the ball of the R foot, the straps as long [illegible].
- Keep both knee [illegible] and gently pull on strap to [illegible] calf [illegible].
- If you have NOT had a hip replacement, use straps to slowly guide legs into the body.
- Repeat with other leg.

ABDOMINAL RELEASE

- Start on your hands, the knees, keeping the knees directly under your hips, and knees directly under shoulders
- Let your lower back [illegible].
- Without [illegible] your ground, replace shoulders and [illegible] and let your stomach and chest hang like a [illegible] full of a [illegible].

FLOOR ANGEL

- Another, using [illegible] or [illegible] to support shoulders and back.
- Open [illegible] as a "" [illegible] chest.
- Breathing [illegible] and [illegible] arms out, slowly [illegible] shoulder's like a "inner angel.

CRESCENT STRETCH

- Lie on back with arms overhead.
- Keep back hips and shoulders on the floor.
- Lean to the side of a "L"
- If keeping on the right, hook L ankle here the top of R ankle. (Hold [illegible] if you have a hip replacement.)
- Repeat on the other side.

HAND STRETCH

- Starting with palm up, pull each finger down towards the floor.
- Fan thumb. Start in "index finger" position. Gently pull thumb away from fingers and rotate thumb joint at its [illegible].

KNEE SQUEEZE

- Lie on here and palm block shoulder distance, gently [illegible].
- Without [illegible], pull knees into your chest, keeping knees together
- Spread ankles away from back knees
- Lower legs back to the floor
- Repeat

SPINAL TWIST

- Lie on back on floor or bed, keeping legs straight, pull R knee into [illegible] chest with [illegible] or [illegible] hand.
- Keep the R shoulder on the floor.
- Support your head with [illegible] or pillows as needed.
- Repeat on the other side.

LEGS ON THE WALL

- Lie on back and legs up on a wall in a "V" shape.
- Slide here away from the wall and wall you the ankle a small [illegible] between the back and your back [illegible].
- Keep the other legging in the feet into outward, and gently [illegible] gently to open hips.
- Rest either you hands in/

Figure 3. Comparison of the curvature of $\sqrt{3}\cos(t) - \pi/2 \leq t \leq \pi/2$. Left, The sample points and their tangent planes. Right: The computed curvature at the sample points and the true curvature of the function. The value of the integral approximation is 58.8236 degrees (converted from radians)

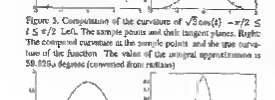

Figure 4. Same as above but with a denser sampling. The value of the integral approximation is 59.9600 degrees (converted from radians).

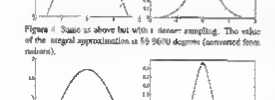

Figure 5. Same as above but with an even denser sampling. The value of the integral approximation is 60.0001 degrees (converted from radians).

2.2 Smoothness of a set of Points

In previous sections we showed that we can accurately measure the smoothness of a curve by evaluating (12) when the points and their normals are known. In practice the normals n_p are not known but will be computed by optimizing the tangent lines. However equation (10) shows that if the sampling rate is small enough then optimizing over n_p will yield the correct solution. This can be seen by noting that if we minimize (10) with respect to n_p then the dominant term $n_p \cdot \alpha(t_i)(c_p - t_i)$ (assuming sufficiently high sampling rate) vanishes if n_p is perpendicular to the tangent $\alpha(t_i)$. Hence n_p will approach the true normal when the sampling distance approaches zero. Therefore we take

$$\min_{\{n_{p_1}, \ \ldots \ n_{p_m}\}, \|n_{p_i}\|=1 \ \forall i} \sum_{i=1}^{m} \sum_{j \in \mathcal{N}(i)} \frac{|p_j - y_j'|}{\|p_i - p_j\|} \tag{17}$$

as our measure of smoothness of a set of points. Here $\mathcal{N}(i)$ represents some predefined neighborhood of the point i. In equation (13) the neighborhood of i is $i+1$ however for general point clouds the connectivity of the points is not known and therefore the neighborhood will in practice consist of nearby located points (see section 2.3). Note that since we are assuming that the points p are fixed the above minimization problem is separable and each normal could be optimized by itself. However in general, we will also assume that the points are so sparse in which case p_i will also depend on n normal

Figure 6 shows the solutions obtained when optimizing (17) for two different sampling rates. Here we are using both forward and backward distances, and therefore (17) should evaluate to approximately 120 degrees (when converted from radians). Even at the crude sampling rate of Figure 6, the sum in (17) is close to the true value.

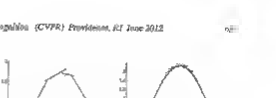

Figure 6. Estimated tangent planes for exactly measured data points at two different sampling rates. Left, The energy of the solution is 2.0721 (which corresponds to 118.8.728 degrees) Right, The energy of the solution is 2.0864 (which corresponds to 119.6419 degrees)

2.3. Energy

Next we consider the full problem of regularizing 2D-point clouds. We consider $\tilde{p}_i$ to be noisy measurements of the true points p_i. We will estimate the p_i and the curve implicitly represented by a tangent lines $l = (n_{p_i}, d_{p_i})$ by minimizing the pairwise energy

$$\min_{l} \sum_{i} \sum_{j \in \mathcal{N}(i)} w_{ij} E_s(l_i \ l_j) + \mu \sum_{i} E_d(l_i) \tag{18}$$

Here the minimum is taken over the set of tangent lines

The data term E_d measures the quality of the estimation of p_i. As mentioned before this term is application dependent, and should be chosen depending on what type of noise we may expect. In the 2D case we will use

$$E_d(l_i) = (n_{p_i} \overline{p}_i + d_{p_i})^2 \tag{19}$$

which is the squared distance between the measured 2D point and its orthogonal projection on the tangent line. It is straight forward to use other data terms that would prefer certain directions and positions. For example in the 3D-case a data term based on photoconsistency could be used. However as this work we are mainly interested in 3D point clouds and we do not assume that any other knowledge than the point measurements them selves are available.

Employee Section of Certification of Health Care Provider for Family Member's Serious Health Condition (Family and Medical Leave Act)

OMB NO. 1215-0174

Employee Section

Note: If the certification is not completed in English, the employee may be asked to furnish a translation.

INSTRUCTIONS to the EMPLOYEE: The FMLA permits an employer to require that you submit a timely and complete, and sufficient medical certification to support a request for FMLA leave to care for a covered family member who has a serious health condition. If requested by your employer, your response is required to obtain or retain the benefit of FMLA protections. 29 U.S.C. §§ 2613, 2614(c)(3). Failure to provide a complete and sufficient medical certification may result in a denial of your FMLA request. 29 C.F.R. § 825.313. Your employer must give you at least 15 calendar days to return this form to your employer. 29 C.F.R. § 825.305

Your name: Tyler Shah Grover
First Middle Last

Name of family member for whom you will provide care: Tyler Shah Grover
First Middle Last

Relationship of family member to you: child

- If spouse, please provide the spouse's gender: ☐ Male ☐ Female
- If both or life partner, please provide the date of birth: 7.17.2012

Describe the care you will provide to your family member:

Estimate leave needed to provide care: Nov 4th - 9th (inclusive)
Between 6 to 8 wks over 10 M

Indicate the documents included in your submission:

- ☑ Employee Section (this page only)
- ☐ Certification of Health Care Provider for Family Member's Serious Health Condition (pages 1 through 5)
- ☐ Permission to Contact Health Care Provider(s) (separate form provided in your packet)
- ☑ Certification of Health Care Provider Leave to Care for a Child Age 18 or Older (if applicable)

Employee Signature — Date: Nov 4th

Leave #115346169

Return completed form by mail or fax to: Illinois Leave Management Center, P.O. Box 19255, Columbia, SC 29202-9255; Fax: 866-340-7681 (International fax 443-391-1385); Phone: 866-776-0454

1.7 "Copayment", "Coinsurance" or "Deductible" means those charges permitted under the Covered Medical Expenses section of the Benefit Plan which may be collected directly by Participating Providers at the payment for Covered Services.

1.8 "Covered Medical Expenses" means a person's usual, customary and reasonable charges for Covered Services under the Benefit Plan.

1.9 "Covered Services" means the medically Necessary professional, clinical, and ancillary services that are otherwise eligible for Benefit Payments, as further described in the Benefit Plan and listed under the heading "Covered Services" in the Schedule of Benefits.

1.10 "Emergency Medical Condition" means the sudden, unexpected, bodily, acute symptoms of sufficient severity (including severe pain) such that the absence of immediate medical attention could reasonably be expected to result in one of the following: (a) placing the patient's health in serious jeopardy; (b) serious impairment to bodily functions; or (c) serious dysfunction of any bodily organ or part; or (d) serious disfigurement. For a pregnant woman, this shall include serious jeopardy to the health of the fetus. The determination of whether a particular medical situation is being experiencing an Emergency Medical Condition shall be made by APS or Affiliate Physician in conformity with Good Medical Practice, as appropriate.

1.11 "Medically Necessary" or "Medical Necessity" are those services or procedures which, in the reasonable judgment of APS or Affiliate Physician, are appropriate and necessary for the diagnosis or treatment of a Covered Person's medical condition, illness or injury, which meet generally accepted standards of medical practice, and which are provided in the most cost-effective manner. Medical Necessity shall be determined by APS or Affiliate Physician in conformity with Good Medical Practice, as appropriate.

CHIPOTLE

MEXICAN GRILL

1401 Lincoln Avenue
Woodland Hills, CA 91367

BURRITOS & BOWLS
Lightly grilled, 100% vegetable-based beans or lentils, layers, topped with brown rice, white rice, your choice of fajita vegetables, served in a flour tortilla or as a bowl.

TACOS
Three crispy corn, soft corn or soft flour tortillas with beef, salsa, and shredded cheese and onions.

SALADS
Chopped romaine lettuce with choice of beans, meat, salsa and cheese. Served with freshly made chips in a bowl.

QUESO
Melted cheese dip with chiles.
Mild, Hot Grilled

STEAK
Marinated in our chipotle adobo, then grilled.

CARNITAS
Braised pork, shredded to order, then shredded.

BARBACOA
Beef in chipotle adobo, then shredded.

VEGETARIAN
A vegetarian, protein-filled stir fry mixed with fajita vegetables and chipotle-lime sauce.

SALSAS
Fresh Tomato Mild
Roasted Chili-Corn Medium
Tomatillo-Green Chili Medium Hot
Tomatillo-Red Chili Hot

EXTRAS
Rice & Beans
Chips & Salsa

To: Paul A. Stein
Subject: Re: in home care

Tha phone numbar for Visiting Angels is 314-962-5700. They have someone on call 24/7. We don't have a specific name there but it sounds like someone is always availebla to answer questions, send information, etc

From: Paul A. Stein <Paul_Stein@msn.com>
Sent: Sunday, March 4, 2018 8:39 AM
To: Linda Vandivort
Subject: RE: In home care

Linda – We would sure like to learn more about Visiting Angels and to brief you on Val's situation and our current thinking. We shall try to call you Sunday after noon for at least a brief update and hope to know and be able to convey more firm plans mid-week. Can you get for me the name and address of the Visiting Angels person for us to contact and visit with about their program? We can have a telephone conference with such person. Right now the situation is still unclaar and, in fact, confusing as Val seems to rally but then detenorate again. Her doctors have told us that Val needs repeat needs PT and she should be getting it now at SLU. However, I wee very disappointed that she was rejecting this when we last saw her on Saturday. She loves your banana bread but is still at SLU as this is written Sunday morning, March 4, and I do not know when that will change. Paul

THE
FOX
JUMPED

988-877-1655

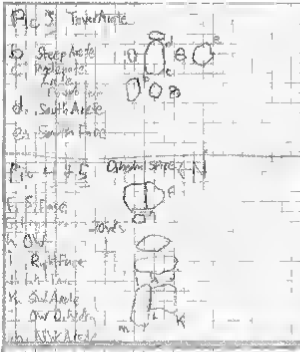
Hello from Villa Park Landscape

Reinvent TELEPHONY

Open Source Telephony Developer Conference

877.742.CLUE

www.cluecon.com



#1, "Waitin For A Train"

#3, "Ho Arctic"

#6 "Leave The Motor Running" (continued on #11, but on wearing side of "MY Time STAYED").

#13 "Thoroughbred"

#9 "Hitchin Post"

The low-ambient control (if used) (YC) must be installed at the proper location and wired to the unit. See the installation instructions included with the accessory for more details.

- Insert LED + Yellow jumper
- Insert LED – Yellow jumper
- Set Yellow LED jumper to Low Ambient (LOW)

If insurance agrees, the owner is overcharge, follow the steps below to correct the situation:

1. Check to confirm that the unit is operating within the cataloged capacity range. If it is not, check to confirm proper refrigerant charge and that the condenser coil is not dirty.
   Measure the pressure drop across the coil to confirm proper airflow. Refer to the unit service literature for instructions and specifications.
2. Verify the proper operation of the thermostat and system settings.
3. Fan blades properly oriented for correct airflow?
   - Air inlet screens free of debris (clean or replace)?
   - Louvered panels installed properly?
4. Blower wheel rotates freely (spins in correct direction)?
   - Set to run continuously to test?
5. Voltage and current readings taken at unit (within tolerance)?
6. Wiring and electrical connections tight?
7. Refrigerant charge correct?

Strainer — Remove, inspect, clean or replace any strainer screens. Reassemble with new gaskets. Evacuate to 500 microns (67 kPa) and recharge with factory charge. Note all losses; pressure test and repair as required. Use only refrigerant specified on the unit nameplate. Do not use any substitute refrigerant. When strainer is found clean, check with factory before charging. Refer to Refrigerant Charge section.

Condenser Fans — Inspect fan assembly periodically and remove any debris that accumulates around the fan. Ensure that the fan blade is securely attached to the motor shaft. Adjust the fan height as shown in the unit drawing. Do not bend or distort fan blades in any way. Replace damaged fan blades immediately to avoid vibration problems.

IMPORTANT: Check for proper fan rotation (counterclockwise when viewed from above). If necessary, switch any two power supply conductors. Do not cut fan.

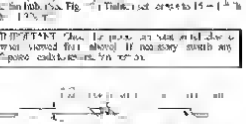


Fig. 42 — Typical Fan Mounting Position

Fan Guard — Check all fan guards to ensure that they are in place and secure.

Motormaster® V Controller — The Motormaster® V (MMV) controls the speed of the outdoor fan motor(s) in response to the condensing temperature or pressure. The MMV controller can be used with single-speed fan motors. The controller senses refrigerant pressure and controls the fan motor speed to maintain condensing temperature or pressure within the user-defined limits.

⚠ WARNING

Hazardous voltage. Disconnect all electrical power including remote disconnects before servicing. Failure to do so may result in electrical shock or injury. Wait 5 minutes after disconnecting power to allow capacitors to discharge. Verify with voltmeter that capacitors have discharged before handling any wires or components.

⚠ WARNING

Unit contains refrigerant under high pressure. Failure to follow safety warnings exactly could result in serious injury or death. Relieve pressure and recover all refrigerant before working on refrigerant lines or components. Wear eye protection and gloves when handling refrigerant lines. Keep torches and other ignition sources away from refrigerant lines and components.

⚠ CAUTION

Do NOT exceed maximum MMV output current rating as listed in Table 9. Select a motor with adequate current rating. Failure to do so may result in damage to the MMV controller.

⚠ CAUTION

Electrostatic discharge can damage electronic components. Before handling any MMV controller, touch a grounded metal object to discharge any static electricity that may be present on your body.

Do not connect or disconnect wires at the MMV controller unless power to the MMV controller has been disconnected. Failure to do so may result in damage to the MMV controller.

Do not use an ohmmeter or megohmmeter to measure motor winding resistance. Failure to do so may result in damage to the MMV controller.

Do not use a megohmmeter or apply high voltage to check motor insulation. Failure to do so may result in damage to the MMV controller.

Do not operate the MMV controller with the cover removed. Failure to do so may result in damage to the MMV controller.

Do not connect the MMV controller output to any voltage source. Failure to do so may result in damage to the MMV controller.

Do not use the MMV controller as a variable-speed controller for the fan motor during normal unit operation. Use the MMV controller only to vary the speed of the fan motor to maintain the minimum and maximum condensing temperature or pressure limits.

OPERATION OPTIONS — The operation options may be set using the DIP switches on the MMV controller. See Table 10. The MMV input board is displayed in Fig. 43.

The controller can be set to be integrated for full operation or for fan speed control only. See Table 10. Check with factory for *integrated-MMV* or *MMV* setting. The installer can then set the MMV controller for the desired fan control type.

CONFIGURATION — The MMV is configured for full operation (uses feedback from the sensor to be controlled) as shipped. The MMV can be configured for fan speed control only (does not use feedback from the sensor to be controlled) by setting DIP switch 1 to ON. See Table 10.

Test fax from Circuit ID

Installation and Settings

ID #1004

Can I use fax over your service?

The short answer is yes, you can.

The long answer is that Voice over IP as a whole does not support fax well at this point. The settings below will work MOST of the time, but not all the time. Please understand that while we encourage you to try and use fax with our service, we cannot guarantee it will work. If fax is very important to you we recommend keeping a basic PSTN phone line for this purpose.

To maximize fax success with our service

1. Set your codec to g711u (uLaw). Fax will NOT work with any of the lower bandwidth codecs.

2. Set your RTP Packet Size to 0.020, or even 0.010.

3. Make sure you have plenty of free bandwidth available to avoid interruptions.

4. Disable ECM on your fax

5. Decrease the transfer speed on your fax to 9600 bps or lower. Different faxes have different ways to do this, some of them call it "Overseas mode".

6. Put a DSL filter between your fax and your Analog Telephone Adapter.

7. Try to avoid faxing long documents. Try to fax pages in batches of 2-3 at a time to maximize chances of success.

8. You will want to disable echo cancellation. Some adapters (for most Sipura models, PAP2, SPA series etc.) have a "FAX Disable ECAN" mode which will automatically disable this when it detects a fax being sent. If your adapter does not support this, we recommend you keep echo cancelation on when making voice calls, but turn it off manually when faxing. Another option would be to set Line 1 with settings ideal to voice, and Line 2 with settings ideal for fax.

9. Disable Silence Suppression while faxing.

10. Set FAX Codec Symmetric to No.

11. Set FAX Passthru Method to ReINVITE.

12. Set FXS Port Input Gain and FXS Port Output Gain to -3.

13. Set your Jitter Buffer to Extremely High, and Jitter Buffer Adjust to NO. Faxes don't care if there is a delay on the line, all they care about is getting a consistent data stream. Jitter buffer does just that. :)

Following the above settings you will maximize your chances of faxing over IP, but unfortunately this is not a guarantee that it will succeed. We wish you the best of luck though, happy faxing!

One more note: we have discovered that some of our vendors support voice better, while some of them

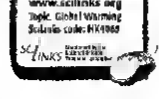
d levels of carbon dioxide may lead to global warming

the greenhouse effect, Earth would have a cold average ature than it does. But too much of the greenhouse effect e problems. If too much heat is trapped, the global tem- will rise. This *global warming* could cause the icecaps to ean levels to rise, and droughts to occur in some areas

on dioxide occurs naturally and is necessary for plant- ants do. In the last 100 years, the burning of coal, oil, and ewer plants, machinery, and certain added excess carbon o the air. Recently, scientists have hypothesized that this in the amount of carbon dioxide in the air is the reason the tropo- e average temperature has risen 0.5°C in the past 100 years. coal or fossil fuels is responsible for global warming and do about it continues to be debated around the world.



SECTION 1 REVIEW

MARY

ayers of Earth's atmos- e are the troposphere, sosphere, mesosphere, thermosphere.

oxygen–carbon dioxide produces the oxygen reathe. Plants release on. Animals breathe oxygen and release on dioxide, which is by plants.

ozone layer protects m Earth by absorbing h of the ultraviolet iation entering Earth's sphere.

ure linked to the ntent on of the ozone. For this reason, the ons has been banned in countries.

addition of CO$_2$ to the sphere by the burning sil fuels may cause al warming. This issue issues to be debated

1. **Identify** the two atmospheric layers that contain air that is at 25°C.
2. **Identify** what a characteristic is true of the mesosphere.
   a. It gets warmer with altitude.
   b. It is used in radio communications.
   c. It is where auroras take place.
   d. It exhibits extreme changes in temperature.
3. **Identify** which of the following gases is most abundant in Earth's atmosphere today.
   a. argon
   b. nitrogen
   c. oxygen
   d. carbon dioxide
4. **Compare** Earth's early atmosphere with its present one.
5. **Describe** the role that plants play in the oxygen–carbon dioxide cycle.
6. **Explain** why the following statement is incorrect.
   Global warming could cause oceans to rise, so the greenhouse effect must be eliminated completely.
7. **Predict** how much colder it is at the top of Mount Everest, which is almost 9 km above sea level, than it is at the Indian coastline. **Hint.** The temperature in the troposphere decreases by 6°C/km.
8. **Critical Thinking** In 1932, Larry Walters rose to an altitude of approximately 4900 m on a lawn chair attached to 45 helium-filled weather balloons. Give two reasons why Walters's efforts were dangerous.

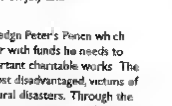
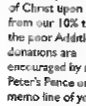
Receptions for Fr Carl June 30-July 1

Come worsh p with Fr Carl and our community the weekend of June 30—July 1 as he celebrates his final liturgies as our pastor Following liturgies there will be receptions and time to visit with Fr Carl. Fr Carl will begin his m nistry as Vicar General for the Diocese of Cheyenne and Pastor of St. Joseph's Catholic Community In Cheyenne on July 2nd

Peter's Pence

Next week we acknowledge Peter's Pence wh ch provides the Holy Father with funds he needs to carry out his most important charitable works The proceeds benefit the most disadvantaged, victims of war, oppression and natural disasters. Through the generosity of our community, we can cast the peace of Christ upon the world. A donation will be made from our 10% tithe for the poor Additional donations are encouraged by noting Peter's Pence on the memo line of your check.





Liturgy and Picnic in Washington Park

This year's Liturgy and Picnic in the Park is June 24 at the 11:00 am Liturgy The outdoor Liturgy will be in the vicinity of the Otto Dahl Shelter in Washington Park. Bring a picnic lunch to enjoy or share with fellow community members following liturgy You may also wish to bring lawn chairs, and blankets for seating during liturgy Sunscreen and hats are also recommended as we are not always in a shaded area. Make plans to attend this unique outdoor event.

TEST

#2

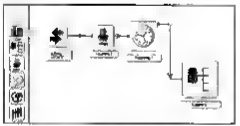
Det er legende let at bruge everConnect!

everConnect opsættes lynhurtigt på nettet. De enkelte funktioner trækkes blot ind på skærmen som byggeklodser



Klodserne forbindes med streger og hver funktion indstilles (f.eks. åbningstider). Klik så på "Aktiver" vent ca. 5 sekunder

så virker det!

Der er omgående respons og det gælder også økonomien! I takt med at I vælger funktioner til jeres omstillingsanlæg kan I se, hvad den præcise omkostning bliver pr. måned. Det er gennemsigtighed!

everConnect er fremtiden - NU!

Hvordan gør men?

Sådan kommer I i gang:

- Jeres omstillingsanlæg opbygges på vores hjemmeside

www.evercall.dk

- Derefter aktiveres omstillingsanlægget og er efter få sekunder klar til brug!

Prøv everConnect gratis!

For at I kan afprøve everConnect og dets muligheder giver vi jer 8 dages gratis afprøvning af jeres omstillingsanlæg! Her kan I ringe til danske mobil- og fastnetnumre (opkald afbrydes efter 60 sekunder).

Opkald til jeres hovednummer kan eventuelt viderestilles til jeres everConnect-anlæg så I kan lave en realistisk full-scale afprøvning. Testen kan afbrydes igen ved at fjerne viderestillingen.

Kontakt vores erhvervssalg for at høre om jeres muligheder og om hvor let det er at skifte på

444 00 444

(telefontid man-fre 8-15) eller send os en mail på erhvervssalg@evercall.dk

everConnect er udviklet af

evercall

Kongensgade 8 1 • 5000 Odense C
Tlf. 44 40 40 40 • service@evercall.dk • www.evercall.dk

Endelig et genialt omstillingsanlæg!

Ideen til erhverv

everConnect

- **Gennemskueligt og fleksibelt**
- **Internetbaseret**
- **Virker med alle teleselskaber**
- **Både mobil og fastnet**
- **Ingen binding**
- **Fra kun kr. 199,- pr. måned!**

TEST

Do I Need an EIN?

File Form SS-4 if the applicant entity does not already have an EIN but is required to show an EIN on any Return, statement, or other document.[1] See also the separate instructions for each line on Form SS-4

IF the applicant...	AND...	THEN...
Started a new business	Does not currently have (or expect to have) employees	Complete lines 1, 2, 4a–8a, 8b–c (if applicable), 9a, 9b (if applicable), and 10–14 and 16–18.
Hired (or will hire) employees, including household employees	Does not already have an EIN	Complete lines 1, 2, 4a–8a, 7a–b (if applicable), 8a, 8b–c (if applicable), 9a, 9b (if applicable), 10–18.
Opened a bank account	Needs an EIN for banking purposes only	Complete lines 1–5b, 7a–b (if applicable), 8a, 8b–c (if applicable), 9a, 9b (if applicable), 10, and 18.
Changed type of organization	Either the legal character of the organization or its ownership changed (for example, you incorporate a sole proprietorship or form a partnership)[2]	Complete lines 1–18 (as applicable).
Purchased a going business[3]	Does not already have an EIN	Complete lines 1–18 (as applicable).
Created a trust	The trust is other than a grantor trust or an IRA trust[4]	Complete lines 1–18 (as applicable).
Created a pension plan as a plan administrator[5]	Needs an EIN for reporting purposes	Complete lines 1, 2, 4a–8a, 8c, 10, and 18.
Is a foreign person needing an EIN to comply with IRS withholding regulations	Needs an EIN to complete a Form W-8 (other than Form W-8ECI), avoid withholding on portfolio assets, or claim tax treaty benefits[6]	Complete lines 1–5b, 7a–b (SSN or ITIN optional), 8a, 8b–c (if applicable), 9a, 9b (if applicable), 10, and 18.
Is administering an estate	Needs an EIN to report estate income on Form 1041	Complete lines 1–8a, 9a, 10–12, 13–17 (if applicable), and 18.
Is a withholding agent for taxes on non-wage income paid to an alien (i.e., individual, corporation, or partnership, etc.)	Is an agent, broker, fiduciary, manager, tenant, or spouse who is required to file Form 1042, Annual Withholding Tax Return for U.S. Source Income of Foreign Persons	Complete lines 1, 2, 3 (if applicable), 4a–8a, 7a–b (if applicable), 8a, 8b–c (if applicable), 9a, 9b (if applicable), 10, and 18.
Is a state or local agency	Serves as a tax reporting agent for public assistance recipients under Rev. Proc. 80-4	Complete lines 1, 2, 4a–8a, 9a, 10, and 18.
Is a single-member LLC	Needs an EIN to file Form 8832, Classification Election, for filing employment tax returns, and excise tax returns, or for state reporting purposes[7]	Complete lines 1–18 (as applicable).
Is an S corporation	Needs an EIN to file Form 2553, Election by a Small Business Corporation[8]	Complete lines 1–18 (as applicable).

[1] For example, a sole proprietorship or self-employed farmer who establishes a qualified retirement plan, or is required to file excise, employment, alcohol, tobacco, or firearms returns, must have an EIN. A corporation, corporation, REMIC (real estate mortgage investment conduit), nonprofit organization (church, club, etc.), or farmers' cooperative must use an EIN for any tax-related purpose even if the entity does not have employees.

[2] However, do not apply for a new EIN if the existing entity only (a) changed its business name, (b) elected on Form 8832 to change the way it is taxed (or is covered by the default rules), or (c) terminated its partnership status because at least 50% of the total interests in partnership capital and profits were sold or exchanged within a 12-month period. The EIN of the terminated partnership should continue to be used. See Regulations section 301.6109-1(d)(2)(iii).

[3] Do not use the EIN of the prior business unless you become the "owner" of a corporation by acquiring its stock.

[4] Grantor trusts that do not file using Optional Method 1 and IRA trusts that are required to file Form 990-T, Exempt Organization Business Income Tax Return, must have an EIN. For more information on grantor trusts, see the instructions for Form 1041.

[5] A plan administrator is the person or group of persons specified by the administrator by the instrument under which the plan is required.

[6] Entities applying for the Qualified Intermediary (QI) type of QI-EIN even if they already have an EIN. See Rev. Proc. 2000-12.

[7] See also Household employer on page 4 of the instructions. Some State or local agencies may need an EIN for other reasons, for example, those employees.

[8] See Disregarded entities on page 4 of the instructions for details on ownership. Form SS-4 is for an LLC.

* An existing corporation that is electing or revoking S investment choice should use its previously-assigned EIN.

HP All-in-One or Fax Product - Using the Product with a Telephone Answering Machine (TAM)

Introduction
Basic information for setting up with a TAM
How HP all-in-one or fax products work with a TAM
What about a voice mail service that is provided by the phone company?
Possible issues when using a TAM

Introduction

HP all-in-one and fax products are designed to work with a telephone answering machine (TAM) on phone lines that receive both voice and fax calls.

Basic information for setting up with a TAM

- Connect the phone cord from the TAM directly into the phone port on the HP all-in-one or fax product (see Figures 1 and 2).

Figure 1: Connecting multiple devices to a product that has three ports

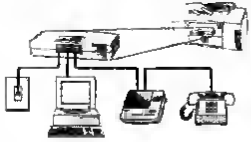

Figure 2: Connecting multiple devices to a product that has two ports

American Laborers United, LLC
123 E. Headline Rd. Ste. 1000
Tempting, AZ. 85281
800.315.9855
480.300.5127
(F) 480.300.5846
http://www.americanlaborersunited.com

The following information is in regard to a unique opportunity as it concerns your featured as one of only four professionals in your specialty for the coming year. Someone in your area requests as your unique information, and we always strive to speak with local referrals before many of other vendors.

American Laborers United, LLC (ALU) is a free information resource center for, of Union members (Installers, Repairers, Service, and, Refrigeration city, county and state municipal workers, as well as drivers, such as construction workers and electricians). Union members come to our land (http://www.americanlaborersunited.com) to find out the latest information regarding their interests, such as jobs and opportunities in driving vans, airless labor disputes, etc.

ALU is now forming a network of businesses which will provide these Union members and their families as friends with quality services and good value by offering them an incentive discount card, such as a discount, free consultation, (or whatever might be appropriate for your specific business). Most importantly, we want to offer these Union contacts the assurance that any products or ALU refers them to will have a history of excellence in that field.

Since you've requested with ALU, as Graphic Design department will receive a full-color listing with your logo/photo and your contact info member, as well as hyperlinks to your own website and email. Your ad would be posted on our site for up to 12 months. There are no monthly fees or renewal charges—we only charge a registration fee of $100 for the entire year. There are featured rates are available for subsequent listings if you do it across multiple counties, or if you would like to be listed in more than one category—we do not double-charge for additional counties or categories.

Our company plan is to heavily market this new addition to our website to the many Union Laborers members. We are also working on search engine results, newsletters, and thorough outbound Search Engine Optimization (SEO). We are currently in the pre-registration phase, so we need to fill those spaces as we can as possible. Once we "hit" at the end of the 1st quarter it is likely that we will be unable to guarantee to that next regular availability based upon the number of ads that fall into receives each month.

If you would like us view the exact methods for your county, simply go to http://www.abc-123.com/network.com. Then, scroll to the bottom of the page and click on your state. Then your county, then your category.

Please keep in us to that ALU reserves these spaces in the order in which we receive them, and space is limited to only four listings in any given category in any given county.

Please call me today if you have questions or are ready to reserve your spot with us.

Sincerely,

Brad Simmons, Union Liaison
American Laborers United

EXPLANATIONS

Case Number 09-10642-TTG

Filing of Chapter 7 Bankruptcy Case	A bankruptcy case under Chapter 7 of the Bankruptcy Code (title 11, United States Code) has been filed in this court by or against the debtor(s) listed on the front side, and an order for relief has been entered.
Legal Advice	The staff of the bankruptcy clerk's office cannot give legal advice. Consult a lawyer to determine your rights in this case.
Creditors Generally May Not Take Certain Actions	Prohibited collection actions are listed in bankruptcy Code §362. Common examples of prohibited actions include: contacting the debtor by telephone, mail or otherwise to demand repayment; taking actions to collect money or obtain property from the debtor; repossessing the debtor's property; starting or continuing lawsuits or foreclosures; and [illegible] or deducting from the debtor's wages. Under certain circumstances, the stay may be limited to 30 [illegible] or may not go into effect at all. [illegible] the court to extend, [illegible]
Presumption of Abuse	If the presumption [illegible] abuse arises, creditors may have the right to file a motion to dismiss the case under § 707(b) of the Bankruptcy Code. The debtor may rebut the presumption by showing special circumstances. **The presumption may not be available in cases filed before October 17, 2006.**
Meeting of Creditors	A meeting of creditors is scheduled for the date, time and location listed on the front side. *The debtor (both spouses in a joint case) must be present at the meeting to be questioned under oath by the trustee and by creditors.* Creditors are welcome to attend, but are not required to do so. The meeting may be continued and rescheduled to a later date without further notice.
Do Not File a Proof of Claim at This Time	There does not appear to be any property available to the trustee to pay creditors. *You therefore should not file a proof of claim at this time.* If it later appears that assets are available to pay creditors, you will be sent another notice telling you that you may file a proof of claim, and telling you the deadline for filing your proof of claim. If this notice is mailed to a creditor at a foreign address, the creditor may file a motion requesting the court to extend the deadline.
Discharge of Debts (cases filed on or after October 17, 2005)	The debtor is seeking a discharge of most debts, which may include your debt. A discharge means that you may never try to collect the debt from the debtor. If you believe that the debtor is not entitled to receive a discharge under Bankruptcy Code §727(a) or that a debt owed to you is not dischargeable under Bankruptcy Code §523(a)(2) (4) or (6), you must start a lawsuit by filing a complaint in the bankruptcy clerk's office by the "Deadline to File a Complaint Objecting to Discharge of the Debtor or to Determine Dischargeability of Certain Debts" listed on the front side. The bankruptcy clerk's office must receive the complaint and any required filing fee by that Deadline.
Discharge of Debts (cases filed before October 17, 2005)	The Debtor is seeking a discharge of most debts, which may include your debt. A discharge means that you may never try to collect the debt from the Debtor. If you believe that the Debtor is not entitled to receive a discharge under 11 U.S.C § 727(a) or that a debt owed to you is not dischargeable under 11 U.S.C. § 523(a)(2), (4), (6), or (15), you must start a lawsuit by filing a complaint in the bankruptcy clerk's office by the "Deadline to File a Complaint Objecting to Discharge of the Debtor or to Determine Dischargeability of Certain Debts" listed on the front side. The bankruptcy clerk's office must receive the complaint and the required filing fee by that deadline.
Exempt Property	The debtor is permitted by law to keep certain property as exempt. Exempt property will not be sold and distributed to creditors. The debtor must file a list of all property claimed as exempt. You may inspect that list at the bankruptcy clerk's office. If you believe that an exemption claimed by the debtor is not authorized by law, you may file an objection to that exemption. The bankruptcy clerk's office must receive the objections by the "Deadline to Object to Exemptions" listed on the front side.
Bankruptcy Clerk's Offices	Any paper that you file in this bankruptcy case should be filed at the bankruptcy clerk's office at the address listed on the front side. You may inspect all papers filed, including the list of the debtor's property and debts and the list of the property claims to be exempt, at the bankruptcy clerk's office.
Consider Your Rights Without Delay	Consult a lawyer familiar with United States bankruptcy law if you have any questions regarding your rights in this case.
Motions Re: Dismissal	If the Debtor, or joint Debtor, fails to file required schedules, statements or lists within 15 days from the date the petition was filed, the U.S. Trustee will apply for an ex parte order of dismissal on the fifth day after the deadline passes. If the Debtor or joint Debtor, fails to appear at the meeting of creditors, the U.S. Trustee will apply for an ex parte order of dismissal five days after the date scheduled for the meeting of creditors, or the date of any rescheduled or continued meeting. That is the only notice you will receive of the U.S. Trustee's motion to dismiss the case. If you wish to oppose the dismissal, you must file a written objection within five days after the applicable deadline passes (i.e. 15-day deadline or date of the meeting of creditors).
Appointment of Trustee	Pursuant to 11 U.S.C §701 and §322 and Fed. R. Bankr. P. 2008, **Peter H Aristeon** is appointed Trustee of this estate. If the above named Debtor so serve under the Trustee's blanket bond. The appointment is made effective on the date of this notice. Unless the Trustee notifies the U.S. Trustee and the Court in writing of rejection of the appointment within five(5) days of receipt of this notice, the Trustee shall be deemed to have accepted the appointment. Unless creditors elect another Trustee at the meeting of creditors, the Interim Trustee appointed herein will serve as the Trustee. Mark D Wolosz, Assistant U.S. Trustee

interpage INTERPAGE™ NETWORK SERVICES INC.

Phone: +1 (650) 331-3900 • Fax: +1 (650) 292 1600 • www.interpage.net

Other Interpage Free service trials:

Does your voicemail call you?

Interpage VoiceMail will alert you before and after a call leaves a message, send a WAV audio file of received messages to your phone or e-mail, and even call you and play the received message at one or more telephone numbers! Visit interpage.net/voicemail for details

Multiply the value of your old pager!

Like having a pager but need to receive messages on your cellphone or email as well? Want to have the same functionality as a pager on your cellphone without having to give out your cellphone number? Would you like to schedule and filter received pages and emails to multiple cellphones, pagers, and email accounts? Try Interpages DirectPage service! Visit interpage.net/direct for details.

Know for sure that urgent alerts are received!

Outvoice text-to-speech and WAV file telephone dial-out/broadcast verbally notifies landlines, cell cellphones, and can prompt the recipient to confirm receipt so you can be certain that alerts are received! For details, visit interpage.net/outvoice

Hello!

This is a sample text file which is being sent to you as per your request via the Interpage FreeFax™ Service!

This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's subscription fax service(s)

If you review the cover sheet which was transmitted with this fax, you will note the first letter of the name you had indicated in the TO: field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with this trial fax transmission result.

This file is a sample MS Word file;
many other file types are supported

If you have any questions regarding Interpage's OutFax™ Service, including the FaxUnlimited™ service with no per-use or per-minute charges, please feel free to contact us at:

Phone. +1 (650) 331 3900 9AM to 5:30 PM M-F Pacific Time
E-Mail. Intl-support@interpage.net
Web: http://www.interpage.net

Thank you for your interest in Interpage!

Notes: 1. Due to the malicious use of the FreeFax service, Interpage will no longer transmit personalized text messages; only the above fixed sample message will be transmitted. You may establish a trial account for evaluative purposes by at interpage.net/trial, clearly indicating a valid e-mail address and contact telephone number. Please call (510) 315-2759 for additional details.

2. This fax is not a solicitation nor is it an offer; it was sent by a visitor to Interpage's web site who entered your destination number as a recipient of this test fax. A single destination may not receive more than two tests in a given week; however, if you find that someone is sending you faxes in a continuous and abusive manner please call us at (510) 315-2738 and we will block your fax account from the FreeFax service.

Gabarits GRATUITS

Avery Design & Print Online

- Personnalisez et imprimez en ligne à l'aide d'une machine Mac® ou PC, chez vous ou au bureau.

Gabarits Avery pour Microsoft® Word

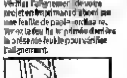
- Téléchargez un gabarit pour faciliter le formatage et l'impression.

Assistant Avery intégré pour Microsoft® Word et sous Windows®

- Gagnez du temps grâce aux guides pas à pas.

Conseils d'impression

- Vérifiez l'alignement de votre projet en imprimant d'abord sur une feuille de papier ordinaire. Placez-la face à face devant une source de lumière pour vérifier l'alignement.



- Lorsque vous cliquez sur Imprimer (ou Fichier > Imprimer), choisissez la bonne source d'alimentation (Propriétés, Préférences, Options ou Configuration de l'imprimante), changez le type de support (Type) et sélectionnez Épais (Normal/Épais) ou Carte (Card Stock).
- Si votre imprimante ne fait pas l'recto-verso, vous pouvez imprimer la moitié de l'feuille et l'autre moitié plus tard.
- Utilisez uniquement les produits Avery® conçus pour des machines identiques à la vôtre.

Plantillas GRATIS

Avery Design & Print Online

- Permite personalizar e imprimir desde Mac® o PC, en casa o en la oficina.

Plantillas Avery para Microsoft® Word

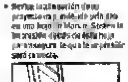
- Descargue un diseño para facilitar el formato e impresión.

Avery Wizard para Microsoft® Word de Windows®

- Ahorre tiempo con esta guía paso a paso.

Sugerencias de impresión

- Realice una prueba con una hoja de papel común. Para comprobar la alineación, coloque la prueba delante de una luz para asegurarse de que la impresión sea correcta.



- Al seleccionar las opciones de impresión, en ocasiones recomendamos que elija Card Stock o Heavyweight/Luster (Papel de tarjeta).
- Si su impresora admite impresión a doble cara, puede imprimir la mitad de la hoja y, posteriormente, la otra mitad.
- Utilice solamente productos Avery® diseñados específicamente para su impresora.

Squid and Active Directory authentication.

Posted by admin on February 11, 2009 under Active Directory, Linux, Proxy | Be the First to Comment

Overview

I've recently setup Active Directory authentication via Squid proxy for my new workplace test environment. Essentially people were abusing the internet (looking up xxx rated sites etc) whilst at work So it was decided to install a proxy to watch and moderate user access. Just as an aside note, proxies don't tell you about ALL the traffic going through your network/proxy, for this you need NTOP, a packet sniffer with reporting tools I'll attempt to explain how I setup the proxy with Active Directory authentication and explain why it works, so that you can do it too

If you don't already know, Squid is a caching server that runs on both Linux and Windows, in my case it will be running on Linux All this means is that Squid takes a normal users request for a

Get Rid of Ants

Here's an easy, overnight solution

February 15, 2010

Every summer I get an attack of the ants on my kitchen counter. They're really tiny ants. And when they first show up, there are only a few, maybe a half dozen. My reflex instinct is to just squash 'em. But sure enough the next day there are another half dozen meandering around. So, I came up with a better solution. And that is to make a solution of Borax Ant Bait. The recipe is listed below.

But it's the middle of winter now, so why am I jabbering on about my ant problem? Well, just like the winter Olympics, the ants have moved North and they're in my upstairs bathroom. It's disgusting! But I put the solution to work and by tomorrow I will have nothing but...

dead ants, dead ants, dead ants, dead ants,
dead ants, dead ants, dead ants!

Put that last part to music and you'll be singing the tune from the Pink Panther.

=== Borax ant bait

Borax is the most common ingredient in house ant control products, and get this: it's absolutely 100% natural. The best way (in my opinion) to use Borax is to mix 1 cup of warm water with 1/2 cup of sugar, and 2 tablespoons of Borax. Then soak the Borax mixture up with cotton balls and place those cotton balls near any trails the ants have established in your home.

ZAPROSZENIE

W związku z ogólnopolską akcją profilaktyki schorzeń kręgosłupa, mamy zaszczyt zaprosić Państwa na spotkanie, które odbędzie się:

19 kwietnia 2012r (Czwartek)

Klub "Pastel" ul. Sobieskiego 48 • godz. 11^{00}

PROSIMY O PRZYJŚCIE 15 MINUT WCZEŚNIEJ Z OKAZANIEM PASSPORTU I GODZINA. ILOŚĆ MIEJSC OGRANICZONA.

Każdy uczestnik spotkania otrzyma atrakcyjny prezent o wartości do 50 zł.

Klienci otrzymają również

CAŁKOWICIE GRATIS

atrakcyjne urządzenie pomocne przy wszelkiego rodzaju schorzeniach.

SPONSOROWANO ZE ŚRODKÓW PUBLICZNYCH

Hello!

Rundle College Student Services
PLAN Registration Form

Drop off this form and $15 to the Main Office

What: PLAN – Preliminary ACT Test

When: Wednesday, April 15th at 9.00am

Who: Grade 10 high school students

Where: Rundle College Senior High School

Cost: $15 Due March 6th to the main office.

Contact: Ms Dunsford, Counsellor – Student Services

Yes, I would like to write the PLAN on Wednesday, April 15th at Rundle College Senior High School from 8:00-11:30am

Date: ____ Student Name. _____ _____

Student Signature. _____

THE EXCLUSIVE QUANTUM JUMPING EXPOSED WEBINAR NOTES

LEARN THE SHOCKING TECHNIQUE THAT HAS HELPED OVER 18,000 PEOPLE ENJOY DRAMATICALLY WEALTHIER HEALTHIER HAPPIER LIVES

3 SIMPLE TIPS TO GET THE MOST OUT OF THE WEBINAR

1) Print out these Webinar Notes so you can follow along as you listen to the *Quantum Jumping* webinar

2) Write down ALL the interesting new ideas and inspiration you get while listening! That way you won't forget the most relevent information to you

4) Think of how you can quickly implement the information revealed in this webinar to gain knowledge, skills and insights in many different areas of your lives

FOUNDATIONAL UNDERSTANDING

Quantum Jumping is the process of "jumping" into _____ _____, and gaining skills, knowledge, wisdom and inspiration from _____ versions of yourself

The Quantum Jumping technique is based widely on what some of the finest scientific minds, such as Stephen Hawking, Stephen Weinberg and Neil Turok, have PROVEN to be true - and that is that _____ _____ DO exist

MammaPrint® Result

Unable to provide result for this specimen

ADDENDUM REPORT

[redacted] a result of its MammaPrint® gene expression profile. The MammaPrint® result is calculated from a numerical index based on [redacted] Breast cancer is an [redacted] Breast cancer is an indication [redacted] are considered Low Risk, while breast tumors with indices ≥ 0 are considered High risk. For a breast cancer patient, the risk indicates an [redacted] over distant metastasis-free survival (DMFS) rate at 10% without any systemic adjuvant treatment, while High Risk indicates an average 5-year DMFS rate of 71% or less, [redacted] adjuvant treatment.

Additional Comments

Amended/Addendum/Corrected Comments: Clinical assessor for MammaPrint was performed on an [redacted] female breast cancer patients. Clinical correlation for a male breast cancer patient is advised. We were unable to provide a MammaPrint result for this specimen due to suboptimal RNA quality. Please see level an alternate specimen if available and clinically indicated.

Assay Description

[redacted] has provided TOMAA clearance of MammaPrint was fresh tissue for patients of all ages with invasive breast cancer whose tumor is [redacted] tissue of estrogen receptor status (ER+/-). Outside the U.S. MammaPrint has acquired an additional clearance in compliance with [redacted] to be used on fresh and formalin-fixed paraffin-embedded (FFPE) breast cancer tissue for patients with up to 3 positive lymph [redacted] 276 breast cancer patients [1,2] The test is performed using a microarray-based gene expression profile that was independently validated on [redacted] a fresh-or-frozen patient cohort. An additional, supervised analysis of the same human patients – 25,000 genes) followed by a locked-and-set prospective-validation procedure revealed the 70 refined genes that distinguish patients as High Risk vs. Low Risk of metastasis. Therefore, the MammaPrint result provides independently validated, clinically significant, additional information to clinicians to help them decide on treatment in early-stage breast cancer patients.

Based on the analytical performance of MammaPrint, the precision of classifying a sample as High Risk or Low Risk is 99% for fresh and 97.3% for FFPE and the reproducibility of the results is 100% for fresh and 97.6% for FFPE. Furthermore, when a fresh samples MammaPrint Index (MPI) falls within a pre-defined area around the cross-Sector cutoff between -0.0275 and +0.0275, the classification accuracy is less than 95%.

MammaPrint® Result

High Risk

[illegible] of the MammaPrint 70 gene expression profile. The MammaPrint [illegible] is calculated from a combined index [illegible] [illegible] positive indicating a low combined high risk [illegible] distant metastasis free survival (DMFS) [illegible] while High Risk indicates an average [illegible] year DMFS rate of [illegible] without any adjuvant treatment.

Additional Comments:

Clinical validation for MammaPrint was performed on only female breast tumor patients. Without validation for a male breast cancer patient is advised.

Assay Description

[illegible] FDA clearance of MammaPrint with fresh tissue for patients of all ages with invasive breast tumors whose tumors [illegible] negative breast (ER+/-). Outside the U.S., MammaPrint has acquired an additional clearance in compliance with [illegible] fresh and formalin fixed paraffin embedded (FFPE) breast cancer tissue for patients with up to 3 positive lymph [illegible] breast cancer patients. The test is performed using a microarray-based gene expression profile that was independently [illegible] An unbiased, supervised analysis of the entire human genome, 25,000 genes, followed by a leave-one-out [illegible] revealed the 70 critical genes that distinguish patients at High Risk vs. Low Risk of metastasis. Therefore, the MammaPrint result provides independent, statistically significant, additive information to physicians to help them decide on treatment in early stage breast cancer patients.

Based on the analytical performance of MammaPrint, the precision of classifying a sample as High Risk or Low Risk is 99% for fresh and 97.3% for FFPE, and the repeatability of the measurement is 99% for fresh and 97.9% for FFPE. Furthermore, when a fresh sample's MammaPrint Index (MPI) falls within a pre-defined area where the classification cut-off between -0.0075 and +0.0270, the classification accuracy is less than 92%.

Trial or Settlement?

DANNY JOHANSEN

The stakes are high. Trial is scheduled for next week and negotiations are at an impasse. You have already offered more than the case is really worth, but you recognize the risk that a jury might award far more than you have offered. Keeping in mind the ultimate goal of claim handling, you be ieve that case will settle if you add a little more money to your last offer. On the other hand, you have a good attorney strong liability and damages defenses, and genuinely believe the jury may return a defense verdict. What should you do?

The liability claim business is, by definition, a risky business. Ideally the decision to position a case for trial or settlement is made early and the dollar amounts are allocated appropriately. Often, elements that are out of the control of the defense (i.e. unreasonable or unresponsive claimant counsel), prevent an early disposition.

While there is no one-size-fits-all answer to the question, a number of factors should be considered when the defense is deciding whether to take a liability case to trial

The approaches to resolving liability claims are as varied as the number of companies and individuals practicing the craft. At one end of the spectrum is the "play it safe" strategy of resolving every claim short of trial by paying just enough money to secure a release. At the opposite extreme is the "roll the dice" strategy of taking close cases to trial and insisting that a jury will see it your way. While there is no one-size-fits-all answer to the question, a number of factors should be considered when the defense is deciding whether to take a liability case to trial. Many are case-specific, but some of the important factors are universal:

- Is there a ceiling on an adverse award?
- Will the costs and expenses of proceeding to trial justify a higher offer?
- Is it likely that the claimant will accept your higher offer?
- What has changed since you evaluated the case for settlement?
- How much stress are you willing to endure?

Assuming the case has been properly valued for settlement, the final process of making the trial-or settlement decision flows from a related, yet separate, methodology.

Is There a Ceiling?

When the total damages claimed as permitted are capped at a level no low for removed from your settlement evaluation, there is little risk of taking the case to trial. Conversely cases with catastrophic injuries, punitive damages claims, or emotional open-ended damages claims require more analytical scrutiny before tossing the dice. The claim valuation process usually includes consideration of the "worst-case scenario". In terms of objective risk assessment, a one percent chance of a million-dollar verdict is comparable to a 50 percent chance of a $20 000 verdict. Arguably the new settlement value of both claims can be asserted at $10 000. However the impact of a verdict exceeding your evaluation by $10,000 differs considerably from the impact of a verdict exceeding your evaluation by $990,000. That potential impact must be taken into account during the evaluation process and the trial-or-settlement decision.

Will Trial Costs/Expenses Justify a Higher Offer?

Ordinarily the majority of the legal expense of defending a case is incurred during investigation and discovery. However the cost of the final push toward trial and of trial itself (not to mention post trial proceedings and appeals) can approach or exceed the expenses incurred in investigation, pleadings discovery and motion practice. While a trial-or-settlement decision should not hinge solely upon the cost of defending the claim the expense is a legitimate factor to be considered.

It's important to remember that the defense costs should be factored into the valuation of the claim not at the gate. Resist the temptation to add the expense s second time during the home stretch. If the case was worth $40 000 in settlement after the plaintiff's deposition it does not become worth $50 000 on the morning

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts formatting, colours and graphics of any source document, regardless of the application and platform used to create it

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing

- ***Anyone, anywhere*** can open a PDF file All you need is the free Adobe Acrobat Reader Recipients of other file formats sometimes can t open files because they don t have the applications used to create the documents.
- PDF files ***always print correctly*** on any printing device
- PDF files always display ***exactly*** as created, regardless of fonts software and operating systems Fonts and graphics are not lost due to platform, software and version incompatibilities
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

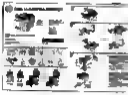
Color LaserJet Pro MFP M477 Getting Started Guide

English ... 1
Français ... 6
Español ... 12
Português ... 18

IMPORTANT:

Follow **Steps 1 - 3** on the printer hardware setup poster and then continue with **Step 4**



www.hp.com/support/colorlim477mfp

www.register.hp.com

4. Initial setup on the control panel

After turning on the printer, wait for it to prompt. To navigate the control panel, use touch, swipe and scroll gestures. Follow the prompts on the control panel to configure basic settings:

- Language
- Country
- Date & Time

Under **default Settings** tablet one of three options.

- **Self-managed:** Optimized default settings for most users that include guided setup and configuration steps and automatic updates.
- **IT-managed:** Optimized default settings for fleet manageability.

Settings are fully customizable after initial setup.

NOTE: Select **Print Information Page** to print a page that instructs how to change the default settings.

NOTE: Touch the **Help** ? button on the printer control panel to access help topics.

5. Select a connection method and prepare for software installation

USB connection directly between the printer and the computer

Use an A-to-B type USB cable (not included with accessories).

Windows

1. Do not connect the USB cable before installing the software. If the cable is already connected, disconnect it before continuing. The installation default prompts to connect the cable at the appropriate time.
2. Continue with 6. Locate or download the software installation files.

NOTE: During software installation, select the option to **Directly connect this computer using a USB cable.** (Windows only)

Mac

1. For Mac, connect the USB cable between the computer and the button-embedded leg the software.
2. Continue with 6. Locate or download the software installation files.

Wired (Ethernet) network connection

Use a standard network cable (Cable not included.)

1. Connect the network cable to the button-embedded leg the network. Wait a few minutes for the printer to acquire a network address.
2. On the control panel, touch the Connection Information button. If an IP address is listed, the network connection has been established. If not, wait a few more minutes and try again. Note the IP address for use during software installation. **Example IP address:** 192.168.0.1

   To manually configure the IP address, see "Manually configure the IP address".
3. Continue with 6. Locate or download the software installation files.

NOTE: During software installation, select the option to **Connect through a network.** (Windows only)

Built-in wireless network connection

1. Touch the **Connection Information** button.
2. Touch the **Network Wi-Fi Direct** button.
3. Touch the **Settings** button.
4. Touch the prompts. **Setup Wizard** item.
5. Select the correct network SSID from the list. If you do not see the SSID, touch **Enter SSID** and finish the network SSID manually.
6. Use the keyboard to enter the passphrase, and then touch the **OK** button.
7. Wait while the printer establishes a network installation.
8. Touch the **Connection Information** button. If an IP address is listed, the network connection has been established. If not, wait a few more minutes and try again. Note the IP address for use during software installation. **Example IP address:** 192.168.0.1
9. To install from a computer connected with software installation files: To print from a phone or tablet only, continue with 6. Locate and download the software installation files.

NOTE: During software installation, select the option to **Connect through a network.** (Windows only)

Manually configure the IP address

See the printer user guide for information on how to manually configure the IP address. See the "Troubleshooting" section of this guide.

faxfeedback@hp.com

invent

© 2004 Hewlett-Packard Development Company, LP

www.hp.com

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-888-877-1655 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZaru, this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

OR

1. Send a one page blank and white test fax to **1-888-hpfaxme** (1-888-473-2963).
2. When your fax is received by the HP Test Fax Service, we will generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

Notes

Faith House presents a new summer program:

What: Safe Dating, Education and Awareness

When: (Thursdays) July 5, 12, 19, 26

Time: 9 am to noon

Where: Civic Center – Ville Platte, LA

Who: Girls, ages 12 to 17

Cost: Free for all attendees, lunch will be provided, travel assistance to those who qualify.

Participants must attend all 4 sessions.

Please call 337.232.8954 to register.

Deadline to register is June 28, 2012.

RUNNER'S FLEXIBILITY PROGRAM

1 Back stretch. Lie on your back with both knees bent. Pull one or both knees up to your chest and hold for 5 seconds. Repeat.

2 Hip abductor stretch. Stand with your feet together. Move your hips sideways so as to turn your torso in the opposite direction. You will feel a stretch on the outside of your hip. Hold for 5 seconds. Place your hands on your hips or grasp a stationary object for support.

3 Hamstring/hip flexor stretch. Cross one leg over in front of the other leg. Bend the knee of the back leg slightly. Move your hips sideways toward the side with the bent knee. You will feel a stretch on the outside of the bent knee. Hold for 5 seconds.

4 Hamstring stretch. Sit on the floor with your legs straight in front of you. Reach for your toes until you feel a stretch in the back of your thighs. Hold for 5 seconds.

5 Quad stretch. Stand facing a stationary object for support. Bend one knee as far as possible, reach back, and grasp the foot. Pull the heel toward your buttocks until you feel a stretch in the front of the thigh. Hold this position for 5 seconds. *Do not arch back.*

6 Heel cord stretch. Stand facing a stationary object with your feet apart and your toes turned in slightly. Place your hands on the object and lean forward until you feel a stretch near the calf of your leg. Hold for 5 seconds. *Do not bend your knees or allow your heels to curve off the floor.*

Soleus stretch. Assume the same position as in #6. Place one foot in front of the other foot and bend both knees. Lean forward, keeping the heel of the front foot on the ground. You should feel a stretch in the lower calf of the front leg. Hold for 5 seconds.

CLAUDICATION: OVERVIEW — Claudication, which literally means to limp, is one of the symptoms of lower extremity peripheral artery disease (PAD), but can also occur in patients who have other vascular problems (eg, aneurysm). Claudication is defined as a pain or discomfort in a group of muscles, usually the legs: thighs or buttocks, that is worsened by exercise (ie, walking) and relieved with rest.

Although many underlying medical problems can cause claudication, the most common cause is peripheral artery disease, which causes deposits of fatty plaques (atherosclerosis) on the vessel walls. These plaques may progress and result in narrowing or completely block blood flow in the leg arteries (figure 1).

Another important, but less common, arterial cause of claudication is aneurysm. An aneurysm is an abnormally dilated artery, which is often filled with debris or blood clots that can break off and clog arteries in the leg, sometimes causing claudication as a first symptom. (See "Popliteal artery aneurysm", section on Chronic ischemia and "Clinical features and diagnosis of abdominal aortic aneurysm", section on Asymptomatic AAA.)

PERIPHERAL ARTERY DISEASE RISK FACTORS — The major risk factors for developing PAD include:

- Cigarette smoking (see "Patient information: Quitting smoking (Beyond the Basics)")
- Diabetes (see "Patient information: Diabetes mellitus type 2: Overview (Beyond the Basics)")
- Hyperlipidemia (elevated blood levels of lipids, including cholesterol and triglycerides) (See "Patient information: High cholesterol: Lifestyle changes (hyperlipidemia) (Beyond the Basics)")
- Hypertension (high blood pressure) (See "Patient information: High blood pressure in adults (Beyond the Basics)")

One study found that these risk factors cause claudication in 68 percent of patients with PAD: cigarette smoking was the most important factor [1]. In contrast, alcohol consumption, in moderation, may reduce the risk of PAD and claudication.

CLAUDICATION: SYMPTOMS — The pain and discomfort associated with claudication varies from person

incurred in the state, taxing state. The taxed is taxed to:

1. The proportion of the net paid to the taxed state by the estate or trust that the estate or trust income bears to the state income taxed by the other state
2. The proportion of the estate's or trust's California net that the double-taxed income taxed in the trust income taxed by California.

Beneficiary of an Estate or Trust
A beneficiary of an estate or trust who is a California resident and pays California tax on income that has been taxed to the estate or trust in taxing state may also claim the credit. The credit is limited to both of the following:

1. The proportion of the taxed in the taxed state by the taxed or trust that income taxed to the beneficiary in California and also to the credit or trust in the other state bears to the total income taxed by the other state.
2. The proportion of the beneficiary's California tax that the income taxed to the beneficiary in California and also to the estate or trust in the state state bears to the beneficiary's state income taxed by California.

Attach a copy of Schedule K-1 (541) (Beneficiary's Share of Income, Deductions, Credits, etc., and a schedule showing your share of the net income tax paid to the state state.

II Pass-Through Entities

A shareholder of an S corporation is allowed a credit for the shareholder's share of net income taxed paid by the S corporation or another state that does not allow S corporation elections or imposes tax on S corporations and the S corporation elected to be treated as an S corporation in the other state. A partner is allowed a credit for the partner's share of net income taxes paid by the partnership to another state. A member of an LLC classified as a partnership is allowed a credit for the member's distributive share of net income taxes paid by the LLC to another taxed.

Attach a copy of Schedule K-1 (100S, 565 or 568) (Shareholder's, Partner's, Beneficiary's, Credits, etc., and a schedule showing your share of the net income tax paid to the other state.

III Income from Sources Within the Other State

Residents of California may claim a credit for net income taxes imposed by and paid to another state only on income which has a source with the taxing state.

For this purpose, California's sourcing principles apply even though the results may be contrary to the other states principles. The following describes the sources of various types of income:

- Compensation for services rendered by employees or independent contractors has a source where the services are performed.
- Income from tangible personal property and real estate has a source where the property is located.
- Income from intangible personal property (such as interest and dividends) generally has a source where the taxee resides.
- Business income has a source where the business is conducted.

These principles subject to the as California residents solely by reason of the AATC Section 17041(h) (holders of federal elective offices, certain Presidential appointees, and Congressional staff members) may have state credit computation on income taxed by the other state regardless of its source.

See FTB Pub. 1031, Guidelines for Determining Resident Status, for additional information concerning specific income.

- **Internet** – You can download, view, and print California tax forms and publications at ftb.ca.gov.
- **Phone** – Call 1 800 338-0505, select "Personal Income Tax," then select Forms and Publications." Enter code 540 when instructed to do so. Allow two weeks to receive your order. If you live outside California, please allow three weeks to receive your order.
- **Mail** –

TAX FORMS REQUEST UNIT
FRANCHISE TAX BOARD
PO BOX 307
RANCHO CORDOVA CA 95741-0307

Specific Line Instructions

Credit from taxes also our state – If you state a credit from more than one taxed figure the credit separately by computed on a separate Schedule S for each state. Add the credits from state state Schedule S and fill and state, the state on your tax return. See instructions for line 12. You taxed credit the small also to your tax return.

Part I – Double-Taxed Income

Double-taxed income is income taxed by California and the other state. In Part I, provide a breakdown of your double-taxed income by income item and amount in column (a). Identify the income item, such as wages, taxed in another state while a California resident, gain on sale of real estate, ABC Partnership ordinary income, etc. In column (b) enter the amount of income from that item taxed by California. In column (c) enter the amount of income from that item taxed by the state state.

For residents of California, the income that is taxed by the other state must also have a source in the other state. See Section III Income from Sources Within the Other State, for a description of the source of various types of income.

Nonresidents of California should state, in column (b) only the amount of source taxed income that is included on Schedule CA (540NR), Calimate Adjustments — Nonresidents or Part-Year Residents, line 37 column E, in column (a), state only the amount of double-taxed income that is included in adjusted gross income taxed by your state of residence.

Line 1 – Combine the amounts in income (D) and income (c). Enter the totals on that and and in Part II, line 3 and line 8 respectively.

Part II – Figure Your Other State Tax Credit

Line 2 – Enter your California tax liability from:

- Residents – Form 540, line 48 (without taxed state tax credit).
- Nonresidents – Long Form 540NR line 48 (without other state tax credit).
- Estates and Trusts – Form 541 and 56 (without taxed state tax credit).

Line 4 – Enter your California adjusted gross income taxed.

- Residents – Form 540, line 17 and any lump-sum distribution from Schedule G-1 Tax on Lump-Sum Distributions.
- Nonresidents – Long Form 540NR line 32 and any California source lump-sum distribution from Schedule G-1
- Income and Trusts – Enter your adjusted gross income determined for purposes of the 2% limitation of you itemizedtaxes itemized deductions. See Form 541 line 15b instructions.

Line 7 – Enter the income tax liability net of all credits (R&TC Section 17039) paid to the state state. **Do not include any of the following:**

- Taxes paid to any local government, state to city or county.
- Taxes paid to the federal government.
- Taxes paid to any foreign country.
- Any tax computed on California alternative minimum tax paid to another state
- Tax on net proceeds income built to gains tax, gross receipts tax, and any special the paid to another state (S corporation).

Line 8 – adjusted gross income taxed by the other state

- Residents – Enter any taxed taxed of state adjusted gross income taxed by the other state.
- Nonresidents – Enter state adjusted gross income taxed by the other state.
- Estates and Trusts – Enter only taxed taxed of total adjusted gross income taxed by the state taxed.

Generally, adjusted gross income taxed of taxed of income and loss but does not include itemized deductions, standard deduction, exemption for federal income taxes, or personal exemptions.

Line 12 – Refer to the credit instructions in your California tax income for an explanation of how to:

- Claim the credit on your tax return.
- See if taxed are further limitations on the taxed of of credit you may claim.

Do not taxed taxed NOT when your claim this credit

Distinctive Ring	Off

Troubleshooting Steps

The steps below will help you resolve common faxing problems.

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds
- Try a different phone cord between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect Fax machine directly to the Vonage device (bypassing any home wiring).
- If using an All-In-One device, temporarily disconnect device from PC

Further Assistance

If you need further assistance using your Vonage Fax Service, we are always available to help.

Call us at 1-VONAGE-HELP (1-866-243-4357) or visit **www.vonage.com**.

Use Smartphone.
Fake Surveys.
Get Paid.

Dr Arthur Chandler

ZoomRx makes it simple for you to participate in market research surveys and earn honoraria. You will find ZoomRx surveys to be interesting and relevant to your clinical practice. You can earn up to $290 right now by completing three surveys:

- Hemophilia A survey for $75
- Hemophilia B survey for $75
- Multiple Myeloma Survey for $90

Bonus • A bonus of $50 bonus will be paid if you complete both Hemophilia A and Hemophilia B surveys

To get started—

1. Log on to ZoomRx on your smartphone or online
   - Search for "**ZoomRx**" on Apple or Android App Stores to download the app
   - Visit **zoomrx.com/nverslogin** to take surveys on desktop/laptop
2. Login
   - Temporary Username: **AChandler2@uneptune.com**
   - Temporary Password: **Hp[.8214e**
3. Take your first survey NOW!

CancerTYPE ID — Molecular Classification with CancerTYPE ID

FFPE Tissue Processing & Tumor Enrichment

- CancerTYPE ID requires as few as 300-500 viable tumor cells and is compatible with limited biopsy specimens such as FNAs, cytological specimens, and small core needle biopsies.
- CancerTYPE ID routinely employs laser guided microdissection to enrich for tumor specimen.

Gene Expression Profiling

- CancerTYPE ID uses a robust real-time RT-PCR platform to detect very small differences in gene expression.
- CancerTYPE ID measures and integrates the gene expression of 92 genes, 5 normalization genes and 87 lineage determinant and tissue-specific genes, most of which are not routinely measured by IHC.

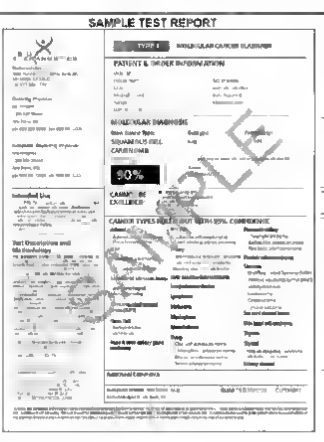
Reference Tumor Database & Algorithm

- CancerTYPE ID uses a computational algorithm to predict the patient's tumor type based on the degree of similarity of the sample's 92-gene expression profile to a reference database of gene expression profiles. The reference database contains gene expression information from over 2,000 tumor specimens of known histogenesis, and representing ~95% of all solid tumors based on incidence.
- The CancerTYPE ID algorithm provides a predicted main type and any sub-types in rank-order by relative probabilities, which are based on the tumor's gene expression similarity to tumors of these types in the reference database.

Molecular Classification

- CancerTYPE ID classifies 28 tumor types and 50 tumor subtypes.
- In an independent validation of 2998 blinded samples, the molecular diagnosis was 87% accurate for main tumor type and 86% accurate for tumor subtype.

SAMPLE TEST REPORT



Interpreting CancerTYPE ID Test Results

MOLECULAR DIAGNOSIS

The [redacted] molecular diagnosis is the CancerTYPE ID prediction of certain tumor subtypes. It is reported probability (≥ 80%), the tumor is reported as "Indeterminate", in this case, the test report will also indicate tumor types that can be ruled out (see below) that cannot be excluded.

CAN NOT BE EXCLUDED

When applicable, tumor types on the CancerTYPE ID reference database that share some gene expression profile similarity to the patient's sample such that they cannot be excluded. Item diagnostic consideration will be listed here in rank order.

RULE OUTS

The CancerTYPE ID test report also lists tumor types that can all be ruled out with 95% confidence. In an independent validation of 2998 blinded samples, the rule-outs were 95% accurate. This may provide useful differential diagnostic information when two or more potential tumor types are suspected and one or more tumors may be ruled out in the rule outs.

INTERPAGE OUTFAX TRIAL ACTIVATION FORM

Please PRINT the information below CLEARLY so that we can e-mail you your activate information or service you if needed.

This form provides information to activate a week-long free Mail for Interpage's Fax by E-Mail (OutFax) service. Customers who wish to activate non-OutFax accounts (such as InFax, FaxLib, WebFaxPro, FaxBox, or specialized OutFax or other fax services formed on the Fax Services or Fax Rates Pages, Outvoice: Paging, Voice, or other non-faxing services), please review the Generic Signup page for details and activation.

To activate a free OutFax trial account, please print out the form below, fill out all the indicated fields (clearly writing your e-mail address), sign it, and fax it back to +1 (650) 292-1600, or you may scan it and mail it to scan-form@interpage.net.

Upon receipt, we will activate a trial account, and send you written confirmation and usage instructions via e-mail.

Our Terms of Service may be reviewed on Interpage's Terms of Service and Policies page, or via telnet access by logging in to interpage.net as a guest without using a password.

If you have any questions about signing up, or other questions about our services, please use our Support/Inquiry Submission Page, or call +1 (650) 331-3900.

Thank you for your interest in Interpage!

Fax Toy

Random Stuff Sent From Your Fax Machine
Fax something interesting toll free to 1-866-336-1339 or 1-213-284-2943

Sort by: Most recent faxes | Best rated faxes | Most rated faxes

To the right are pages that folks have faxed us recently. Click any thumbnail to see the large version and rate it for interestingness.

You can fax something interesting to 1-866-336-1339 (your area will vary below, maybe) or 1-213-284-2943 (long distance to Los Angeles, California) and it should appear here within a couple of minutes. It's a toll-free number if you're in the USA.) Keep it clean & legal.

Fax single page documents with no cover sheet. If you fax more than one page, only the last page will appear here. We try to snip off the top few pixels of the page where your company name and fax number should appear, but make no promises that the will actually work.

Polymer Policy: We hate spam and junk faxes, and will absolutely not send you any unsolicited e mail or faxes. We won't share your information with marketers or anyone else.

Testing my Fax machine

From OROD.....

Testing

Test 99999

Dear Mr Hanna,

I am a concerned Citizen of Utica, NY. My reasoning for being concerned is this recent nonsense in the News about the Supreme Court looking over Supposed "unconstitutional" aspects of the health care reform bill. What exactly is your Stance on this issue? I personally feel that if a State government like New York can mandate something like Auto insurance, then the federal government should be able to mandate some form of health insurance, to do just that, ensure the citizens health. Please fax me back any information you can on this matter, I would very much appreciate that

Thanks,

Steve Egert

Organization Skills for the Overwhelmed!

Keys to taking control, getting organized, and getting it all done

Tame Your Wild Workspace!

Have you ever found yourself mindlessly pawing through the clutter on your desk for an hour looking for something you desperately need NOW? The "find the needle in the haystack" game isn't much fun for anyone — and pawing through others is a surefire way to tarnish your credibility.

When you attend this training, you'll learn:

- How to streamline your workspace to keep it clear and tidy
- A step-by-step method for turning piles into files
- Decision-making techniques to make your desk neatness permanent
- How to gain control of your desk, your storage systems, and your world
- Effective alternatives to the "stinky rose method" of remembering things
- How to make the most out of your workspace — even if it's tiny!
- What to do with all those "urgent and important" things you've been storing

Bottom line — You'll know where everything that you need is, and you'll even have the ability to identify what you don't need so you can get that mess out of your life once and for all!

Attending Organization Skills for the Overwhelmed! is the fastest, most effective way to regain control — and relief. So enroll today — and get on the road to being an organized, happier you.

How to test a fax machine – 02

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it just to make sure it works. How can I do that?

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one page fax to 1 855 330 1239 (a toll free number in the United States.) When it's finished transmitting, point your web browser to FaxTry -- it's a fun web site that displays whatever is faxed to that number. Within a minute your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to Fax2zero. this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

Testingtesting123testing123

This fax was sent with GFI FAXmaker fax server. For more information, visit: http://www.gfi.com

hello world

INSTRUCTIONS

1. Coat a 12-cup muffin tin with vegetable oil spray; set aside. Whisk the flour, baking powder, baking soda, and salt together in a medium bowl; set aside.

2. Using an electric mixer, beat the butter and sugar together at medium-high speed until light and fluffy, about 2 minutes. Add the eggs 1 at a time, beating well after each addition.

3. Reduce the mixer speed to medium-low and beat in half of the flour mixture, followed by one-third of the yogurt. Beat in half of the remaining flour mixture, followed by half of the remaining yogurt, then with the remaining flour mixture and yogurt. Use a spatula to fold in the blueberries with 1 tablespoon flour. Gently fold the floured blueberries into the finished batter. Portion the batter evenly into the prepared muffin tin.

4. **TO STORE:** Wrap the muffin tin tightly with plastic wrap sprayed with vegetable oil spray, and refrigerate for up to 24 hours or freeze for up to 1 month. (After the muffin batter is refrigerated or frozen, about 6 hours, the batter balls can be transferred to a zipper-lock bag to save space in the freezer.) Transfer the batter balls back to an oiled muffin tin before baking.)

5. **TO SERVE:** Adjust an oven rack to the lower-middle position, and heat the oven to 375 degrees. Unwrap the muffins and bake until golden brown, 25 to 30 minutes if refrigerated, or 35 to 40 minutes if frozen. Let the muffins cool in the pan 5 minutes before serving.

Proclamation

WATER RESTRICTIONS IMPOSED
for the remainder of Irrigation Season

WHEREAS The Payson City Council is authorized to protect and provide for the public health, safety and general welfare of its citizens; and

WHEREAS the City is experiencing extensive drought conditions with our pressurized irrigation system; and

WHEREAS, the Payson Lakes reservoirs are at critical low levels and are not sufficient to sustain the Pressurized Irrigation System through the irrigation season; and

WHEREAS section 10.5 of the Payson City Ordinance allows as said empowers the Mayor during times of emergency or issue an order controlling the use of water; and

NOW, THEREFORE, I, Richard D. Mauro, Mayor of the City of Payson, do hereby declare that effective August 12, 2013, and continuing until the end of the irrigation season, (September 30, 2013), the Citizens of Payson shall restrict watering with the Pressurized Irrigation system to twice each week as follows:

All water users with odd numbered addresses shall water only on Tuesday and Saturday

All water users with even numbered addresses shall water only on Monday and Friday

There shall be NO watering on Wednesday, Thursday and Sunday

Watering times are from 7:00 p.m. to 10:00 a.m. Normal watering times to 20 minutes or less per station or area.

Large water users, Churches, Schools and City parks will water during the day so that the residents will have sufficient pressure to water their properties.

City employees will be enforcing the water restrictions first with a warning and then with a citation. The first citation shall be considered an infraction with a recommended fine of $25. The second and subsequent citation shall be considered a Class C Misdemeanor and shall require a mandatory court appearance in the Payson Justice Court and may result in a fine up to $750.00 and/or incarceration up to ninety (90) days

Conserve drinking culinary water with pressurized irrigation water is illegal and can contaminate drinking water.

Election Judges Needed for the November 5, 2013 Municipal Election
Application available at the Payson City Center or www.paysonutah.org
Submit application as soon as possible to: Payson City Offices,
Attn: Jeanette C. Winston, 439 West Utah Avenue, Payson, UT 84651

EPSON
EXCEED YOUR VISION

One page only
Thx Peter Joy

Congratulations, you have successfully installed your new EPSON printer!

Here are some tips for getting great prints.

- Genuine EPSON inks have been engineered to deliver stable, long lasting photographic quality when used with EPSON papers
- To protect your photos, frame them under glass or store them in archival sleeves or albums. Your prints will last for generations!
- Epson offers an extensive line of specialty papers that provide outstanding results when used with EPSON printers and genuine EPSON ink
- For best results, make sure the paper type selected in your printer software is right for the type of paper loaded in the printer. See your documentation for more information

My Test

Hello World!

Here is my test PDF document.

For Faster Denti-Cal Payments, Enroll in Electronic Funds Transfer (EFT) Today!

Denti-Cal encourages providers to enroll in the EFT program. With EFT, Denti-Cal automatically deposits payments into a provider's designated savings or checking account, which means:

- No more lost or misdirected checks
- No more waiting for checks to arrive in the mail
- No more trips to the bank
- Payments are available faster

To participate in the program, providers must complete and sign the attached Electronic Funds Transfer (EFT) Enrollment Form. Providers can also obtain a form by calling the Provider Customer Service line at 1-800-423-0507 or by writing to Denti-Cal at this address:

Denti-Cal
Attn: Provider Enrollment Department
PO Box 15609
Sacramento, CA 95852-0609

Instructions for completing the EFT form are available in the Provider Application Forms section on the Denti-Cal website at www.dentic.ca.gov.

The EFT form must include the following:

- The provider's original signature (in blue ink)
- A preprinted voided check attached to the letter or a letter from the bank signed by an authorized agent confirming the provider's account information.

Providers must mail the completed form and bank account verification to Denti-Cal at the address shown above.

Upon receipt of the EFT form, Denti-Cal will send a "test" deposit to the bank. This will result in a "zero" deposit for that payment date. The test cycle usually takes three to four weeks to complete. During the test cycle period, providers will continue to receive Denti-Cal payment checks through the mail.

The amount of each deposit will appear on the corresponding Explanation of Benefits once direct deposit begins.

More information about direct deposit can be found in "Section 3, Enrollment Requirements" of the Provider Handbook.

For questions, please contact the Denti-Cal Provider Customer Service line at 1-800-423-0507.

Greater Sidney Area Emmaus ~ Men's Walk 85 ~ Aug 4-7 2016

Team Reminders

Team Reminders	Turn in by this date to ALD
Turn in a duplicate copy of you talk (Can be returned to you after talk is presented)	JUL 24 – (ALD) Rex
Scripture references for talks	JUL 24 – (ALD) Rex
Posters, powerpoints, handouts and props for talks	JUL 24 – (ALD) Rex
Turn in Talk Packet	JUL 24 – (LDIT) Seb
Book references for book table	JUL 17 – (ALD) John
Special Diet/allergies	JUL 24 – (ALD) John
Medicine schedules / special needs	JUL 24 – (ALD) John
Confirm the time for your prayer partners to arrive.	25-30 minutes prior to talk
Team prayer partner agape (See below)	Have ready for the weekend
Pilgrim Calls - Information Forms (See below.)	JUL 31
Snacks for weekend – one salty/one sweet and 2 drinks	AUG 4
Team fee of $50.00 (See below)	JUL 24 – (ALD) Tim
Team mtg refreshments for Thu/Fri $3.00	JUL 24 – (ALD) Tim

- **Team Manuals** - Please do not write in your team manual. Manuals will be turned in at our last team meeting on JUL 31 to ALD – John
- **Team Fees** - Team fees are $50.00 If this is a problem please talk to the LD (Scott). Make checks payable to Great Sidney Area Emmaus or GSAE and give to ALD Tim
- **Team Mtg Refreshments** – This is for refreshments / snacks at the Thursday and Friday team meetings during the walk weekend Please give $3.00 cash to ALD - Tim
- **Team Prayer Partners** – Write a note of agape for your team prayer partner for Thursday Friday and Saturday nights in the Sunday packet, and before his talk, if he is giving a talk In order for us to focus our energy and time on the pilgrims please limit your letter writing on the weekend to your prayer partner As much on possible write your agape prior to the Walk weekend so you can get more rest during the weekend
- **Women Prayer Partners** Write Agape to your prayer partner from Women's Walk #69 for Thursday Friday Saturday and Sunday (7/7/2016 – 7/10/2016)
- **Table Agape** Table leaders and assistant team leaders – you also need to write a team of Agape for Sunday packets to the pilgrims at your team Please note on your calendar also that you should write each of these pilgrims a note sometime within two weeks after the Walk They often read this encouragement at the start of their Fourth Days
- **Pilgrim Calls** – Once we receive a Pilgrim list from the Registrar team members will begin calling pilgrims You will receive a Pilgrim information form to remind you of the information you need to verify with the pilgrim Please return these forms as quickly as possible.
- **Snacks** - Please bring two bottles of soda (no generic brands) water or fruit juice and two bags of snacks – one salty and one sweet for the snack table which will be shared with the Pilgrims
- **Clothing**– Come casual and comfortable. If you are giving a talk bring a suit or dress clothes. Bring clothes you can layer when areas areas of the church are real and some areas are warm!
- **Monthly Gathering – Mark your calendars now...** If at all possible attend the monthly Gathering on September 13, 2016. This will be the "Reunion" Gathering for Men's Walk #5

- Read Team Manual and Sustaining Spirit

"For I know the plans I have for you," declares the Lord, "plans to prosper you and not to harm you, plans to give you hope and a future." Jeremiah 29 11

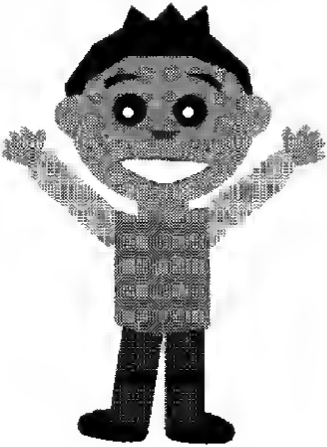
Before Updates



1.2 Frugal install

Frugal is the typical installation method for Tiny Core. There is a most traditional hard drive installation where all the files are stored on the hard drive. Because all the files of the system are stored all about the disk. With frugal, you basically have the system in two files: vmlinuz and initrd.gz, which location is specified by the boot loader.

Any user files and extensions are stored outside the boot OS.

Linux Security.com

The Linux Community's Center for Security

www.LinuxSecurity.com

Introduction

The intent of the Linux® Reference Guide is to provide a starting point for Linux users who want to learn more about Linux security. It is not intended to be a complete reference, and we hope that you will continue to explore security references and resources that can be found on the Internet. As with all security, we encourage you to take a proactive approach to learning about Linux security.

As we are changing how we utilize data, communications, and systems in the Internet age, we must understand the importance of security. Security is not a product, but a process. Security is not a state, but a continuous process of assessing risk and responding to changing threats. As you begin to secure your Linux system, remember that you are not looking for a single solution, but rather you are looking for a way to integrate many things working together to provide a secure environment. Security is only as strong as the weakest link in your chain. Even when users are not intentionally exploiting your data, systems, and networks, careless users can become an open door for malicious intruders. Therefore, you must consider all aspects of your system that may be vulnerable to intrusion and plan to close those doors.

Security is not a destination, it is a journey. Approaching security in a step by step, well-considered way will help you to achieve your goals. Keeping your systems secure will help you avoid costly down time and recovery. Learning what you have invested in the new business or systems and ways to do it more quickly will help you gain the confidence you need to move forward.

The most important principle to have when you begin to secure your Linux system is a healthy sense of paranoia. Always assume that someone will try to break in, and always assume that you have already been broken into. Only with this mindset will you be able to properly secure your system.

Remember that even the person logging on as your manager, or assistant, or even your closest associate is a "stranger" anyway. Take each security precaution as if you are the only person looking out for your data and your livelihood.

Controlling File Permissions & Attributes

Controlling user permissions on systems that is crucial to maintain total integrity.

Improperly built user systems can be unauthorized and unnecessary risk to the entire network. Therefore, it is important to understand what rights you are granting to users. Before granting rights to users, you must first understand the concept of ownership. Every file and directory on your system must be assigned to a user and a group. The owner is usually the person who created the file or directory. The owner can be changed later. The owner of a file is usually given full control over the file. Users can belong to groups that are defined by the system administrator. It is usually a good idea to assign group ownership to files and directories that users in a particular group will be working with. The group assigned to a file can be changed at any time. Once again, only the owner of the file or the system administrator can change the group ownership of a file. Now let's look at the different rights that can be assigned to files and directories:

```
-rwxrwxrwx  1 root root 1024 May 1 12:30 filename
drwxrwxrwx  1 root root 1024 May 1 12:30 directory_name
```

The first character indicates the file type. Normal files are indicated by a "-", directories by a "d", special devices by a "c" or a "b", and symbolic links by a "l". The next nine characters indicate the permissions, or rights, granted to the file's owner, group, and others (everyone else). Reading from left to right, the first three characters apply to the owner of the file, the next three characters apply to members of the group assigned to the file, and the last three characters apply to everyone else. The "r" indicates read permission, the "w" indicates write permission, and the "x" indicates execute permission. If a letter is present, then the permission is granted. If a dash "-" is present, then the permission is not granted. The next field indicates how many links there are to the file. The next two fields show the owner and group assigned to the file. The next field shows the size of the file in bytes. The next field shows the date and time the file was last modified. Finally, the last field shows the name of the file or directory.

The permissions of files and directories are changed using the chmod command. There are two ways to use chmod: symbolic mode and absolute mode. In symbolic mode, you use characters to assign permissions. In absolute mode, you assign octal values to the permissions. Absolute mode is faster for an experienced user but symbolic mode is safer for novice users. Let's look at some examples of symbolic mode:

```
chmod u+x filename
```

This example adds execute permission for the owner of the file.

```
chmod o-rwx filename
```

This example removes all permissions for anyone other than the owner and the group assigned to the file.

```
chmod g=rw filename
```

This example gives the group assigned to the file read and write permissions.

```
chmod a+r filename
```

This example gives read permission to everyone.

Now let's look at some examples of absolute mode:

```
chmod 600 filename
```

This example gives read and write permission to the owner and no permissions to anyone else.

```
chmod 644 filename
```

This example gives read and write permission to the owner and read permission to everyone else.

```
chmod 664 filename
```

This example gives read and write permission to the owner and group and read permission to everyone else.

```
chmod 755 filename
```

This example gives read, write, and execute permission to the owner and read and execute permission to everyone else.

Now let's look at some examples of changing the ownership of files and directories:

```
chown user1 filename
```

This example changes the ownership of the file to user1.

```
chown user1.group1 filename
```

This example changes the ownership of the file to user1 and changes the group assigned to the file to group1.

```
chgrp group1 filename
```

This example changes the group assigned to the file to group1.

Changing file attributes can also control how files are used. The chattr command is used to change file attributes. Here are some examples:

```
chattr +a filename
```

This example allows the file to be opened in append mode only. Only the root user can set this attribute.

```
chattr +i filename
```

This example makes the file immutable. It cannot be deleted or changed. No user can set this attribute, even root. Only root can remove this attribute.

```
chattr +s filename
```

This example makes the file secure. When it is deleted, its blocks are zeroed and written back to disk.

```
chattr +u filename
```

This example allows the contents of the file to be undeleted.

These attributes can help to further secure files on your system. Use them wisely.

Security Checklist

Follow Overhaul: A checklist that helps to adopt a safe set of configuration options when setting up a new system. Helps to configure firewalls and then checks that the system is configured correctly. Can also be used to check the security of a remote server. Automated and easy-to-use. Suitable as a daily security check script as well as a weekly Bastille Software by the CIS, greatly automated and enhanced. Red Hat specific.

Cryptography: The Yellow Dolphin Solaris that deals with troubleshooting data to ensure and ensuring confidentiality, prevent so-called denial of service, or prevent the unauthorized modification of data.

Buddy Software: Quickly finds a random encrypted file on a network. Helpful for finding files that have been encrypted by viruses. Very useful for the vulnerability testing of software. Easy to use. For example, a user may encrypt a file and forget the password. Buddy software can help find the file and decrypt it.

IP Spoofing: An attack on which one host masquerades by another. This can be accomplished by altering the packet header so that it appears to be from a trusted host. Can be very dangerous since one misguided packet can bring down an entire network.

Network Scanning: Probing a server or host from one or more addresses. Normally done in order to identify the holes in a security scheme.

Packet Filtering: The technique used to be selective about which packets to forward from one host or network to another.

Password Cracking: Attempting to discover the password of a computer system or network.

Password Sniffing: Monitoring packets that travel across a network in search of passwords.

Security Policy: A document or set of documents that describes in detail an organization's security position.

Spoofing Attack: IP spoofing is a network security term for the deception in which a system is compromised to appear as if it is coming from a trusted system. Web spoofing is a general term for the deception in which a user believes he is viewing a trusted Web site when he is not.

Trojan Horse: A computer program that is apparently or actually useful, but contains a hidden danger that, when activated, is harmful to the system.

Virus: A hidden, self-replicating section of computer software, usually malicious logic, that propagates by infecting other programs—that is, modifying them or their environment to cause the execution of a copy of the virus when the program is run.

Vulnerability: A weakness in the security system that might be exploited to cause loss or harm.

Worm: A program that can run independently and can propagate a complete working version of itself onto other hosts on a network, usually consuming computer resources destructively.

Kernel Security

Several kernel configuration options are available to improve security through the protection of kernel memory. Some as well as these to Linux systems are newly added to the 2.4 kernel series, while others have been around for some time. Let's look at some of the more important options:

```
CONFIG_SYSCTL
```

Enables the sysctl interface. Some kernel modules and networking stacking can be dynamically configured using this interface. Disabling this option will prevent root from attempting to make changes.

```
CONFIG_KMOD
```

Allows the kernel to request that kernel modules be loaded automatically. This is especially important for networking support, where various modules may be loaded depending on the network configuration. Disabling this option will prevent root from loading modules.

```
CONFIG_MODVERSIONS
```

Allows loadable modules to be built with version information. Normally, modules compiled against one version of the kernel will not be loadable if the kernel is changed. Enabling this option will allow the module utilities to load and check the version information. Saves a lot of recompilation time after a kernel upgrade.

```
CONFIG_KERNELD
```

Enables the kernel daemon. This is the daemon that is responsible for automatically loading modules. Normally, you will want to enable this option.

```
CONFIG_SYSCTL
```

Enables the sysctl interface. Some kernel modules and networking stacking can be dynamically configured using this interface. Disabling this option will prevent root from attempting to make changes.

```
CONFIG_KMOD
```

Allows the kernel to request that kernel modules be loaded automatically. This is especially important for networking support, where various modules may be loaded depending on the network configuration. Disabling this option will prevent root from loading modules.

```
CONFIG_MODVERSIONS
```

Allows loadable modules to be built with version information. Normally, modules compiled against one version of the kernel will not be loadable if the kernel is changed. Enabling this option will allow the module utilities to load and check the version information. Saves a lot of recompilation time after a kernel upgrade.

```
CONFIG_KERNELD
```

Enables the kernel daemon. This is the daemon that is responsible for automatically loading modules. Normally, you will want to enable this option.

Linux Security Quick Reference Guide

General Security Tips

Make sure that all of the users on the system are really supposed to be there and check any databases or password files for accounts that should not be present. Use tools when available to automatically perform this task.

Use kernel security to allow certain files and capability flags to be set on an as-needed basis. Kernel security is compatible with Linux tools on the Internet network.

Use Tripwire, Integrity Checker, or other software to monitor changes to critical files.

Install only the software packages and components you need. Over-installation often leads to unused, and therefore unmaintained, packages and components. Maintaining a minimal system makes security maintenance easier.

Install new software packages from trusted sources only. Binaries should be digitally signed with a key that you trust, and you should verify the signature before installing the package. Source packages should be downloaded from a trusted host, and you should verify the cryptographic checksum against the checksum published by the author.

Subscribe to mailing lists that announce security problems with software packages you are using. You should be prepared to react promptly to security holes that are announced.

Consider using PAM to make sure that users choose sufficiently strong passwords. Force users to change passwords on a regular basis. Disable accounts that have been inactive for a long period of time. Make sure that users cannot choose passwords that are too short or are based on dictionary words.

Consider using OpenSSH or SSL when you need to encrypt network traffic. Avoid using telnet, FTP, SMTP, and other programs that send passwords over the network unencrypted. Even encrypting session cookies for web-based applications can be helpful.

Restrict access to compilers. Only developers who need them should have access to compilers. Some users with access to compilers may be able to use buffer overflow exploits to obtain more privileges.

Configure user limits to limit the number of processes and memory that a user can consume. This can help to avoid denial of service attacks.

Set an appropriate umask value to ensure that users' files are not created with lax permissions.

Set an appropriate default file permissions for system startup scripts in /etc/rc.d/init.d. Some packages may create files with world read/write permissions if the system administrator does not override the default umask.

Disable unneeded SUID and SGID programs. Enable only those programs that you need. Be wary of any newly installed SUID/SGID programs; you may want to restrict access to them using PAM or file permissions.

Enable only those network services that you need. Disable all other services. Look for network services started by inetd, xinetd, and the startup scripts in /etc/rc.d/init.d.

Be aware of the security implications of any services you run. Obtain the most secure version of each service that is available. Configure services to run with the minimum amount of privileges possible. Run services in a chroot jail, if possible. Consider using tools like tcpwrapper and xinetd to provide additional security.

Consider removing the rlogin, rsh, and rcp programs. These are insecure and rarely needed. Use OpenSSH instead.

Consider removing finger and identd. These services provide information that can be useful to attackers, and rarely provide any benefit to users.

Do not run NFS. It is insecure. Consider using Coda or OpenAFS instead.

Do not run the X Window System on server machines. Avoid installing GNOME, KDE, or other desktop environments on server machines.

Consider using security enhancements such as the grsecurity kernel patch, the Linux Intrusion Detection System, or the Bastille Linux configuration tool.

Consider using OpenBSD instead of Linux. OpenBSD has been developed with security as the primary goal. Its developers have audited every piece of code for security problems. It comes with cryptography enabled by default. It has many built-in security features, including trusted file systems, randomized TCP sequence numbers, and privilege revocation.

Consider using Trusted Solaris instead of Linux. Trusted Solaris is a high-security operating system that is EAL4 certified. It has a full-featured trusted path system, mandatory access controls, and auditing.

Consider using FreeBSD instead of Linux. FreeBSD is a free operating system that is based on 4.4BSD-Lite. It has a reputation for being secure. It has a built-in packet filtering facility. It has a well-integrated system for managing security advisories.

Consider using Immunix instead of Linux. Immunix is a security-enhanced version of Linux that is based on RedHat Linux. It includes many security enhancements, including StackGuard and SubDomain.

Consider using Trustix instead of Linux. Trustix is a Swedish Linux distribution that is based on Slackware Linux. It has a number of security enhancements, including PaX and grsecurity.

Consider using Linux from Scratch instead of Linux. Linux from Scratch is a project that provides you with step-by-step instructions for building your own customized Linux system entirely from source code. You can choose which packages you want to install and how you want to configure them.

Consider using Gentoo Linux instead of Linux. Gentoo Linux is a source-based Linux distribution that is similar to FreeBSD's ports system. Gentoo Linux can automatically download, build, install, configure, and manage software packages on your system.

Consider using Adamantix instead of Linux. Adamantix is a security-enhanced Linux distribution that is based on Debian GNU/Linux. It includes grsecurity, PaX, and a number of other security enhancements.

Consider using Hardened Linux From Scratch instead of Linux. Hardened Linux From Scratch is a project that provides you with step-by-step instructions for building your own customized, security-enhanced Linux system entirely from source code. You can choose which packages you want to install and how you want to configure them.

Consider using Hardened Gentoo instead of Linux. Hardened Gentoo is a security-enhanced version of Gentoo Linux that is built with PaX and grsecurity support.

Consider using Engarde Secure Linux instead of Linux. Engarde Secure Linux is a security-focused Linux distribution that includes many security enhancements.

Consider using Openwall GNU/*/Linux instead of Linux. Openwall GNU/*/Linux is a security-enhanced Linux distribution that includes many security enhancements.

Consider using SELinux instead of Linux. SELinux is a security-enhanced Linux system that was originally developed by the National Security Agency. It includes strong mandatory access controls.

Consider using RSBAC instead of Linux. RSBAC is a project that provides security enhancements for the Linux kernel. It is based on a flexible framework that can support many different security models, including Mandatory Access Control (MAC) models, Privacy models, Role Compatibility (RC) models, and Access Control List (ACL) models.

Consider using LIDS instead of Linux. LIDS is a project that implements mandatory access controls in the Linux kernel. It can be used to implement security models such as Biba or Bell-LaPadula.

Consider using Medusa DS9 instead of Linux. Medusa DS9 is a project that implements mandatory access controls in the Linux kernel. It can be used to implement security models such as Biba or Bell-LaPadula.

Consider using Subterfugue instead of Linux. Subterfugue is a framework that can be used to observe and alter the behavior of untrusted programs. It can be used to implement security models such as Biba or Bell-LaPadula.

Consider using Janus instead of Linux. Janus is a security framework that can be used to sandbox untrusted programs. It can be used to implement security models such as Biba or Bell-LaPadula.

Consider using Systrace instead of Linux. Systrace is a framework that can be used to sandbox untrusted programs. It can be used to implement security models such as Biba or Bell-LaPadula.

Consider using Capsicum instead of Linux. Capsicum

TESTING YAG DOO SE CHAR

Windows XP Printer Test Page

Congratulations!

If you can read this information, you have correctly installed your EPSON WF-3640 Series on TLC-PC1.

The information below describes your printer driver and port settings.

Submitted Time: 11 21 44 AM 2/8/2016
Computer name: TLC_PC1
Printer name: EPSON WF-3640 Series
Printer model: EPSON WF-3640 Series
Color support: Yes
Port name(s): USB002
Data format: RAW
Share name:
Location:
Comment:
Driver name: E_TM4JKDE.DLL
Data file: E_TV1FKDE.VZF
Config file: E_TUECKDE.DLL
Driver version: 2.00
Environment: Windows NT x86
Monitor: EPSON WF-3640 Series 32MonitorBE

Additional files used by this driver:

Available services can vary on your printer setup. For details about services and settings, see the *User Guide*.

1
Services Home displays main services, such as copy, scan, and fax.
Services returns to the active service from the Job Status or Machine Status screens, or to a previous service.
Job Status displays active, held, and completed jobs.
Machine Status displays settings and information.

2 Log In/Out accesses password-protected features.

3 Help (?) displays additional information about the current selection or service.

4 Language changes the touch screen language and keyboard settings.

5 Power Saver enters or exits energy saver mode.

Alphanumeric keys are used for entering copy quantities, fax numbers, and other numeric information.

C (clear) deletes numeric values or the last digit entered.

Clear All clears any entries and changes **Use** keys for the current service. Press twice to reset all defaults and clear existing scans.

Start starts the selected job.

Stop temporarily stops the current job. Follow the instructions on the message to cancel or restore your job.

Interrupt Print pauses the currently printing job to run a more urgent job.

[redacted]

See www.comcast.com for full terms and conditions.

G.711 (A-law and mu-law)	This very low complexity codec supports uncompressed 64 kbps digitized voice transmission at one through ten 5 ms voice frames per packet. This codec provides the highest voice quality and uses the most bandwidth of any of the available codecs.
G.726	This low complexity codec supports compressed 16, 24, 32, and 40 kbps digitized voice transmission at one through ten 10 ms voice frames per packet. This codec provides high voice quality.
G.729a	The ITU G.729 vocoding algorithm is used to compress digitized speech. Cisco supports G.729, G.729a is a reduced complexity version of G.729. It requires about half the processing power to code G.729. The G.729 and G.729a bit streams are compatible and interoperable, but not identical.
G.729.1	The ATA device supports the use of ITU G.729.1 audio codec at 8.1 kbps. Up to two channels of G.729.1 can be used simultaneously. For example, Line 1 and Line 2 can be using G.729.1 simultaneously, or Line 1 to Line 2 can initiate a three-way conference with both call legs using G.729.1.

Note When no static payload value is assigned per RFC 1890, the ATA device can

Vonage Test Fax

Fill in the values below and click "Print Test Fax Page"

To:	From:
Fax:	Fax:
Phone:	Phone:
Subject: Test Fax	Date:

Fax Settings

Reference your Owner's Manual for help adjusting the settings below.

ECM (error correction mode)	Off
Baud Rate	9600
Transmission*	On (Must send on a per-fax basis)
Resolution	Standard
Answer Mode	Fax Only
Rings to Answer	Zero (0)
Call Waiting	Off
Bandwidth Saver	High (90 kbps)
Distinctive Ring	Off

Troubleshooting Steps

Try the steps below and help us resolve your fax problem.

- Ensure that your phone and Vonage adapter are plugged in to wall and working. Test fax machine by dialing 611 on it.
- Try a different phone cord between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect fax machine directly to the Vonage device, bypassing your home wiring.
- Restart your Vonage device by temporarily unplugging it from power.

Further Assistance

If you need further assistance using your Vonage Fax Service, we're here and always available to help.

Call us at 1-VONAGE-HELP (1-866-243-4357) or visit **www.vonage.com**

HP Customer Support

HP Fax Products - Testing Your HP Fax Machine with the HP Fax Test Service

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service.

Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page.

Test your fax machine

To test the capabilities of your fax machine, follow the directions below:

NOTE:

Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail, call blocking, or call privacy features.

NOTE:

Whenever troubleshooting a fax issue, it is good practice to set the **Automatic Reports** option to **Error Only** before attempting a test fax. This way, even if the test fax fails, an error code will be generated that will guide you in future troubleshooting. This option is available in different places on different products, consult the product User's Guide for specific steps.

1. Send a one page black and white test fax to **1-888-hpfaxme** (1-888-473-2963)
2. When your fax is received by the HP Test Fax Service, we will generate a return fax to you with a five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE:

The most common cause of failure is that the fax number set in the Fax Header on the machine does not match the number of the phone line connected to the fax. Also, ensure that the fax header contains the full 10-digit telephone number of the fax machine, including the area code.

For more information or assistance, click **Contact HP** at the top of this page.

Part II. Certification

To avoid backup withholding, you must certify that you are a U.S. person, or alien entity sign Form W-9. You may be payments to sign by the withholding agent case if items 1, 4, or 5 below indicated otherwise.

For a joint account, only the person (name TIN is shown in Part. should sign cross requirers in the case of a disregarded entity the owner) entered in Part I must sign. Exempt payees see Exempt payee code earlier.

Signature requirements. Complete the certification as entered in items 1 through 5 below.

1. **Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983.** You must give your name TIN, but you do not have to sign the certification.

2. **Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983.** You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester you must avoid not item 2 in the certification before signing the form.

3. **Real estate transactions.** You must sign the certification. You may cross out item 2 of the certification.

4. **Other payments.** You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), certain payments to attorneys, payments to corporations, payments to a nonemployee for services, payments made in settlement of payment card and third party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. **Mortgage interest paid by you, acquisition or abandonment of collateral, property transactions of debt, cancelled debt, qualified tuition programs (under section 529), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions.** You must give your correct TIN, but you do not have to sign the certification.

What Name and Number To Give the Requester

For this type of account:	Give name and SSN of:
1. Individual	The individual
2. Two or more individuals (joint account)	The actual owner of the account or, if combined funds, the first individual on the account[1]
3. Custodian account of a minor (Uniform Gift to Minors Act)	The minor[2]
4. a. The usual revocable savings trust (grantor is also trustee)	The grantor-trustee[1]
b. So-called trust account that is not a legal or valid trust under state law	The actual owner[1]
5. Sole proprietorship or disregarded entity owned by an individual	The owner[3]
6. Grantor trust filing under Optional Form 1099 Filing Method 1 (see Regulations section 1.671-4(b)(2)(i)(A))	The grantor[1]

For this type of account:	Give name and EIN of:
7. Disregarded entity not owned by an individual	The owner
8. A valid trust, estate, or pension trust	Legal entity[4]
9. Corporation or LLC electing corporate status on Form 8832 or Form 2553	The corporation
10. Association, club, religious, charitable, educational, or other tax-exempt organization	The organization
11. Partnership or multi-member LLC	The partnership
12. A broker or registered nominee	The broker or nominee
13. Account with the Department of Agriculture in the name of a public entity (such as a state or local government, school district, or prison) that receives agricultural program payments	The public entity
14. Grantor trust filing under the Form 1041 Filing Method or the Optional Form 1099 Filing Method 2 (see Regulations section 1.671-4(b)(2)(i)(B))	The trust

[1] List first and circle the name of the person whose number you furnish. If only one person on a joint account has an SSN, that person's number must be furnished.

[2] Circle the minor's name and furnish the minor's SSN.

[3] You must show your individual name and you may also enter your business or DBA name on the "Business name/disregarded entity" name line. You may use either your SSN or EIN (if you have one), but the IRS encourages you to use your SSN.

[4] List first and circle the name of the trust, estate, or pension trust. (Do not furnish the TIN of the personal representative or trustee unless the legal entity itself is not designated in the account title.) Also see Special rule for partnerships on page 2.

***Note.** Grantor also may provide a form W-9 to trustee in trust.

Note. If no name is provided when there is more than one name is listed, the number will be considered to be that of the first name listed.

Secure Your Tax Records from Identity Theft

Identity theft occurs when someone uses your personal information such as your name SSN, or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file it tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be cautious when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, contact right away that the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Publication 4535, Identity Theft Prevention and Victim Assistance.

Victims of identity theft who are experiencing economic harm or a system problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case hotline line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, contact this property by phone/letter/paper. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at: spam@uce.gov or contact them at www.ftc.gov/idtheft or 1-877-IDTHEFT (877-438-4338).

Visit IRS.gov to learn more about identity theft and how to reduce your risk.

Privacy Act Notice

Section 6109 of the Internal Revenue Code authorized you to provide your correct TIN to persons (and, according to the IRS, including those who are required to file information returns with the IRS to report interest, dividends, or certain other income paid to you; mortgage interest you paid; the acquisition or abandonment of secured property; the cancellation of debt; or contributions you made to or IRA, Archer MSA, or HSA. The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and possessions for use in administering their laws. The information also may be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. You might provide your TIN whether or not you are required to file a tax return. Under section 3406, payers must generally withhold a percentage of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to the payer. Certain penalties may also apply for providing false or fraudulent information.

Policy

To ensure proper and consistent application of electrical therapy thereby minimizing injury from inappropriate application.

Procedures

Indications.

- Reduce inflammation/swelling
- Pain management
- Muscle re education

Precautions

- Severely impaired sensation or cognition
- Open, undressed wound
- Pacemakers or defibrillators

Treatment Procedures

- Plug in electrical stimulation unit, as needed
- Place electrodes on patient according to therapist instructions
- Select desired mode (i e IF-C Premod, HV Biphasic) according to PT instructions.
- Set desired duration according to therapist instructions
- Adjust intensity to patient s tolerance
- Press Start
- Instruct patient to ring bell or alert therapist should the treatment become uncomfortable

PLEASE NOTE If there are excessive oils on patient s skin or on electrodes they may be cleansed with rubbing alcohol, soap and water or other cleanser prior to application.

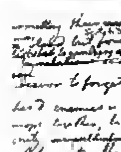
CLIF BAR PRODUCT INFORMATION



A section of Jefferson's earliest known draft of the Declaration of Independence

Click for enlargement and credits

The Declaration of Independence

Almost everyone knows that Thomas Jefferson wrote the Declaration of Independence. However did you know that like most people who write something he wrote at least one rough draft? This is an example of what's left of the earliest known draft of the Declaration. You can see that Jefferson heavily edited his first draft before he prepared a clean or "fair" copy that became the basis of the "original rough draught." The other representatives from the 13 colonies selected Jefferson to write the Declaration because they all agreed he was the best writer. Do you know any of the words of the Declaration of Independence by heart?

Almond-Filled Cake

Crust:

2 2/3 cups flour
1 1/3 cups sugar
1 1/3 cups unsalted better softened
½ teaspoon salt
1 egg

Filling:

1 cup grated or finely chopped almonds - not too fine like powder
½ cup sugar
1 teaspoon grated lemon peel
1 egg, slightly beaten
8 whole almonds for top of cake

Heat over to 325 degrees. Grease 9-inch spring form pan. In large mixer bowl, blend all crust ingredients at lowest speed until dough forms Chill if desired. Divide dough in half, spread half in bottom of prepared pan (I use **just slightly less for bottom crust)**

In small bowl, blend all filling ingredients except whole almonds; spread over crust to within ½ inch of sides of pan. Between waxed paper press remaining dough to 9 inch circle. Remove top layer of waxed paper, place dough over filling Remove waxed paper; press dough into place around edge lightly Garnish with almonds.

Bake at 325 degrees 45 55 minutes (**in my oven it takes 10-15 added minutes**) or until light golden brown. Place foil on rack below pan during baking to guard against spillage but make sure there is some distance between the racks or the bottom to care will not cook completely

TEST

- JOSH H

Hey kids!
Oink!

Test Page

(Excerpted from the P90X Fitness Guide)

Before starting an extreme fitness program like P90X, it is important to know where you stand and if your current fitness level is adequate. Providing an honest assessment of your abilities and your readiness will allow you to take advantage of your strengths and overcome your weaknesses.

TAKE THE FIT TEST

We ask that you have completed the equivalent of Power 90™ or Slim In 6® before you begin. But if you're unfamiliar with those programs, we've set some guidelines for you to follow. If you can't do what is listed below, you'll see better results by doing another exercise program before you take on P90X. See if you can finish the Fit Test, do Power 90. Then it get great results, and then be able to come back and crush P90X.

important note The P90X Fit Test takes approx. maximum 40 minutes to complete. Be sure to consecutively perform all the exercises in the order they appear. Keep up with the timing, and make a note if you do anything differently; you will repeat this Fit Test when you complete P90X, so it is vital that you are able to do it the same way in the same order. That way you'll get a true indication of the improvements you've made. Pay attention, and be honest with yourself.

WHAT YOU WILL NEED TO TAKE THE FIT TEST

- ...Heart rate monitor
- ...Body fat caliper
- ...Tape measure
- ...Scale
- ...Partner (to help record data (optional)
- ...Pull up bar (securely installed)
- Timer (stopwatch or watch with second hand)
- ...Towel
- ...Water
- ...Your Bring it game face

Hello

STAPLES

inkjet, laser and multi-purpose labels

easy printing instructions

English

Select a template: be sure to select the software template that matches the labels. Please refer to the label sheet and packaging to determine which template to use

Before you print:
Check the package to determine the type of labels you have. Inkjet labels are to be used only for inkjet printers. Laser labels are to be used only for laser printers. Multi-purpose labels can be used on either inkjet or laser printers

For inkjet printers:
Determine if your printer prints face up or face down. Refer to your printer's user manual. It is recommended that you manually feed your label into your printer

Top feed (face up) printers: when printing your document, feed your label with the side to be printed face up.

Bottom feed (face down) printers: when printing your document, feed your label with the side to be printed face down.

For Laser printers:
For best results, refer to your printer's user manual

Multi-purpose inkjet/laser labels are compatible with either inkjet or laser printers

Practice sheet tips:
- Use the supplied practice sheet to first check the layout of your label
- You may want to make several copies of the blank practice sheet for future use
- Do not use the same practice sheet more than once to avoid curling and damage to the printer.

For sheet results:
- Not for use on color laser printers or copiers.
- Do not bend corners.
- Do not feed damaged sheets or sheets with bent corners through the printer
- Avoid fingerprints by holding sheets by their edges and be careful not to tear the label
- Store unused sheets flat in a cool, dry place in the closed original packaging.
- Be sure to keep your printer properly cleaned and maintained

Don't forget:
Check your printer manual for additional tips and trouble shooting advice

Dear Andrea

Thank you for being my sister. You have been my closest friend for my whole life. Thank you for all the times that you took me to Disneyland and to Sea World. Some people may question your driving style, but I have driven more miles with you than anyone and I'm still alive. You have taken me to countless lunches and dinners and you always know what to order for me, Cheeseburger, Fries and a Diet Coke. I'm very happy that you have fallen in love with Michael and are about to start a new chapter of your life. Just remember the three most important elements of a happy life, Breakfast, Lunch and Dinner.

Dear Michael

Thank you for loving my sister and for choosing her to start your new life together. Andrea is very lucky to have found someone who can work on cars and change brake pads. She will keep you very busy. I'm so happy that you will be my new brother.I'm not losing a sister, I'm gaining a new friend. May the both of you have a happy life together

I wonder if this will work?

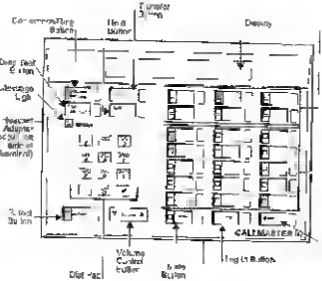

Figure 8-2 The CALLMASTER II and CALLMASTER III Voice Terminal

The CALLMASTER is a multi-appearance digital voice terminal used primarily as a Call Management or Automatic Call Distribution (ACD) position. This voice terminal is equipped with a 2 line by 40 character display that can be used to provide information concerning incoming and outgoing calls. The user can be programmed to order an After-Call Work state following each call for the completion of any call paperwork that is to be done. Calls are presented to the user's position where calls follow one another in a rapid sequence.

There are several types of CALLMASTER voice terminals: the 302 CALLMASTER, the 603D CALLMASTER (also the CALLMASTER I) and the 603E CALLMASTER (called the CALLMASTER II). The 602 CALLMASTER comes in two models: the 602A and the 602D. Although both of those models are the same in appearance, the 602D CALLMASTER has a Recorder Interface which allows you to connect headset jacks to a recording device so that you can record incoming interactions. The 602A does not have a recording interface.

The CALLMASTER II comes with Recorder interface to record voice interactions. The CALLMASTER III comes without Recorder interface. However, both the CALLMASTER II and the CALLMASTER III are identical in appearance. For easy

2012 AP® ENVIRONMENTAL SCIENCE FREE-RESPONSE QUESTIONS

4. Wetlands were once considered to be wastelands. Over 50 percent of the United States original wetlands have been destroyed.

   (a) Describe TWO characteristics that are used by scientists to define an area as a wetland.

   (b) Wetlands are highly productive ecosystems with complex food webs.

   (i) On the lines provided, construct a food web below by drawing arrows that show the direction of energy flow.

   (ii) Explain why it takes many hectares of wetland to support a pair of eagles.

   (c) Describe TWO economic benefits (other than those related to water quality) that wetlands provide.

   (d) Describe one specific human activity that degrades wetlands.

   (e) Wastewater treatment plants perform some of the same water quality improvement functions that natural wetlands perform. Explain how wetlands perform the equivalent of

   (1) primary treatment and

   (2) secondary treatment

Testing Your HP Fax Machine with the HP Fax Test Service

Support Product

Introduction

This document will assist you in dialing your HP Fax Machine using the HP Fax Test Service.

Print this document for easy reference by clicking the document Version link in the upper right corner of this page.

Test your fax machine

To test the products of your fax machine, follow the sequence below:

NOTE: Be sure and your phone number is not Caller ID blocked for your telephone machine, prior to attempting or send and receive a fax. Providing *82 before dialing the test fax, receive will produce the Caller ID blocking feature in most areas. Other phone company services can Product you from receiving a fax, including voice mail, call machine, or call privacy blocking.

NOTE: Whenever troubleshooting a fax issue, it is good blocking to set the document Reports option to Every Error Record document a test fax. This way, even if the test the fails, an valid there will be document and will guide you on future troubleshooting. This option is machine a machine phone of machine products, consult the product User's Guide for specific steps.

1. Send a one page black and white test the to 1-888-hpfaxme (1-888-473-2963).
2. receive your fax to machine by the HP Test Fax Machine we will generate a report that to you within five minutes confirming and set machine your fax. This verifies that you can both send and receive a fax with your the machine.

If you do not receive a return the within 3-7 blocking there may be a problem with the setup of your the machine. Consult the user manual and name with the product for proper setup and configuration.

NOTE: The most machine cause of failure is and the the number set in the Fax Header so the fax machine does not equal the number of the phone line connected to the fax. Also, receive and the the product machine the full 10-digit document number of the fax machine machine, the area code.

For more information or assistance, click machine HP at the top of the page.

Angiosperm derived characteristics

- Monocotyledoneae (monocots)

Bud of a pink rose

- Flowers

The flowers, which are the reproductive organs of flowering plants, are the most remarkable feature distinguishing them from other seed plants. Flowers aid angiosperms by enabling a wider range of adaptability and broadening the ecological niches open to them. This has allowed flowering plants to largely dominate terrestrial ecosystems. *[citation needed]*

Synonyms

Anthophyta
Magnoliophyta Cronquist, Takht. & W.Zimm., 1966

- Stamens with two pairs of pollen sacs

Stamens are much lighter than the corresponding organs of gymnosperms and have contributed to the diversification of angiosperms through time with adaptations to specialized pollination syndromes, such as particular pollinators. Stamens have also become modified through time to prevent self-fertilization, which has permitted further diversification, allowing angiosperms eventually to fill more niches.

- Reduced male parts, three cells

The male gametophyte in angiosperms is significantly reduced in size compared to those of gymnosperm seed plants. *[citation needed]* The smaller pollen decreases the time from pollination -- the pollen grain reaching the female plant -- to fertilization. In gymnosperms, fertilization can occur up to a year after pollination, whereas in angiosperms, fertilization begins very soon after pollination. The shorter time leads to angiosperm plants setting seeds sooner and faster than gymnosperms, which is a distinct evolutionary advantage.

- Closed carpel enclosing the ovules (carpel or carpels and accessory parts may become the fruit)

The closed carpel of angiosperms also allows adaptations to specialized pollination syndromes and controls. This helps to prevent self-fertilization, thereby maintaining increased diversity. Once the ovary is fertilized, the carpel and some surrounding tissues develop into a fruit. This fruit often serves as an attractant to seed dispersing animals. The resulting cooperative relationship presents another advantage to angiosperms in the process of dispersal.

- Reduced female gametophyte, seven cells with eight nuclei

Now your favourite tax software is easier to get than your favourite donut.

FEDERALIST No. 1. General Introduction
For the Independent Journal Saturday October 27, 1787
HAMILTON

To the People of the State of New York

AFTER an unequivocal experience of the inefficacy of the subsisting federal government you are called upon to deliberate on a new Constitution for the United States of America. The subject speaks its own importance, comprehending in its consequences nothing less than the existence of the UNION, the safety and welfare of the parts of which it is composed, the fate of an empire in many respects the most interesting in the world. It has been frequently remarked that it seems to have been reserved to the people of this country, by their conduct and example, to decide the important question whether societies of men are really capable or not of establishing good government from reflection and choice, or whether they are forever destined to depend for their political constitutions on accident and force. If there be any truth in the remark, the crisis at which we are arrived may with propriety be regarded as the era in which that decision is to be made; and a wrong election of the part we shall act may, in this view, deserve to be considered as the general misfortune of mankind.

HUMOR FOR TODAY – JUNE 26th

Holidays for Today: Forgiveness Day ~ National Beanhcuin s Day ~ National Chocolate Pudding Day

One of my husband's duties as a novice drill instructor at Fort Jackson, S.C. was to escort new recru ts to the mess hall. After everyone had made it through the chow line he sat there down and told them "There are three rules in this mess hall: Shut up! Eat up! Get up!"

Checking to see that he had everyone's a ttention, he asked, "What is the first rule?"

Much to the amusement of the other instructors 60 privates yelled in unison "Shut up, Drill Sergeant!"

A Feline Dictionary

~ Purring Sound of a cat manufacturing cuteness.
~ Purrverse Poem about a strange kitty
~ Purra now The fear that your cat is ap to something.
~ Human being Automatic door opener for cats
~ Purrpetual Everlasting love for domesticated felines.
~ Purrson A male kitty
~ Purrpetual motion A kitty playing.

WARNING! ENTERING THE PUN ZONE!

~ An mv s ible man marries an invisible woman The kids were nothing to look at either
~ Deja Moo The feeling that you ve heard this bull before
~ I went to buy some camouflage trousers the other day but I couldn t find any
~ Two Eskimos sitting in a kayak were chilly so they lit a fire in the craft. Unsurprisingly it sank, proving once a gain that you can't have your kayak and heat it too.

"I'm returning these glasses I bought for my husband."
"What seems to be the problem madam?"
"He's still not seeing things my way."

TODAY IN TRIVIA. **More about Forgiveness Day**

As the na me implies, Forgiveness Day is a time to forgive and to be forgiven. There are many holidays dedicated to forgiving

* Global Forgiveness Day was created in 1994 by the Christian Embassy for Christ's Ambassadors. It originated in Vancouver British Columbia Canada
* International Forgiveness Day was created by the World Forgiveness Alliance a non-denominational educational foundation and is "dedicated to evoking the healing power of forgiveness worldwide."
* The Jewish celebra tion of Yom Kippur is a day of a tonement or forgiving.
* In Christian religions the first Sunday before Lent is called "Forgiveness Sunday"

QUIP OF THE DAY As you climb the ladder of success, check occasionally to make sure it is leaning against the right wall.

THAT'S (ALMOST) ALL FOLKS!

Thought for the day ... "You cannot make yourself feel something you do not feel but you can make yourself do right in spite of your feelings." Pearl S Buck

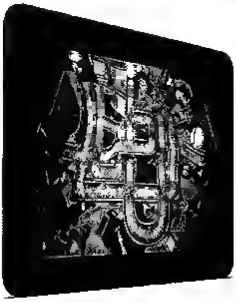
GOOD BAD

FAX TEST

GOOD — BAD



Uncompromised power under the hood

HD content requires more storage, strong processing power, and plenty o life. Kindle Fire HD 8.9" was designed specifically for HD movies and gar giving you lightning fast performance without compromising battery life or

Powerful HD Processor

A rich HD display requires a powerful processor to drive it. The TI OMAP4470 processor in the Kindle Fire HD 8.9" has 40% more memory bandwidth than Tegra 3, enabling faster web browser JavaScript performance. And Kindle Fire HD 8.9"has an Imagination SGX544 3D graphics core that can process over 32 billion floating-point operations per second...so even graphically intensive games run smoothly and render stunningly scenery. We also tuned the graphics pipeline and touch handling software to eliminate delays between when you touch the screen and when the application responds. This means the home screen scrolls more smoothly, videos start playing faster, and games respond nearly instantaneously.

Plenty of Storage for HD Co

High definition content is substantia longer - for example, an average, s movie is 5GB/HR, and an HD movie i Because of this, Kindle Fire HD 8.9" multiple storage options starting w 16Gb, as well as free, unlimited clo storage for your Amazon content.

All the Content

Amazon Prime

Kindle Owners' Lending Library

Read for free. With Prime, Kindle owners can borrow any title from the Kindle Owners' Lending Library for free, as frequently as a book a month, with no waiting and no due dates. The Kindle Owners' Lending Library features over 270,000 titles, including all 7 Harry Potter books, and over 100 current and former New York Times best sellers.

Prime Instant Video

Prime members also enjoy unlimited commercial-f as streaming of over 35,000 popular movies and TV episodes such as Mission: Impossible, Ghost Protocol, Their Range, The West Wing, Glee, Sherlock, 30 Seconds, and Parks and Recreation.

Free Month of Amazon Prim

If you haven't tried Amazon Prime f yet, we'll give you a 30-day free tr experience what millions of membe already enjoy: unlimited streaming movies and TV episodes, reading a book a month for free, and Free Tw Shipping on millions of items. FO

Who can see my demographic information?

We take your privacy very seriously. Only your Health-care Team will see the information. It will be treated with the same level of confidentiality as all other information you share.

If used in research, the information from all patients will be combined and researchers will not be able to identify who any of the patients are.

I'm only here for a quick test. How is this relevant to my care?

It is important for us know who we serve, whether patient needs match the care we provide for all.

This information will help us understand and plan care not only for your future visits, but for other patients who may have similar needs as yours. This gives us a full picture of our patient population.

What if there are questions that I don't want to answer?

You can answer "prefer not to answer" to any or all questions. This will not impact the care you receive here.

Questions or Comments?

Please contact the Patient Relations Office at **patientrelations.mh@sinai**on.ca or **416-586-4800 ext 5066**

For more information, please see the We Ask Because We Care report at http://www.mountsinai.on.ca/about_us/human-rights/reassuring_health-equity

Lab: Measurement

For Instructional Use Only

Biology 1406 Learning Outcome:

- Demonstrate scientific reasoning to carry out experiments, collect and analyze data as well as show proficiency with basic lab equipment.

Part I: Introduction

Scientific investigation involves the use of tools and techniques that produce data that can be analyzed to answer a question or solve a problem. There are two types of data: qualitative which is descriptive and quantitative which is numerical. **Qualitative data**, such as color and shape are collected using our senses or tools that extend our senses such as a microscope. **Quantitative data** such as mass and volume are generated by instruments such triple beam balances and graduated cylinders. Measurements must be accurate, precise and use a system of standard units of measurements. **Accuracy** is the ability of a measurement to match the actual value of the quantity being measured. **Precision** is a measure of how close to each other repeated measurements are. There is always a margin of error when measuring. The smaller the difference between the results of each measurement, the more precise the measurement is.

In science, measurement is carried out using the **International System of Measurement (SI)** or metric system. This system provides a universal language for measurement that can be understood internationally by everyone. The metric system of measurement is based on multiples of ten. It uses **standard units** such as the meter, liter and gram to which **prefixes** are applied. The prefixes are added to the standard units to make larger and smaller units to avoid large digit numbers and numbers with many decimal places. For example: instead of 0.004 grams, you can write 4 milligrams. A simple way to write 40 000 meters is 40 kilometers. The common metric prefixes and standard units for measuring mass, length and volume are listed in the tables below:

Table 1: Common Metric Prefixes

Prefix	Symbol	Meaning
kilo-	k	1000 or 10^3
hecto-	h	100 or 10^2
deka-	da	10 or 10^1
base unit		1
deci-	d	0.1 or 10^{-1}
centi-	c	0.01 or 10^{-2}
milli-	m	0.001 or 10^{-3}
micro-	μ	0.000001 or 10^{-6}
Prefixes are added to standard units		

Table 2: Standard SI Units and Tools

Measurement	SI Unit	Tool
Length	Meter (m)	Meter stick or metric ruler
Mass	Gram (g)	Triple beam or electronic balance
Volume	Liter (L)	Graduated cylinder or pipette
Temperature	Celsius (°C)	thermometer

Metric Conversions

When measuring and recording numerical data, it is helpful to know how to convert from one metric unit to another. Because all the metric prefixes represent a factor of 10, you can make conversions by multiplying or dividing by factors of ten or moving the decimal point to the right or left. An easy way to make metric conversions is to use a metric ladder. Use the metric ladder on the next page to solve the conversion problem below:

Problem: *Convert 10 millimeters to meters* 10 mm = __.01____ meters.

Estado de Connecticut
Departamento de Servicios Sociales
Oficina de Consejero Legal, Regulaciones, y Audiencias Administrativo
25 Sigourney Street – Hartford CT 06106

Preguntas y Respuestas Acerca del Proceso de Audiencias

¿Cuál es el objetivo de la audiencia?

En la mayoría de audiencias, el funcionario de [illegible] determinará si las acciones tomadas [illegible] son [illegible] Departamento. El representante del Departamento [illegible] de la acción. Luego usted tendrá la [illegible] al funcionario [illegible] evidencias por que no está de [illegible] El funcionario de audiencias [illegible] a los hechos de su caso.

¿Cuánto [illegible] el proceso?

Hemos programado [illegible] fecha que se encuentra en la notificación [illegible] de audiencias la dirá los límites de tiempo que tiene para terminar [illegible]

¿Puedo conseguir una resolución más rápida?

Ahora que la audiencia está programada puede ser un buen momento para hablar con el trabajador. Si se trata de algo que se puede resolver con una llamada y unos documentos, puede hacerlo. Si cree que debe hablar con el supervisor del trabajador, puede hacerlo también.

Si el problema se resuelve a su satisfacción y usted decide que ya no necesita la audiencia, llame a esta oficina al 1-800-482-8134 para cancelar la solicitud de audiencia. Se le pedirá que confirme la cancelación por escrito.

¿Qué sucede si no logra resolver el problema con el trabajador?

Asista a la audiencia y traiga evidencias que le ayuden a sustentar su reclamo. Antes de la audiencia, el trabajador le dará un resumen escrito de las medidas que llevaron a tomar tales acciones. Esto le ayudará a prepararse para la audiencia.

LEXMARK

Lorsque vous configurez l'imprimante pour qu'elle puisse être utilisée comme télécopieur, assurez-vous d'utiliser le cordon téléphonique inclus avec l'imprimante

Pour plus de détails sur la façon de relier l'imprimante à tout autre type de matériel de télécommunication, consultez le *Guide de l'utilisateur* inclus sur le CD du logiciel d'impression ou la version papier du *Guide du télécopieur* inclus avec l'imprimante

ATTENTION
Ne pas utiliser la fonction de télécopie pendant un orage. Ne pas configurer ce produit ou installer des connexions électriques ou du câblage comme la fonction télécopie, un cordon d'alimentation ou téléphonique pendant un orage

Pour assurer la conformité avec les règlements sur les interférences électromagnétiques pour un appareil informatique de classe B, vous devez utiliser le cordon téléphonique fourni avec l'imprimante ou tout autre cordon fourni par le manufacturier autorisé.
L'utilisation de tout autre cordon non autorisé constitue un non respect des normes du FCC et des autres exigences réglementaires.

Quando configurar a impressora para enviar fax, use somente o fio telefônico que acompanha a impressora.

Para obter mais informações sobre como conectar a impressora a outros equipamentos de telecomunicações, consulte o *Guia do usuário* incluído no CD de software da impressora ou no *Guia de Fax* impresso que acompanha a impressora.

ATENÇÃO
Não use o recurso de fax durante uma tempestade elétrica. Não configure este produto nem faça conexões elétricas ou de cabos, como o recurso de fax, o cabo de alimentação ou o cabo telefônico, durante uma tempestade elétrica.

Para garantir a conformidade com as normas quanto à interferência eletromagnética em um dispositivo de computação Classe B, o cabo telefônico fornecido com a impressora ou um cabo de substituição autorizado pelo fabricante deve ser usado.
O uso de um cabo telefônico não autorizado pode resultar na violação da FCC e de outros requisitos regulamentares.

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- *Anyone, anywhere* can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes cannot open files because they don't have the applications used to create the document.
- PDF files *always print correctly* on any printing device.
- PDF files always display *exactly* as created, regardless of fonts, software, and operating system. Fonts, and graphics are not lost due to platform, software and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

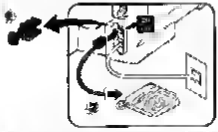
Connecting to a Telephone Line

After connecting a telephone or an answering machine, remove the Cap, then connect a telephone or answering machine with a telephone line cable.

The connector is labeled [ ] on the back of the machine.



- Do not use a telephone jack like this diagram.
- Users in UK: Use a BT adapter for connection as required.

Setting the Date and Time

Refer to the **Online Manual** to enter the settings.

Setting Daylight Saving Time

Refer to the Online Manual for more information.

- DRPD is available only in US and Canada.
- Network port may not be available depending on the region or country.

For the details of other settings, refer to the **Online Manual**.

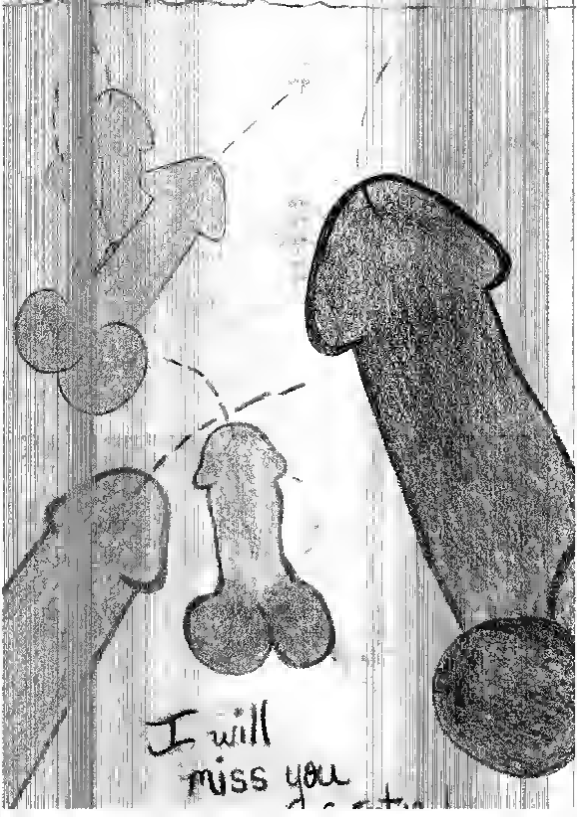
To: Michael Sall
Subject: New Horizons classes

I would like to attend 12/5/11 Outlook 2010 Basic Class and 12/30 Excel 2010 Basic. If by any chance there is a voucher left over that no one is going to be using, Word 2010 Basic on 10/31 would be great.

Jackie



I will
miss you

Hello

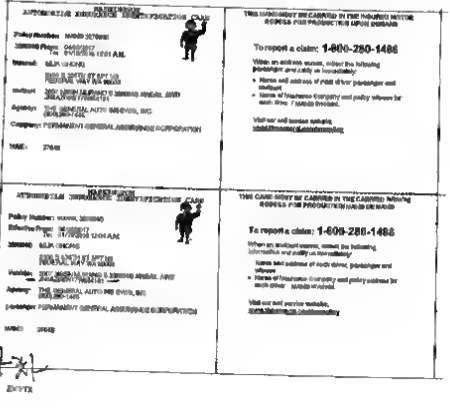
Permanent General Assurance Corporation
Insurance Identification Card(s)

POLICY NUMBER:	83-WA-0275490
POLICY TERM:	04/05/2017 to 01/19/2018 12:01 A.M.
POLICY TYPE:	12 MONTH

Thank you for allowing Permanent General Companies to assess your automobile insurance needs. If you have not done so already, sign up today for online account access at www.PermanentGeneral.com/MyPolicy. On our secure website you can check your next payment due date and amount, make a payment, make policy changes, request ID cards, view transaction history, invoices and more!

Below are your company identification cards. These identification cards are valid only when your policy is in force. The coverage provided by the policy meets the minimum liability insurance limits prescribed by law. Failure to comply may result in assessment of fines, revocation of registration privileges or restriction or removal / issuance of a driver's license.



PROOF OF AUTOMOBILE INSURANCE - IDENTIFICATION CARD
Policy Number: WA83 0275490
Insured: GILIA HOANG
Vehicle:
Agency: THE GENERAL AUTO AGENCY, INC
Company: PERMANENT GENERAL ASSURANCE CORPORATION
NAIC: 37648
THIS MUST NOT BE CARRIED IN THE INSURED MOTOR VEHICLE FOR PRODUCTION UPON DEMAND
To report a claim: 1-800-280-1486
When an accident occurs, collect the following
Name and address of each driver, passenger and witness
Name of insurance company and policy address for each other vehicle involved.

UNITED STATES DEPARTMENT OF COMMERCE
Economics and Statistics Administration
U.S. Census Bureau
Washington DC 20233-0001
OFFICE OF THE DIRECTOR

Bloomberg LP

A message from the Director, U.S. Census Bureau

About two weeks ago, the U.S. Census Bureau sent instructions for completing the American Community Survey to your address. We asked you to help us with this very important survey by completing it online. But we have not received your response yet.

If you have already completed the survey, thank you very much. If you have not, please complete this survey soon using ONE of the following two options:

Option 1: Go to **https://respond.census.gov/acs** to complete the survey online.
Option 2: Fill out and mail back the enclosed questionnaire.

This survey is so important that a Census Bureau representative may attempt to contact you by telephone or personal visit if we do not receive your response.

The information collected in this survey will help decide where new schools, hospitals, and fire stations are needed. The information also is used to develop programs to reduce traffic congestion, provide job training, and plan for the health care needs of the elderly.

The Census Bureau chose your address, not you personally, as part of a randomly selected sample. You are required by U.S. law to respond to this survey. The Census Bureau is required by U.S. law to keep your answers confidential. The enclosed brochure answers frequently asked questions about the survey.

If you need help completing the survey, please use the enclosed guide or call our toll-free number (1-800-354-7271).

Thank you.

Sincerely,

John H. Thompson
Director

Enclosures

Table 4 Test Set Keypad Controls and Indicators (Cont'd)

Key	Description
RCL Key	The RCL (Recall) key is used for the storing and recalling of repertory dialing numbers. See the Function Special Dialing Numbers Section.
FLASH Key	The FLASH (Hook-Flash) key is used to interrupt loop current for a timed duration. The FLASH key only operates when the test set is off-hook. When pressed, the FLASH key will interrupt loop current for the programmed hook-flash duration. See the Hook Flash Duration Section.
LNR Key	The LNR (Last Number Redial) key is used to redial the number most recently dialed. See the Last Number Redial Section for more details.
PAUSE Key	The PAUSE key is used to insert a timed pause into a stream of dialed digits. The PAUSE key is commonly used in combination with stored dial numbers that will be dialed out through a PBX. The duration of the pause is user programmable. See the Pause Duration Section.
STORE/PROG KEY	The STORE/PROG key is used for storing speed dialing numbers and for programming special test set functions.
TONE/PULSE KEY	The TONE/PULSE key is used to switch between tone and pulse dialing. The TONE/PULSE key is only active when the test set is off-hook. Any time the test set goes off-hook it is automatically set to tone dialing. Once off-hook, pressing the TONE/PULSE key will change the dialing mode to pulse dialing. Pressing the key again will switch back to tone dialing.
TEST Key	The TEST key (see Figure 3) is used to perform three different tests. Two of the tests are performed when the test set is on-hook and one of the tests is performed when the test set is off-hook. The results of the tests are meaningful only if the unit's test leads are connected to tip and ring of a subscriber line. When the test set is on-hook, pressing the TEST key causes two tests to be executed. Both tests are performed simultaneously. When the TEST key is pressed, the test set will search for data on the telephone line. If the test set detects data, the data detect alarm sounds for about 3 seconds, letting the user know there is data on that particular line. If there are data, the test set sounds a brief confirmation tone indicating the test was run and no data was detected. Simultaneously, the test set will measure the DC voltage across Tip and Ring and will display by LED whether the voltage is high, low or normal. The indications provided by the test are described under Hi/Lo Voltage LEDs. The purpose of the test is to give the technician a rough idea of the DC voltage on the line. For example, the user runs the test expecting a normal battery feed of -48 Vdc on a particular line, instead the amber LED flashes, indicating the dc voltage is lower than a normal CO battery. This tells the user that they may be connected to the wrong pair and should do more further investigation to find out why the pair's battery is not normal. The FOL LEDs double as low loop current indicators. When off-hook and the TEST key is pressed, if the current reading is below 23 mA the LED corresponding to the line polarity will flash for 5 seconds. If the loop current is normal, the LED will light solid. Low loop current may indicate a problem on the line.
Light Emitting Diodes (LEDs)	All LED indicators are located on the keypad (see Figure 3) inside the recessed area.
MUTE LED	The MUTE LED flashes when the mute function is activated.
LOW/LO Battery LED	The LO BATT LED (low battery) (see Figure 3) flashes when the 9V battery is nearing the end of its life. The low battery LED will only become active in operating modes that use the battery.

Face down and align the arrow of this sheet with rear left corner of document glass.

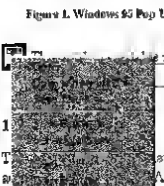
PDF INFO & TEST FILE

DOWNLOADING PDF FILES IN A WEB BROWSER

Windows 95 Users

To download the file from within Windows 95 using Internet Explorer, right click on the hotlink and a pop up menu will appear. Select the "Save Target As..." menu item and then you will be asked to identify a destination for the file on your local hard drive. When the file is fully downloaded, open it in the Acrobat Reader or Exchange program. If you want to view it within your browser, left click on the hot link.

Figure 1. Windows 95 Pop Up Menu with Right Click



Macintosh Users

The same general rules and limitations exist for Macintosh users as have been described above. To download the file to the hard drive, click and hold the mouse button down until a pop up window appears. Select "Download Link to Disk" (MS Explorer 4) or similar menu item, and then choose the destination for the file.

☒ Send Fax

1-855-330-1239

I can clear the code with my scanner and it lasts for 3-4 days until let it idle cold in the morning to scrape
the windows/remove the snow

I have an O2 sensor in the exhaust manifold on the same side as cyl 3, so it could be that one
Seems the cable from the sensor to the wiring harness is short and has no slack in it, so maybe there is an
intermittant condition due to the tension/vibration on the cable and connector
When the weather warms up a bit I'll check it out and report back

Finally got it fixed Took some time, but the passenger side head was cracked and the valves in all cylinders were a little bit burnt So for a few hundred bucks I had the cracked head replaced (came with new valves) and the others ground and re-seated Runs like a champ now

Troubleshooting Print Quality

Your WorkCentre 7800 Series Multifunction Printer is designed to produce consistently high-quality color prints. If you encounter print-quality problems, use the information on these pages to troubleshoot the problems. For detailed online support information, go to www.xerox.com/office/WC7800/support.

CAUTION: The Xerox® Warranty, Service Agreement, or Total Satisfaction Guarantee does not cover damage caused by using unsupported paper (metal sheets) or other specialty media. The Total Satisfaction Guarantee is available in the United States and Canada. Coverage can vary outside these areas. Please contact your local representative for details.

Paper Type

CAUTION: If you change the type of paper in the tray, change the paper type at the control panel to match the paper that you loaded. If you fail to change the paper type, it can cause print quality problems or cause damage to the fuser.

For best results, use only Xerox® media. They are guaranteed to produce excellent results on your WorkCentre 7800 Series Multifunction Printer. For information on supported paper types and weights, at the control panel press **Machine Status**, touch **Information Pages** > **Paper Types Print**. To order Xerox® paper or media, go to, www.xerox.com/office/WC7800/supplies.

For a complete list of recommended media for your printer, go to:

- North America: www.xerox.com/paper
- Europe: www.xerox.com/europaper

Solving Print Quality Problems

Use the following tables to find specific solutions to print-quality problems.

Note: The images displayed may vary from long edge feed prints. If you print short-edge feed, the print-quality defects are rotated 90 degrees. The images displayed are for reference only. Not all pages represented are printed.

Hi Donald

Please try sending outbound faxes from a spec Fc MFD to faxtoy.net (1 888-877 1655) then send the same page to one of the affected MFD's. We need to check if Inbound/outbound or all fax functions are impacted

Thank you,

SIGN UP SHEET

A Professional Development Seminar for Tow Operators

Controlling Labor Board Risks in the Towing Industry And Workers' Compensation Expense Control

The seminar speaker is Todd K Larrabee Managing Partner for Employer s Guardian LLC Todd has over 25 years of management and leadership experience, has managed in excess of 2 000 employees in multiple states and currently supports more than 50 tow companies throughout California meeting the compliance and performance challenges that face every employer in the tow industry The past two years have seen a major increase in claims of all types from desperate employees He believes that while Seminars that have been available once a year at the Western States Tow Show they are not reaching enough of the industry

Aaron Smith, Director of Risk Management and Partner will join in to address best practices and *real* world strategies for controlling costs related to safety in the workplace. He has over 12 years experience as a Certified Safety Professional (CSP) and Human Resource Executive. Specialized in the towing industry he has a proven track record of improving/controlling profitable Ex Mod rates and assisting his clients with turning worker's compensation costs into a profit center He has helped clients avoid countless dollars in OSHA violations through the implementation of aggressive and proactive risk management policies, and his experience in handling over 800 workers' compensation claims has proven to be an equally effective way for clients to minimize claim costs

Hail Mary:

Today begins the 90th Anniversary of the apparition of the Virgin of Fatima :

When you receive this email say a Hail Mary and ask for a special favor.

"Hail Mary, full of grace. The Lord is with thee. Blessed art thou among women and blessed is the fruit of thy womb, Jesus. Holy Mary, Mother of God, pray for us sinners, now and at the hour of our death, Amen.? (your request)

Please do not break the Novena , send it to 12 people you think deserve justice, peace, love, health, prosperity and truth. When you are down to nothing, God is up to something. This has heen traveling since 5/13/07!
